

Programming Sub-committee.  
18/8/85.

Dear Eric.....

Thank you for your participation in the AUSSIECON TWO programme. This letter will give you further details on the items on which you are appearing.

As will be clear we are running a very tight programme, and, in order to keep this running smoothly we would ask your cooperation in the following matters.

Please remember that we are running to academic hours, i.e. items finish ten minutes before their advertised finishing time. There will be day marshals whose job it will be to wind up items on time. Please try to get to the room in which your item is scheduled fifteen minutes before the item is due to start, and report to the panel moderator if your item is a panel item.

We hope that people on panel items will have the chance to meet before their items in order to discuss the items. Your panel moderator will have the unenviable job of trying to get the panel together for this discussion. To make this task easier, we are requesting that you leave us information on how to get in touch with you. This information will be held only by the members of the programming sub-committee, who will pass moderators' messages on to you either by a phone call if you are not staying at the hotel, or a written note at your hotel registration desk.

Please keep an eye on the convention news-sheet for further changes in the programme. We hope that there won't be many.

If you have any trouble locating your panel, or with getting to your panel, please notify either your panel moderator, a day marshal, or the programming sub-committee person on duty. All committee members on duty will be wearing yellow AUSSIECON TWO windcheaters. Even if the person wearing the windcheater isn't a day marshal or a member of the sub-committee, they will be able to direct you to someone who is. The duty persons are:

Thursday and Sunday - Mark Linneman  
Friday - Mandy Herriot  
Saturday and Monday - Cath Ortlieb

Thank you for your help. We hope that you enjoy your items and the rest of the convention.

The details of the items with which you are involved are on the other side of this sheet.

HOME COMPUTERS Thursday 4-00 - 5-00pm, Sheraton Banq, Moderator Marc Ortlieb, with Neil Kaden, Damien Broderick, Clive Newell & M.Coleman Easton
