#1, Thursday evening

## Welcome and Patience, Please

Hello! Welcome to — Chicago, Chicon, and this zine. We apologize for the lateness; we have had technical difficulties. By about issue 3 (#8 at the latest), they should be solved, so please bear with us . . .

## Party Hosts:

The Hyatt does not want carts on the main elevators. Please use the service elevators. It is also OK to use the service corridors.

You are probably aware that no hotel in the world has sufficient ice machines to handle our load. We have made arrangements with the Hyatt to sell bags of ice in Skyway 261 from 4 PM to midnight each night. Cost is \$3 for a 25-pound bag. (The pocket program has a different size and cost — this is what the Hyatt actually got when they placed the order.) This is about what you would pay for ice in a grocery store.

The Swissotel is enforcing corkage. They (as of now) will not bother guests who have party supplies in their rooms, but if they see anyone bringing in party supplies, coolers, etc., they will confiscate it for the duration or charge corkage.

The Hyatt wishes to remind people that signs are not to be posted in elevators, on walls, etc. If you are advertising a party, please use the party board on the Concourse level, and/or submit a notice to this newsletter.

## Food Guide

The official Chicon V Food Guide is available at the information desk (by con registration) upon request. Bon appetit!

## Committee and Staff:

Each department has a mailbox in Skyway Room 272. You can pick up messages there. You can also leave messages there for committee and staff only.

The Committee Den, room 370, is open to holders of green and blue badges, 10 to 2 AM. People going to the den may bring one guest each. If you hold a Sven ticket, you must sign up for a time slot, and you must show up on time!

## Resnick Signing

Mike Resnick will be autographing *Stalking the Wild Resnick*, which contains two Hugo-nominated stories, Friday 3 to 4 PM at the NESFA Sales table in the Dealers Room.

## Noreascon 3 Memory Book

Available to all supporting or attending members of Noreascon in the West Tower Exhibit Area near MagiCon, Thursday-Sunday Noon to 4 PM.

## Confiction

If you were a supporting or attending member of ConFiction (1990 in den Hague) and didn't attend, you can pick up your Souvenir Book in the West Tower Exhibits Area (near ConFrancisco).

## Motions Before the Business Meeting

### Shrink the Debate Time

Maker: anonymous  
The amount of time any one individual may speak in debate at the Worldcon Business Meeting (including any preliminary meetings) will be limited to the lesser of 1 hour in any given year, or ten hours cumulative lifetime total. This lifetime maximum will apply retroactively, the Business Meeting to decide when the limit has been reached.

### Incorporation of the World Science Fiction Society (WSFS)

Maker: J.R. Madden  
Since the membership of the annual Worldcon and the operating budget has grown to its present size beyond the wildest dreams of the earliest fans,

Since each Worldcon committee is an incorporated body independent of WSFS and therefore handles its profit/loss without direction from WSFS,

Since the lead time for booking suitable facilities for the Worldcon now exceeds five (5) years in some cases and may likely increase,

Since control of Worldcon funds by WSFS from year to year may permit "locking in" facilities further in advance,

Since a repository of expertise is desirable,  
Since an "archive" of historical material relating to the Worldcon exists and should be preserved,

Since the registration and protection of trademarks would be facilitated,

Since local committees would be required to "bid" for and operate the annual Worldcon,

So, a committee shall be appointed and shall be charged with the incorporation of the World

Science Fiction Society (WSFS) as a non-profit, literary society for the promotion of science fiction and the oversight of the annual World Science Fiction Convention (Worldcon). Such a corporation shall have a board of directors elected by the paid membership of WSFS and shall be empowered to hire, lease, contract for, purchase such personnel, equipment, and services necessary to the administration of the Society.

**Partiers' Rights Amendment**

Maker: Richard H.E. Smith II  
 Moved, to add to Section 4 of Article IV of the WSFS Constitution the following sentence: "The Business Meetings shall not be held before noon nor after 8 pm local time."

**Calling the Hugo Award the Hugo Award**

Maker: Mark Olson  
 Replace the remainder of the usages of "Science Fiction Achievement Award" in the WSFS Constitution with "Hugo Award."

WSFS's awards are known universally by the name "Hugo Awards" except in about half of the WSFS Constitution where the term "Science Fiction Achievement Award" is used. (The rest of the WSFS Constitution also calls them simply the "Hugo Awards.") The term "Science Fiction Achievement Award" has neither current nor historical significance, nor have we been able to gain service mark protection for the term as it is deemed to be merely descriptive. Therefore:

Moved, to amend the WSFS Constitution as follows:

(1) change Article I, Section (2A) to read:  
 To choose the recipients of the annual Hugo Awards.

(2) in Article I, Section 7, omit the words: "Science Fiction Achievement Awards,"

(3) change the title of Article II to "Hugo Awards", and change Article II, Section 1, to read:

Selection of the Hugo Awards shall be made as follows in the subsequent sections of this article.

(4) change the last sentence of Article II, Section 15, to read:

Awards created under this section shall be considered to be Hugo Awards.

**Son of Daley Planet, the Chicon V** newszine, will appear Thursday evening, twice daily Friday, Saturday and Sunday, and Monday morning. The newsletter office is in Skyway room 285 of the Hyatt, phone extension 5285. However, we cannot take party announcements, or any news except earth-shattering information from Chicon management, by phone. Parties will be listed in the evening issue each day. Come by the office and fill out an Official Bureaucratic Party Form.

**Deadlines** are 10 AM for morning issues, and 4 PM for evening issues. Distribution times are planned for 1 PM and 7 PM, and will be found near the Information desk and on the freebie table near the Con Suite.

**S.O.D.P. Staff**

Boss: Seth Breidbart  
 Ventura Ninja: Monica Stephens  
 Illogistics: Steve Jackson  
 Magic Fingers: Adina Adler  
 Aardvark-at-Large: Ross Pavlac

and also moved, to direct the Mark Registration and Protection Committee to cease protecting the mark "Science Fiction Achievement Award".

**Splitting distribution of the Hugo Rules from Pending Business**

Maker: Mark Olson  
 A timely distribution of the Hugo nominations ballots at the beginning of the year should increase participation in the nomination process. Unfortunately, the WSFS Constitution currently requires that the entire Constitution be distributed with the nomination ballot. If a Progress Report happens to be scheduled at the beginning of the year, this is no problem, but if the Worldcon committee wants to do a first class mailing of the ballot, this requirement may add significant cost since the inclusion of the entire Constitution can push the weight of the mailing above an ounce, and since printing and collating loose sheets is often more expensive than including them in a PR.

This motion retains the requirement that both the Constitution and the Hugo nomination ballot be mailed to all members, but permits the Worldcon committee to sever their distribution when appropriate.

Moved, to replace Article IV, Section 10, of the WSFS Constitution by "The Constitution of WSFS, together with an explanation of proposed changes approved but not yet ratified, and the Standing Rules shall be printed by the current Worldcon Committee, distributed to all WSFS members at a point between nine and three months prior to the Worldcon, and distributed to all WSFS members in attendance at the Worldcon upon registration.

And also moved, to add after the first sentence in Article II, section 18, the following:

The Committee shall include with each nomination ballot a copy of Article II of the WSFS Constitution.

**Hugo Fanzine Proposal**

Maker: Saul Jaffe  
 Moved to amend the WSFS Constitution as follows:

1. Replace Article II, Section 11 with:

Best Fanzine: Any generally available non-professional publication in any medium or form or any combination of media or forms devoted to science fiction, fantasy, or related subjects which meets the following criteria shall be considered for an award: (1) has published at least 4 or more issues, at least 1 of which appeared in the previous calendar year, (2) has continuity as to title, (3) has each issue contain a volume number or issue number, assigned by the publisher where said numbering continues in regular sequence, (4) does not, either singly or when successive issues are put together constitute a work which would be eligible for an award under Article II, Sections 2-5 or Section 10 (5) has some editorial control over content and format, and (6) provides a postal address, telephone number or alternative method of contact for requesting of information or subscriptions.

2. Replace the words "non-professional publication" in Article II, section 10 with "non-professional publication in any medium or form or any combination of media or forms that meets the criteria in Article II, Section 11".

3. Replace the words "press run" in section 10, with "circulation".

4. Replace the last line of Article II, Section 8 with: "A professional publication is any publication in the science fiction, or fantasy genres, in any medium or form or combination of media or

forms which appeared in the previous calendar year, has a circulation of at least 10,000 copies and paid its contributors and/or staff in other than copies of the publication."

**Constitution Passalong Requirement**

Maker: Ben Yalow  
 Moved: To amend Article IV, Section 10 by adding the following sentence:

Within two (2) months after the end of each Worldcon, the Committee shall send a copy of all changes to the Constitution and the Standing Rules, and all items awaiting ratification, to the next Worldcon Committee.

Discussion: This gives a deadline for the information that the next committee needs if they are to follow the rest of the requirements in this section.

**Electronic Fanwriting Hugo Eligibility**

Maker: Patrick Nielsen Hayden  
 Moved: To amend Article II, Section 12, by adding the words:

"or in generally available electronic media" at the end of the section.

Discussion: This would make eligible fanwriters whose work appeared not only in fanzines or semiprozines, but would expand it to include fanwriting that had appeared in the electronic media, including the Internet, Usenet, and pay services such as CompuServe, GEnie, and Prodigy.

**Enough Is Enough**

Maker: Donald E. Eastlake, III  
 Moved, to amend Rule 5 of the Standing Rules for the Governance of the WSFS Business Meeting by replacing "Six (6)" with "Five (5)" and "one hundred (100)" by "two hundred (200)".

Explanation: With today's attendance, 100 copies is just enough to go around when a longer motion is handed out at the Business Meeting. On the other hand, for shorter motions, it is not clear why you need six copies. One each for the Presiding Officer, Secretary, and Parliamentarian (if there is a Parliamentarian) is reasonable. Possibly one is needed for the Time Keeper and the Deputy/Assistant Presiding Officer (if there is a Deputy/Assistant Presiding Officer) but all that only adds up to five.

**Parties for Thursday**

Party-goers will note that parties are listed by hotel (and tower where appropriate), and from higher floors to lower. There is a reason for this. If you take the elevators to the highest floor you want and then walk down, you decongest a lot of elevators! And you meet the most interesting people in stairwells...

## Official Dana Siegel Thursday Night Party Report (accept no fakes)

While I've heard that Wednesday night had a few parties, I wasn't at any of them, and therefore can't comment.

General remarks pertaining to all of Thursday's parties: Hot, hot, hot and stuffy. I wish I could offer some helpful suggestions to cool them off, but I can't. At least they weren't smokey, too. Maybe with more parties scheduled for tonight, they'll all be cooler. I certainly hope so. Also, important notice: Since the elevators work so badly, please take the elevator up to the highest party floor in each tower and WALK down. There were some great stairway parties last night, and there are sure to be even better ones the rest of the con.

Drum roll . . . Last night's best-of-party winner is (the envelope please) . . . (expectant pause) . . . Louisville in '94. I fell in love with the decorations. Someone (or several someones) spent hours putting them up, and they were worth every minute of it. It is a good example of creativity generating a great party mood. The food and drinks were also worth a second visit. The winner in the best-of-drink category is Glasgow in '95. I loved the smell of the room — and I don't even drink Scotch (unblended or not) — and I gather that people who do drink Scotch were in Heaven. The only other places I've ever been that smelled like that room were the distilleries I visited in Scotland. There should have had a large warning sign posted at the door. Keep away from open flames.

Notes on other parties last night: The Winnipeg party I couldn't enter because of the overwhelming smell of cooking food; and I got sick in the Atlanta party watching someone repeatedly stick her fingers into the meatballs and lick them off. Ugh.

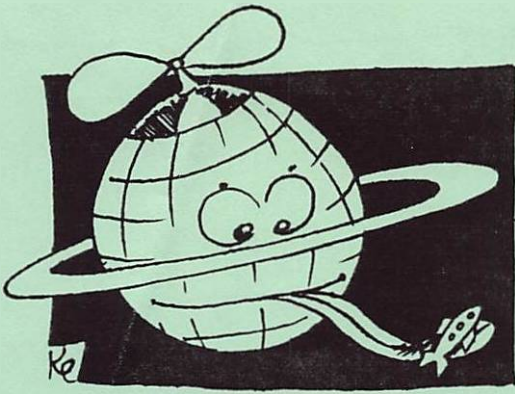

Son of Daley Planet, the Chicon V newszine, will theoretically appear Thursday evening, twice daily Friday, Saturday and Sunday, and Monday morning. The newsletter office is in Skyway room 285 of the Hyatt, phone extension 5285. However, we cannot take party announcements, or any news except earth-shattering information from Chicon management, by phone. Parties will be listed in the evening issue each day. Come by the office and fill out an Official Bureaucratic Party Form.

Deadlines are 10 AM for morning issues, and 4 PM for evening issues. Distribution is planned for 1 PM and 7 PM. Copies may be found near the Information desk and near the Con Suite.

Also, volunteers are needed for "appointed observers" for Australia and Japan. Contact Don Eastlake III if you're interested.

## Winnipeg Wins!

Winnipeg will host the 1994 Worldcon, to be held September 1 through 5 at the Winnipeg Convention Centre. The Guests of Honour will be Anne McCaffrey, George Barr, Barry B. Longyear and Robert Runte.

The Winnipeg Worldcon will be called CONADIAN. This is the first Canadian Worldcon in 21 years; the last one was Torcon II in Toronto, in 1973.

The vote total set a record: 2,107 votes. 1,012 were cast for Winnipeg, 957 for Louisville. Of these, 719 were mailed in, and 1,388 were at-con.

Due to the marathon vote count (ending at 9:15 Sunday — 14 hours of counting) the membership conversion table may not be set up until Sunday afternoon. It will, however, be open for long hours Monday; it will be located in the West Tower, in the same place that the votes were cast. Anyone who voted has a supporting membership. Cost to convert to attending (following rates good until December 31, 1991) is \$40 US/\$50 C for non-pre-supporters, \$35 US/\$40 C for pre-supporters, \$30 US/\$35 C for carded pre-supporters, and 0 for Friends. Patrons have an attending membership even if they did not vote. For non-voters: Attending memberships are \$60 US/\$70 C for non-pre-supporters, \$55 US/\$63 C for pre-supporters, and \$45 US/\$50 C for Friends. Supporting memberships are \$25 US/\$30 C. Children's attending memberships:

## Masquerade Prelims

Here are the three top winners; more extensive coverage of the awards will be in the next edition.

Judges Choice: #120: The Lover of Mirrors  
Peoples Choice: #129: Octopus' Garden  
Best of Show: #129: Octopus' Garden

## Name Correction

In SoDP #3 we reported one of the winners of the Glasgow Raffle as Dan Fox. His name is actually Den Fox. Sorry, Den!

## Thank You

Thank you to all those gophers and the staff who worked so hard at the masquerade last night. If you need your gopher sheet signed please come to: Addams Suite, 3rd Floor, West Tower, between 1 and 3 PM. Thanx.

The newsletter staff would like to thank the individual who took it upon himself to distribute the zine last night (and other nights?) to all the parties!

\$25 US/\$30 C (Children must be under 12 as of September 1, 1994, and must be under constant supervision by a parent or guardian). I.A.O. (Inanimate Object) memberships don't get to vote and cost the same as children's; excess funds go to the Illuman Society.

Winnipeg will host a party tonight, probably in room 2274 but check the party board. This is purely a thank-you party; conversions will not be taken. However, volunteer forms will be available!

The con chair is John Mansfield; secretary-treasurer is Suzan Beaulieu; facilities person is Bruce Farr; registration chief is Mike Hanchuk. For more information about Conadian, the main address is PO Box 2430, Winnipeg, MB R3C 4A7, Canada. In case of postal strikes, a secondary address is CONADIAN, PO Box 7111, Fargo, ND 58109, USA. Faxes can be sent to 204-942-3427.

Dealers should write to Greg Ketter, 1309 4th St. E., Minneapolis, MN 55414, USA. For masquerade information, write Barbara Schofield, PO Box 784, Adelaide St. PO, Toronto, Ontario M5C 2K1, Canada. For publication ad rates, contact Terry Fowler, 301-9180 Halston Ct., Burnaby, BC V3N 4L8, Canada.

Quoth Mansfield, "We're looking forward to hosting you all in Winnipeg... French text to follow."

## They Found It!

Found! Lost and Found Box. Please disregard previous notice. (It was here all the time). (Where did they put it when they found it?)

## Nomination

(anonymous submission) For the Craig Miller Zimbabwe Admiral award mentioned on page 4 of the pocket program, I nominate Dave Kyle. He has at least six ribbons and the ribbon he likes most is the Chicon I participant ribbon.

## Vital Statistics

Volunteers staffing the Con Suite report that Saturday's pizza party was very popular with the fans. Attendees ate, in a period of 6 minutes, 18 pizzas, 3 cardboard boxes, and 5 human hands.

## Announcement

Did you know that the Stevens Restaurant has Gopher Burgers?

## Red Chief Ransom

The Childcare staff (Swissotel, 4th floor) desperately needs activity leaders. They have paper, crayons, modeling clay, etc. The work involves reading to (or playing with) a table of children, ages 4 to 12, for an hour. No sign-up required. Payment is in love and affection.

## Elevator Parties

In an attempt to alleviate the elevator congestion that can occur during the evenings, the Services Division requests that members not fill elevators completely. If space is left for others, the crowds should move more easily and get people to and from parties more quickly.

## More Thanks

Thank-yous for great elevator fandom go, first, to the group of people who gave up their places in the ~~Hyatt~~ elevator to a fan in a wheelchair . . . and, second, to the people who volunteered to help carry a baby carriage downstairs so it wouldn't take elevator space.

## Hugo

Remember, the ceremony will be broadcast tonight on the Hyatt's in-house TV channel (channel 4), beginning at 9 PM.

## Flyer Comments

The funniest things on the convention flyers tables have got to be the "Bhoskone XXXX" and "Snoreascon 4" hand-outs. Don't get me wrong. The most charming fans I know (outside Minneapolis) hail from Boston. Nevertheless, "The New England Hegemonic Science Faction Authority" and "Massachusetts Coercive Fiefdom Incorporated" seem to be dyspeptic fringe hordes whose cut-to-the-bone parodies of NESFA had me laugh out loud.

Remember, if it looks like a Satirical Anti-NESFA Hoax Pamphlet, it is a Satirical Anti-NESFA Hoax Pamphlet. Man, I thought Mini-con politics were an ugly scene . . . (submitted by Karen Cooper)

## Time Machine Needed

Joe Nickence, working at the Information Desk, is looking for a person with a time machine so that he can catch up on all the good panels, programs, and parties he has missed. Anyone interested, please materialize at Information. (We have one, but fast forward and reverse don't seem to work.)

## Minority Program Ideas Wanted

MagiCon is looking for Blacks, Native Americans, Hispanics and Asians to participate in Cross-Cultural Programming at next year's Worldcon. This program track will feature minorities discussing their own cultures in relation to Fantasy, Science Fiction and Fandom. If you have an idea for a program item, or wish to be on programming, please contact Amy Thomson, via the Voodoo Message board, or after the con at 4014 Latona Ave N.E., Seattle, WA 98105, USA.

## Book Recommendation

The **Bakery Men Don't See** is available at Dreamhaven Books and 20th Century Books in the Dealers' Room for \$10. A critic notes, "Eileen Gunn's recipe for Ideologically Labile Fruit Crisp alone is worth the price of admission!"

## Restaurant Recommendations

Stevie B's Rib Cafe (2623 N. Halsted — about 15 min./about \$8.50 cab ride). Good, friendly, unpretentious neighborhood barbecue joint (Chicago style). \$10-15 for more good ribs than you want to eat. (recommendation submitted by Morris Keesan).

Amy Thomson says that the food at Sayat-Nova (157 E. Ohio — about a 10-minute walk from the hotel) is like Middle Eastern cuisine from an alternate reality — trust her, it's good. Phone 644-9157.

## It's a Girl!

Gary M. Williams, Southern artist, and Elizabeth Williams announce the birth of Kyra Elizabeth in Kingsport, Tenn., on August 29 at 5 PM. Kyra weighs 9 lb, 12 oz. Mom and daughter are doing fine. Gary and Liz run the Art Show for GenCon in Milwaukee.

## Chicago Writer's Group

Anyone interested in starting a writer's group in the South and Southwest Suburbs? Contact Fred Aiken via voodoo message board with your name, permanent address and telephone number.

## Biggest Patchwork Quilt

Would you like your name embroidered on the Biggest Patchwork Quilt in the World? This quilt is being made by the Center for Embroidery, Fashion and Textile design in England, and will be made up of many smaller quilts, most with a theme — e.g., the arts, media and so forth. The quilt will consist of over a million patches, each with a signature embroidered on it, and will be split into the smaller quilts which will be auctioned in London.

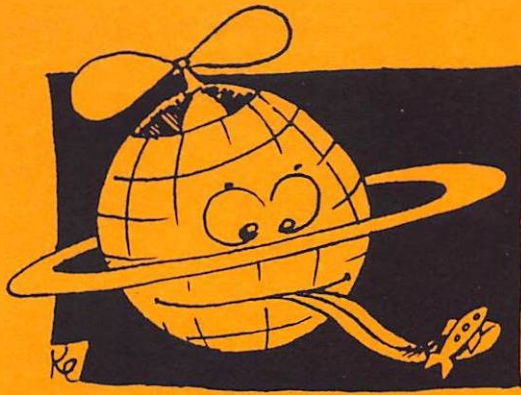

A donation of \$10 will get your name embroidered on the quilt. All money raised is going to support children's cancer units at major hospitals. Please contact Elise or Ken Mann, Hyatt room 3084, for further information.

## Pirates of Fenzance

The fans have spoken . . . and Baltimore listens. The Baltimore in '98 bid will have a theme of "Pirates of Fenzance." Year and theme were chosen by balloting at Friday night's party.

## Site Selection Diary

Saturday, 18:00 — Site selection closes. All people in line at 6:00 PM were allowed to vote. Mr. Standlee "capped" the line with the assistance of Mr. Tom Stern.

18:30 — Site selection cleaned up. Tellers given an hour for dinner before counting begins.

19:30 — Committee repaired to the counting room, along with Mr. Yale Edeiken, who assisted with initial setup.

20:30 — With all anticipated procedural and technical questions answered, validation of the ballots commenced. Mr. Edeiken, possibly anticipating what was to follow, leaves.

Next few hours — At some point, the Chicon board called to ask when we would be done. Committee enjoys a good laugh and orders pizza.

Sunday, 02:13 — The Chicon Board of Directors called down again to ask if we were done yet. Committee laughs again and sends out for coffee and sodas.

05:54 — Observing that the sky outside was beginning to brighten, Mr. Martin ordered the curtains drawn to protect the privacy and secrecy of the tallying.

06:22 — The committee of tellers recommends the adoption of the following motion: "Resolved, that the Business Meeting recommends that all future Worldcons adopt the practice of validating site-selection ballots as they are received, rather than after site-selection balloting closes." Passed by sleepy acclamation.

06:27 — Finished validating ballots. Declared "Wimpy Zone" dead. Ordered breakfast. Passed the time waiting for food to be delivered by counting the write-ins, none-of-the-aboves, no preferences, etc.

07:08 — Food arrived. Recessed to eat, sent waiter back for more orange juice and Rick's eggs over-easy, which had been forgotten.

07:30 — Observed that we had now been in here for 12 hours and hadn't been able to count the major candidates yet.

07:45 — Covert observed, "It's going to be an interesting business meeting. We haven't voted on stuff like this in years, if ever."

07:45 — Began counting Louisville's ballots.

08:15 — Began counting Winnipeg's ballots. Adjusted results to account for ballots filed in the wrong bundles.

09:06 — Finalized results. All present agreed that tellers' report was accurate and reflected the will of the electorate.

09:10 — Cleaned up and adjourned.

## Masquerade Note

The lighting at the ceremony was being handled by union workers, not by fans. Any problems were thus the unavoidable byproduct of professionals at work.
