CHAIRS' MESSAGE

THE NIGHT WATCH was quiet on the good ship CoNZealand, when completely unexpectedly, a black hole appeared on the navigation screen. As the event horizon greedily grabbed at all that ventured too near and fed it to the hungry singularity, great clanging alarms and flashing warning lights alerted the crew.

The course of the CoNZealand veered away from danger and into uncharted territory. A sturdy ship with a doughty crew, the CoNZealand continued with its mission, now spiced with the excitement of first contact with new planets and new civilisations!

We the bridge crew of CoNZealand hope you are well and safe. We continue to work to manifest a Virtual CoNZealand from New Zealand, to the world.

We have been contacted by fans around the world offering to set up social nodes in their local areas. We thank you for that, and as CoNZealand approaches, we will see what the

“social gathering” policies are and announce where social nodes are gathering to celebrate together.

We are still in the early stages of working out the computing and bandwidth requirements for our Virtual Worldcon. We will let everyone know as soon as we have solid information on the specifications you will need to take part. We

are very aware that not everyone has the same equipment or internet connections, and we will let you know as soon as we have accurate information on requirements.

As we have said before, please look after one another, and stay in touch. Let's concentrate on being kind to one another and helping each other through a very difficult time.

We hope you can join us as CoNZealand Boldly Goes There and Back Again, Where No Worldcon has Gone Before.

VIRTUAL WORLDCON

CoNZealand is making history, as it becomes the first ever Virtual Worldcon, in response to the global pandemic.

The strong belief that we can put on a great Worldcon has led us to the decision to make CoNZealand a virtual convention. Our Tech Division is confident they can deliver a virtual Worldcon and are excited about the possibilities.

We are standing by our decision not to cancel, but in consideration of the health, safety, and wellbeing of our members and crew, we think that holding a large face-to-face event, even if it were possible, would be irresponsible.

State of the Con

We have been working full steam to prepare for the first Virtual Worldcon, and we are pleased to announce a collaboration with The Fantasy Network to bring CoNZealand to an interactive, virtual platform. From panels and streaming video to informal hangouts and late-night networking, the virtual convention aims to provide members with the most fun that they can have at a convention from their home.

In addition to collaborating on creating and hosting the virtual platform, after the convention The Fantasy Network will host selected video-on-demand streams from CoNZealand on the web and in their iOS, Android, and Roku applications in a new Worldcon channel.

New Zealand Natcon

CoNZealand, as host of the 2020 New Zealand Natcon is staying in close contact with the board of SFFANZ and the organisations will continue to work together with regard to CoNZealand's obligations as the organisers of the 2020 New Zealand Natcon.

Our Platform

We are still in the early stages of working out the computing and bandwidth requirements for our Virtual Worldcon. We will let everyone know as soon as we have solid information on the specifications you will need to take part. We are very aware that not everyone has the same equipment or internet connections, and we will let you know as soon as we have accurate information on requirements.

Future Updates

If you haven't already, please subscribe to our web news updates (you can find the sign up box on our website homepage). As we have said before, please look after one another, and stay in touch. Let's concentrate on being kind to one another and helping each other through a very difficult time.

MEMBERSHIPS

Participation in the virtual CoNZealand will require an Attending Membership.

An Attending Membership gives full access to all parts of the convention. Just like an in-person Worldcon, an Attending Membership is all inclusive.

- You will be able to attend all panels and events online OR in person at any official CoNZealand events in Wellington, New Zealand, or anywhere else in the world that may hold a simultaneous event.
- A souvenir book and any other official souvenir items will be shipped to you, unless you have requested no paper publications. Our standard policy is one souvenir book per household, but you can request extra copies be shipped to the same household, through our Registration site.
- We aim to ship the souvenir books to arrive before we start the convention, but we cannot guarantee the arrival time.
- You will be able to download a PDF of any materials.
- We do not plan on providing a physical or PDF programme guide, since the digital guide will be available on the convention platform.

Supporting Members will receive the normal package of the souvenir book and any other souvenir items they would have received as a Supporting Member.

Rates

Note that all prices and refunds are in New Zealand dollars.

Adult Attending Membership	\$300
Unwaged Attending Membership (NZ residents only)	\$150
Young Adult Attending (born in or after 2000)	\$150
Child Attending (born between 2005 and 2010)*	\$75
Kid-in-tow Attending (born after 2010)*	No Charge
Supporting Membership	\$75

*Please note that this constitutes a change of age to this membership type.

We will be offering refunds upon request from 1 May, 2020 through the website of the difference between what was paid for a membership and the new Attending rate. This applies to Adult Attending, Young Adult Attending and Unwaged Attending Members. For example, if you paid NZ\$400, we can refund you NZ\$100. We will provide full refunds on Child Memberships upon request.

We continue to ask that you consider not requesting that refund. Any money we have will go towards making this the best online convention ever. We are working hard to shift our Aotearoa Inclusion Initiative from providing memberships,

travel and hotel rooms, to providing required upgrades in hardware and internet services to fans who would not otherwise be able to attend our Virtual Worldcon. We are also working on providing a further charitable option for fans who wish to dedicate their refund to the aid of a New Zealand-based artist or writer who has been hit hard by the COVID19 lockdown. As a charitable society, any remaining funds will support fandom and future Worldcons.

Those who feel they can no longer attend the Virtual Worldcon may request to change their Attending Membership to a Supporting Membership of CoNZealand. You will still be able to vote for the Hugo Awards and for Site Selection.

All refund requests will be considered on a case-by-case basis. We have begun processing the refund requests we have already received. However, preparing for the number of refunds has required a significant effort and we are working as quickly as we can, so please be patient as we begin processing them. We will keep things moving as fast as we can.

The deadline to request a refund is 11:59 PM, Sunday, 14 June, 2020 (NZT). We will have released specifications for our platform before then, so you can make an informed decision.

PROGRAMME PARTICIPANTS

We are really excited about the things we will be able to do for and with our programme participants. The Programming Division is excited, enthusiastic, and full of ideas. Please feel free to contact us if you require advice regarding your computer, internet service, camera or microphone. We want everyone to enjoy their participation in this event.

As we get closer to the convention, please expect to hear from us regarding learning to use our platform and how it will all work. In the meantime, use your computer microphone and camera a lot with family and friends, in groups and one-on-one. There is nothing like experience to help with confidence in a virtual setting. Try Google Hangouts, Zoom, FaceTime and other online video conferencing platforms. They have many similarities.

CHANGING TRAVEL AND ACCOMMODATION

With the exception of the Doubletree, all of the convention block hotels have agreed to allow reservations, even otherwise non-cancellable ones, to be cancelled without penalty, assuming it's done at least 60 days in advance.

Some of them are automatically cancelling all reservations within the group block, while others are not. But, in either case, you can individually cancel your reservation by contacting the hotel as specified in your confirmation, and asking them to cancel your reservation.

Since the reservation information is between you and the hotel, the convention generally doesn't have access to the reservation, so we cannot cancel it for you, although, in the cases where the hotel is cancelling all the rooms in the block, your reservation will eventually be cancelled even without your contacting them, but it may speed up the process if you cancel the reservation yourself.

We also recognise that you will need to cancel your airline reservations. Since CoNZealand was not involved with this, we have no advice to give on how to recover any money paid to your transportation provider(s). We note that the airlines all have different rules on cancellation due to the virus and government restrictions, and those rules are constantly changing. All we can suggest is that you stay in touch with your carrier, and see what can be done to recover funds paid.

QUESTIONS AND ANSWERS

Will programming now run 24/7?

While it's our aim to make some programme items available 24/7 during CoNZealand, "live/interactive" programme items will be constrained by resources, including how many additional staff we can train up to manage the online meeting spaces. The Programme Division intends to start by focusing on New Zealand hours, with the option to expand upon those hours as we are able.

Why have you cancelled Worldcon? Covid-19 will all be over by then...

Worldcon has not been cancelled; but in consideration of the health, safety, and wellbeing of our members and crew, we think that holding a large face-to-face event (even if it were possible) would be irresponsible. This decision was not taken lightly. The con Committee considered three choices— to move the date of CoNZealand, to cancel it completely, or to take it virtual. Of the three, the last was deemed the option that provided the best certainty about being able to deliver a 2020 Worldcon while still having time to make plans. We ask for your support as we move towards creating the first ever virtual Worldcon.

What about the Hugo Awards? How will they be awarded if there's no ceremony?

The Hugos and Retro Hugos will be awarded; however, we may have to get creative with the awards ceremony! It's too soon to know what this will look like. But the Finalists have been announced!

I've been working on my masquerade entry all year. This is so disappointing.

We hear you, we are very sad not to see it here in New Zealand too. We will be looking at what innovative ways we can hold a masquerade, so stay tuned for more info as we progress.

What about the Guests of Honour and Toastmaster, will they still be involved?

We very much hope so. We've been in touch with them to keep them updated on the situation, and will continue to talk with them to find out how they can be involved virtually.

Why can't the dates be changed to later in the year?

We are constrained in the ability to move the con by the timing of other events that have booked the venues. It might be possible to move it to the end of 2020 or the beginning of 2021, but that would put undue pressure on fans to travel to two Worldcons too close together, and there is no certainty about whether there would be another wave of illness.

Why can't the dates be changed to next year?

The site of the 2021 Worldcon was voted on last year. It will be taking place in Washington DC, 25-29 August 2021. Planning for this started in 2017.

Why don't you just put in a new bid for 2023/2024 etc?

The people behind CoNZealand have been working on this since 2010, and do not necessarily have the time or the energy to continue working on it for another three or more years beyond 2020.

A new bid would ideally require an entirely new bid team, with an entirely new proposal. There are already three bids on the table for 2023, as well as one for 2024 and one for 2025, and all of those bid teams are well underway with their planning. The full list of bids for future Worldcons can be seen at: www.worldcon.org/worldcon-bids/

Will T shirts for the virtual convention be on sale?

Yes, we are looking into this currently. Further details on how to purchase and shipping information will be provided once we have more information.

Will there be day passes or such?

At this point we are unable to advise if there will be day passes. We will provide more information on this closer to the event.

How will panels be formed? Will NZ/AU authors still have a voice?

We are working through this process, but we fully intend that NZ and Australian authors will have a strong voice at CoNZealand.

Could there still be a smaller gathering in Wellington for those able to get there (provided lockdown is over) along with the virtual con?

It very much depends on how New Zealand's response to the COVID-19 issue continues to evolve, but our hope is to have some sort of local gathering in Wellington — at some point!

How will time differences be considered?

Carefully! We expect to have panels recorded and available in a time-shifted format. We hope (depending on resources) to have different time zones able to contribute throughout.

Do you think many of the authors will attend this virtual con?

We certainly hope so. Since announcing the intention to make CoNZealand a Virtual Worldcon, we've had a very positive response from the community.

What about cosplay?

We are thinking hard about this. Showing costumes online is possible, or perhaps we'll get even more creative and look at how people are decorating their own space during Worldcon.

People are likely to expect to see the panelists and I don't have a webcam. How will that be addressed? Will I simply be ruled ineligible for that reason?

So long as you have a microphone so you can be heard, then you will be able to take part. We will have instructions on how to upload a still image to the platform software, so you can have a nice image of yourself. However, we would point out that almost any modern phone has a camera and will be able to connect to our platform. Also, webcams are almost without exception incorporated into laptops. And buying a separate webcam for your computer is generally cheap.

Will there be a Souvenir Convention Book?

Yes! All supporting and attending members who have not opted out of receiving paper publications will receive a print copy of the souvenir book.

By default we will send only one copy to each mailing address. Please visit the Registration site if you require multiple copies at your address.

If you want to receive a print copy of the souvenir book, please make sure you have not selected "No paper pubs" by checking your membership preferences at members.conzealand.nz.

KIA ORA!

Even if you can no longer come to Aotearoa New Zealand, you can still experience some of our culture. Why not incorporate some Māori words and phrases in your online communication?

Kia ora is a friendly greeting you'll hear throughout Aotearoa New Zealand that comes from the indigenous language, te reo Māori.

With the warm, welcoming tone of this simple, everyday phrase, you can say hello, express gratitude, send love and make a connection.

In its simplest form, kia ora means hello. But these two little words have a deeper beauty that signifies much more than just a passing greeting. In its literal sense, 'ora' refers to a state of 'being alive'; add 'kia' and 'ora' becomes 'living' rather than 'alive'. So when you say kia ora to someone, you are wishing the essence of life upon them.

In Māori culture it's really important to acknowledge a person.

"By using the words 'Kia Ora' we acknowledge not just them, but everything about them including where they come from and who they come from," explains Māori kaumatua (leader) Arekatera Maihi of Ngati Whatua ki Orakei.

Although the words' origins are steeped in history and meaning, kia ora is used as an informal spontaneous greeting throughout New Zealand, and you will hear everyone from the Prime Minister to the supermarket cashier using it in day-to-day conversation.

Locals enjoy hearing visitors use 'kia ora' too, as it's a great way to connect with this land and people.

Some common Māori words and phrases

Kia ora – Hello, thank you, cheers

Ka kite anō – See you again

Kei te pēhea koe? – How are you?

Kei te pai! – I am good!

Ko wai tō ingoa? – What is your name?

Ko ahau – My name is

Haere mai – Welcome, enter

Mōrena – Good morning

Manuhiri – Guests, visitors

Kai – Food

Aroha – Compassion, tenderness, sustaining love

Haka – Chant with dance for the purpose of challenge

Mana – Authority, power; secondary meaning — reputation, influence

Taonga – Treasure

Tangata whenua – People of the land

Aotearoa – New Zealand, meaning land of the long white cloud

Manaakitanga – Respect for hosts or kindness to guests, to entertain, to look after

Haere rā – Goodbye

HELP WANTED

If you're interested in any of these roles, please contact our Volunteer Manager on volunteers@conzealand.nz

If you are interested in volunteering for other areas, take a look at our volunteer page here: conzealand.nz/conzealand-needs.

Executive Division

Festivities Area Head: Are you a great organiser? Know how to organise a great party? We are looking for a Festivities Area Head who will recruit and support festivity planners. Festivities are parties hosted by CoNZealand for the members of CoNZealand.

Virtual cons need fun gatherings, and there are some amazing festivities planned for CoNZealand, and this needs to be overseen by someone who loves a great party (and how to throw one on a tight budget). Festivities range from 100 to 2000 attendees.

Legal Area Head: Are you a lawyer? Would you be willing to deal with legal matters for CoNZealand? We are looking for someone with a good understanding of NZ and internet law to research and make decisions regarding licensing and other areas of compliance. There are just a few things that need doing, but they are of great importance.

Members Services Division

Access Area Head: What does Accessibility look like for a Virtual Worldcon and what access services should be provided? If you have experience with accessibility in an online environment, and the time, energy and willingness to contribute to building and running an online accessibility team, we need you!

Registrations Division

A volunteer for the **Deputy Division Head** and two volunteers to share **Data Administration** work are required. If you have previous experience with Registrations and Finance, we need you. General IT office skills and diplomacy are a must, as is the confidence to field enquiries from other divisions as well as members. Being in a different timezone would help to spread

the load and help us be more responsive but this is not a necessity.

Publications Division

US Print Coordinator and Distributor: Do you know a good print shop in your area? Are you (and your friends/family/crew) able to stuff about 2000 envelopes, and drop them at the post office?

We are looking for a US print shop for some of the souvenir books, as well as local help to send them to members in North America. If you can help, please contact
