

FOOD:

This is a list of restaurants in the hotel area, or within a reasonable walking distance, or a short ride. Obviously, we haven't been able to cover all the restaurants, but we feel this is a reasonable sample of what's available. Being many people with different tastes, the committee cannot recommend any particular restaurants, but you may ask any committee member for his or her opinion on any restaurant, and they will be glad to tell you, and assist in directions to any places. Sample menus of some of the places listed will be available to look at. Please ask the committee. This survey was some the end of July. Prices are subject to change at the discretion of the individual restaurants.
