### Advertising Rates and Mechanical Requirements

There are no color ads or inserts available. Halftones are permissible, and there is no charge if you send a screened negative; if we have to strip or screen your ad, please add \$10.00 to your bill. For bleeds on all ads, please add 20% to the ad rate.

We'd prefer camera-ready originals, but we can also use negatives and photostats. The photostats and camera-ready originals should be the size it is to appear in the progress reports and program book (see chart below). We can fiddle with negative sizes. Write to us, talk to us: we'll get together on something. This area will firm up once we can make a contract with a printer, but, as of now, this is all the information we have. Everything will be set by PR 1.

Please send in all camera-ready copy unmounted, OK? We will not be billing for fan ads, so please remit the full amount of your charge with the ad or copy. Make checks payable to:
