## ACCOMMODATION BROCHURE

This brochure describes the accommodation available for the Worldcon. There are three ways of making a reservation (see below), but members are recommended to use our on-line service at <http://www.infotel.co.uk/worldcon>. This service is open to anyone with a credit or debit card and provides more comprehensive information on each facility along with real-time availability and confirmations. However which cards are accepted varies from hotel to hotel.

**Accommodation Rate:** Our rates are based on the number of adult occupants and the type of room. A single room is only valid for one adult, double/twin for two, and so on. This applies irrespective of the bed configuration. Most locations offer a choice of bed & breakfast (B&B) or room-only (R/Only), where breakfast is an optional extra for £6-£12pp (except for the University accommodation, which is self-catering). All rates are per room, not per person (except for the Eurohostel dormitory where it is per bed), and include all taxes. Children staying in the same hotel room as their parents or guardians will normally be free (up to a certain age), although some hotels charge for children's breakfasts. Cots are available free, at most hotels. Full details are available on the web site.

**Accommodation Booking:** Infotel will accept bookings in any of three ways. **Online** at the Infotel web site. **Telephone** by calling (+44) 870 752 2235 (9am to 5pm, Monday to Friday, excluding UK public holidays). **Postal/Fax** using the form included with this brochure, but please check the web site for availability before filling in the form and sending it to Infotel.

**Accommodation Location:** The convention is being held at the SECC, which is adjacent to the **Exhibition** station of a low level rail line running across Glasgow from east to west. Our accommodation sites are all located within walking distance of the SECC or another station of the same rail line. Travelling east from the SECC the stations are **Anderston** for the party hotel, **Central** for the city centre restaurants and main line station, and **Argyle** for the redeveloped Merchant Quarter and more restaurants. (**Note: Anderston** station does not appear to have a lift/elevator to ground level and **should be avoided by those with mobility problems**; however, taxis are cheap and plentiful and some are designed for wheelchair access as are most buses.)

**Accommodation Information:** UK hotel rooms are smaller than hotel rooms in North America. Rooms generally come with one bed, usually a single bed (36" x 75" / 0.9m x 1.9 m) in a single room and a double bed (52" x 75" / 1.3m x 1.9 m) in a double room. Twin and other rooms contain more beds, but these are usually single beds. Some hotels do use larger beds and queen (60" x 80" / 1.5m x 2.0 m) and king (75" x 80" / 1.9m x 2.0m) size beds are available in some hotels. This brochure lists the beds used and the configuration in each type of room. Because of the number of hotels being used, we will not be allocating noisy & quiet rooms, rather the Hilton & Moat House hotels have been designated noisy / party hotels and should be avoided by those wanting a quiet room.

### Postal Booking Instructions

This form should **only** be used if you are unable to make a booking on-line, via the telephone, *or* if you do not have the required type of credit / debit card.

You do not have to use a credit card with this form, but if you have an eligible card (Visa, MasterCard, American Express, Switch or Solo) you should use it. If however, you are **not** using a card to secure your reservation, you will need to arrange for the deposit to be sent to Infotel. The size of this payment will depend on the accommodation listed in your preferences.

**Hotels** require a deposit equivalent to a one-night stay, so, for example, this would be £95 if you listed a room only twin at the Moat House.

**Eurohostel** requires a £10 per bed per night deposit, so, for example, this would be £80 for a twin room booked for 4 nights (2 x 4 x £10).

**University** accommodation requires full payment up front, so, for example, a twin room at Cairncross Hall would require a payment of £120.80 for 4 nights (4 x £30.20).

You need to send Infotel a deposit equal to the largest deposit required plus a £5 non-refundable administration fee, so if you had listed the three options above as your preferences, the payment needed by Infotel would be £125.80 (£120.80 + £5).

A non-card payment can be sent to Infotel in one of two ways

- A cheque (drawn on a UK bank account) or a Sterling banker's draft, each made payable to "Infotel Solutions Ltd", and mailed with the booking form(s).
- A Giro bank transfer to the Infotel bank account made in advance of mailing in the booking form. (The transfer ID is required information on the form.)

IBAN Number: GB16BARC2017193008  
 Bank Identification Code: BARCGB22  
 Account Name: Infotel Solutions Ltd  
 Transfer ID: "IA-<name>-<number>"

Where <name> is the family name and the initials of the given name(s) of the person making the booking (as given on the form), and <number> is their membership number, if known.

If a card is used to secure the booking, no charge will be made to it until at least 19 July 2005. After that date, the charge will depend on the type accommodation reserved. For hotels, no charge will be made unless the room is cancelled, when a charge equal to one night may be made. For the Eurohostel and University, a charge will be made equal to the required non-card deposit. Should the booking then be cancelled, the amount returned (if any) will depend on the reservation policy of the accommodation site.

We require one reservation form per room booked or for a maximum of four dormitory beds in the Eurohostel. If more rooms or dormitory beds are required, multiple forms should be completed and mailed to Infotel in a single envelope. The name and contact details should be the same on all forms.

If Infotel cannot match any of your preferred sites, they will use your alternative priorities to find the best substitute. This will then be provisionally reserved for a period and you will be contacted to confirm the booking.

Anything that is missing from this form that you believe is essential to your stay at Interaction should be listed in the special requirements. We cannot guarantee to meet all the requirements but Infotel will do their best and will contact you if there are any problems such no more disabled rooms are available. Please help us by specifying as much information as possible on your needs.

Infotel must receive all postal/fax bookings by **Wednesday 6 July 2005**, after which only online bookings will be taken, and bookings after **Wednesday 19 July 2005** may not have a full choice of accommodation options and rates. **All cancellations before 19 July must be made through Infotel. After that date you should contact the accommodation site directly.**
