

# **HOT HOTEL NEWSFLASH!**

We've got some great news and some not so great. The not so great news is that we don't have hotel information in Progress Report 4, contrary to the Chairmen's article. The **GREAT** news is that this "problem" is due to some last minute success in negotiating hotel room rates downward. So, please bear with us - the hotel information and reservation form will be mailed out separately later this year, with better prices for some of the hotels!
