Rumors are making the rounds to the effect that Westercon XVIII will take Hugo matters into its own hands to present a DRAMA Award for 1964. This is NOT true—the West Coast Science Fantasy Conference has never had anything to do with presentation of the Hugo Awards; this being the realm and responsibility of the Annual World Science Fiction Convention. The two conventions are seperate entities and do not affect each other on policy—making and committee decisions. Whatever the private opinions may be concerning the LONCON II dropping the DRAMA Category from its Hugo Nomination Ballots, the official Westercon XVIII position is that complaints, write—ins, and opinions pertaining to this breach of the World Science Fiction Society rules should be directed to the London Convention Committee, along with the Hugo nominations.
