RICHARDSON'S ICE CREAM

\$

ICE CREAM

156 South Main St (Rte 114), Middleton 978.774.5450; Take Route 1 North to Route 114 West. The dairy is about 2 miles on the right. It is about 21 miles from the Hynes.

If you have time and transportation make a visit to Richardson's Ice Cream in Middleton, Massachusetts. There are 300 cows (some sheep and a duck) on premises that are milked for the freshest milk and cream. Richardson's ice cream is 16% butterfat. They also have miniature golf, batting cage, driving range. Su-Th 9am-9.30pm; F-Sa 9am-10pm. Free on-site parking.

The Noreascon 4 Restaurant Guide

This guide introduces Boston restaurants where you might want to eat. It is not complete; the farther you get from the convention, the less complete it is. “Non-local” restaurants that are well known or of especial interest are listed. They are easy to get to by MBTA and/or taxi.

This guide is updated as of 31 July 2004. But restaurants come and go—phone the restaurant to make sure it is open when you want to eat there. We want your feedback on restaurants in this guide as well as others we might have omitted. This information will be made available to local conventions such as Boskone, Arisia, etc. Get restaurant review forms at Information. Please let us know of any important errors or omissions so they can go into the newsletter.

Credit Cards: Except for restaurants marked as not taking credit cards, all take credit cards as far as we know, but check first if this is important to you.

Before you go to eat: Call the restaurant to verify their hours during the Labor Day weekend. You will need to make reservations for some restaurants—especially if you have a large group. If you can't get a reservation directly, see if your hotel concierge can arrange one for you—it's worth a try.

Walking distance: Everyone has their own idea of how far to walk. Take a five-block walk outside as an average for most people. Of course, if the temperature is extreme, you might want to decrease that distance, take a cab, or eat in the mall complex. There are about 30 restaurants—ranging from inexpensive to very expensive—inside the Sheraton-Prudential-Copley-Marriott-Westin complex. We have coded the restaurants as WALK, HIKE, and TAXI to give you a rough idea of distances. Our break points are: up to .5 mile: Walk, 0.5 to 1.5 miles: Hike, over 1.5 miles: Taxi. Noreascon Information has restaurant maps with distances from the convention marked in concentric circles.

Outside walking distance? Try the MBTA (T) along Boylston Street, to Chinatown, or the Faneuil Hall area. If you have a group of people—or are going farther—try a taxi. You can find them on Boylston Street in front of the Hynes, or ask the hotel concierge to get one for you. We don't recommend looking for a parking space for any of the in-town restaurants.

On a budget? The Food Court in the Prudential Center has 10 choices with a wide range of cuisines. You ought to be able to eat there for under \$10. The Food Court is close and fast. We've also flagged other inexpensive (\$) restaurants in the area.

Prudential Center Food Court is open M–Fr 7am–9pm; Sa 8am–9pm; Su 9am–7pm; but on Labor Day Weekend, they may have “Holiday hours”...whatever they may be...

The main restaurant listing is **alphabetical**. Following that listing we have sorted the restaurants in three ways: by **Price**, **Type** of cuisine and **Location**.

By Price: we have listed \$ (meals for about \$15 or less), \$\$ (meals averaging \$15 to \$30), \$\$\$ (over \$30 but less than \$50), and \$\$\$\$ (\$50 and over) .

By Type of Cuisine: Asian, Chinese, Greek, Indian, Italian, Thai, etc. Some restaurants are listed multiple times because they have several cuisines.

By Location: There is a map showing the whole area on page 21 referring to more detailed maps. The location sort tells you which map to use and the restaurant key number.

Because people ask...: We have not included the Bull and Finch Pub (now called Cheers) whose exterior was used for **Cheers**. The inside is nothing like the bar on the television show; the food is nothing special and it sells souvenirs. It also is a long walk.

Mall Hours

Shops in the Prudential Center and Copley Place are both open M–Sa 10am–8pm; Su 11am–6pm
Prudential Center Food Court is open M–F 7am–9pm; Sa 8am–9pm; Su 9am–7pm
Prudential Center Skywalk \$5 adults, \$4 kids, open daily 10am–10pm

You can walk through the Mall complex even when the stores are closed. Note: the bridge between the Prudential Center and the Marriott Hotel is usually closed for cleaning between 2am and 6am.

Location Codes: Most restaurants have their own location keys: a number-letter combination assigned indicating their location on one of the maps. The alphabetical restaurant listing also shows which map they are on—1/ are on the map on page 20; 2/ are on the map on page 21; if there is no map code, the restaurant is on the Back Bay map (pages 18-19).

The numbers in the number-letter keys have the following rationale:

- *—in the Prudential Center (on Detail Map pp.18-19)
- 1—less than .5 mile away to the West (on Detail Map pp.18-19)
- 2—less than .25 mile away to the North (on Detail Map pp.18-19)
- 3—less than .5 mile away to the Northeast (on Detail Map pp.18-19)
- 4—less than .5 mile away to the East and Southeast (on Detail Map pp.18-19)
- 5—about .5 to 1 mile to the east or southeast; includes the South End (on Map 1, pg.20)
- 6—about 1 to 2 miles East, Chinatown and Fish Pier (on Map 1, pg.20)
- 7—more than 1 but less than 2 miles ENE, downtown and the North End (on Map 1, pg.20)
- 8—South of the Charles River between .5 and 2 miles away to the East (on Map 2, pg.21)
- 9—North of the Charles River, in Cambridge (on Map 2, pg.21)

RESTAURANT DESCRIPTIONS

For each restaurant, after a header of the name, map and key, price range(\$ to \$\$\$\$), and type of cuisine, we have listed information we currently have: location, telephone, web site (if known), access or accessibility information, description of the food, liquor information, and ambience with such notations as kid friendly, group friendly, reservations, ties suggested, music. We did not have all this information for every restaurant listed. For chains only the closest members are listed. Note: current Boston law forbids smoking in restaurants, pubs, and bars. Unless otherwise indicated by a map code of 1 or 2, restaurants appear on the Back Bay Detail Map on pages 18 & 19 (the centerfold). A map code of 1 indicates the Boston Downtown & Seaport Map on page 20 and a map code of 2 indicates the Overview map on page 21 which also shows the areas covered by the other two maps. A few restaurants have multiple keys meaning that more than one of their locations are shown on our maps.

At this scale it is impossible to locate places with enough precision to use this map as a guide to walk to restaurants without checking the address (see the Location listing, p. 33, and the Alphabetic listing, pp 7–25) and, probably, a more detailed map (ask at Noreascon 4 Information).
