

THE  
NOREASCON  
TWO  
PROCEEDINGS

\* WARNING \*

*These are not the official Noreacon II proceedings which will be produced in due time by the friendly and ever competent Noreacon II committee. In the mean time, while you are waiting with bated breath, take a few moments and enjoy these, the unofficial proceedings, produced by Mike Gilbert, Tim Kirk, Eddie Jones, and Howie Green, publication courtesy of Richard Harter.*

*Some items of background; Mike Gilbert is a marble collector. Mr Fan Head is a small rubber head; his eyes, ears, nose, and mouth pop out when he is squeezed. The artists toured scenic Concord; they were particularly taken with an encounter with a revolutionary war battle reenactment fanatic who told us all about the rude bridge and everything in excruciating detail. The rest is History. Read, Look, and Enjoy.*
