The Hotel

THE ROYAL YORK 100 FRONT STREET WEST (416) 368-2511

With over 1600 guest rooms, 2 floors of function space dozens of shops, bars, restaurants; a great, central & downtown location, plus staff that can remain friendly and unruffled when a horse is acting up in one of the elevators (it's happened, honest) the Royal York has always had, and deserved the reputation as Toronto's largest and best hotel.

At present, with Toronto in the midst of a hotel boom, this hotel has taken the action necessary to preserve their reputation. Plans were just announced that the hotel will be refurnishing its public space between now and Aug 1973. Estimated total cost of remaining at the top is \$ 10,000,000.00.

The convention floor, which we have all to ourselves for the duration, is the third floor of the hotel. It is reached by stairs, escalators, and ten automatic passenger elevators. It's not a route to or from anywhere else and for this reason security and privacy should be much less of a problem than some previous worldcon hotels. (See Plan on Page 10.)

Program

Panels or no panels. Dialogues or monologues, which is the more interesting to the con goer's? Do they want to watch fans and pros fight on stage, or are they in favour of movies, fashion shows & picnics?

This then is the true state of our program. We know what we consider a varied and interesting program. We know what we would like to see as part of a con program. This leaves just 1 point to be considered. Is it what you want?

If you want to see the program that our committee considers varied and interesting, then just lean back and wait. However, if you know what you want or even what you don't want then write us and let us know so that we can give you the program that is what you want. Write Don Hutchison c/o TORCON 2.

SPECIAL INTEREST GROUPS

Contact us. Let us know what you want and when you want it. There's no harm in asking and we've got a man who wants to give it to you - and at the same time make your group a special part of your con. Write Don Hutchison for (or with) particulars.

Art Show and Auction

The Art Show is once again in the capable hands of John & Bjo Trimble, with the assistance of Michael Glicksohn. Mike will also be setting up the TORCON 2 Auctions, and artists or contributors for either of these functions would be wise to contact Mike & the Trimbles early, particularly as Canada's still a foreign country - with Customs Officers.

For the answers to this or any other "foreign" con problems you might have, just drop us a line and we will give you the solutions.

NODENT DIOCH professional guest of honour

Robert Bloch says he began his writing career shortly after E. Gutenberg invented the printing press. During the course of his career Bloch has written around 500 short stories, articles and novelets —-including the posthumous collaborative effort with Edgar Allan Poe, entitled The Lighthouse —- plus many novels, of which possibly the best-known is PSYCHO. He is the author of 34 published books —- a radio series, for which he adapted his own stories —- and numerous teleplays for fantasy and science fiction shows, such as Hitchcock Presents, Star Trek & The Thriller. While his Psycho and The Skulls were adapted for the screen by others, he has written his own screenplays for The Couch, The Cabinet of Caligari, Straightjacket, Night Walker etc.

Bloch's stories have appeared in over 100 different magazines and reprinted in upwards of 250 anthologies He has also written widely for fanzines over the past 37 years and a book, The Eighth Stage of Fandom, was made up of a sampling of this material.

In 1948 Bloch was Pro Guest of Honor at the 6th World Science Fiction Convention in Toronto: has many times served as toastmaster and/or speaker at both regional and Worldcons. In 1970 he was the Guest of Honour at The Anthony Boucher Memorial Mystery Convention, held in Santa Monica, and was elected National President of The Mystery Writers Of America. He is the winner of a "Hugo" for Best S-F Short Story, a Mystery Writers of America Scroll, the Screen Writers & the Trieste Film Festival Award, the Mrs Ann Radcliffe Memorial Awards for Literature and for Television plus various prizes for published short stories. He still feels that his best creative achievement is his daughter.

I was 14 when I got hooked on my first science-fiction magazine, Astounding with the Grey Lensman series, and four years later (1944) I got my first fanzine, Chanticleer and started to read about a fascinating idea, The Slan Shack, where fen actually lived together. One thing led to another down the long crooked road from Buck to Flash to Bob Silverberg trying to light a paper match with his toes. I went to a LASFS meeting and then, art school. I met Burbee. And Laney. And Al Ashley. Man I was really mainlining fandom then.

My non-fan biography includes 3 years of art school, & several years (6,000 pieces) as a sculptor. As soon as I got good at something I quit and do something else. The something else was photographing naked ladies (and bullfighters, chariot races, etc) and doing stills for motion pictures. Then, on to industrial films to teach myself how to make movies. Presently I'm getting ready to write/direct my 23'd feature, and while the others have been X or XXX rated, this one, hopefully, will be R rated.

Burbee polarized my attitude towards fandom. Fandom <u>is</u> just a goddam hobby--but what a delightful hobby it <u>is</u> 95% of my best friends I met through fanac and a great fascinating lot they all are indeed. I've been drawing cartoons for fanzines for 27 years and until I figured it out just now to compose this I had not realized how long it was.My God! I'm an Ooolld Fan! Although fandom is different now than it was when I started, I like it even better. It's freer and more interesting than ever before.

<u>Note</u>: If extra space is required there is a second function floor one flight down.

"Sleep of Death" (White Indian), "Gods of the Jungle" (Thun'da).. both completely by Frazetta, and "The Weeping Walloper" (John Wayne) done in collaboration with Al Williamson. The friend reports on deadcat's whereabouts: he has pulled a favorite trick, disquising himself as the amino acid sequences afficient alanine- isoleusine- anide ammonia, in the nucleolus of a dysenteric anchord. deadcat's is an infectious humor, obviously toolong repressed. it is a dead giveaway, this amino acid routine, for the acids in any genetic cipher make him as drunk as a judge, as it were.

"The well," he says. "It's better than driving the BTo Glair street car."
