SCIENCE FIGTION BROADCAST BY STFAM: Abe Oshinsky, popular member of the Queens Science Fiction League, spoke a few words over the radio concerning his hobby of science fiction. The broadcast was at the invitation of the World's Fair Reporter. Further efforts are being made by Mr. Oshinsky to present a longer talk on some other program.

## STRANGER CLUB ELECTS!

ART WIDNER, JR. RE-ELECTED DIRECTOR Meeting at the MIT Grad House in Cambridge, in Earl Singleton's apartments, on Sunday afternoon, October 13th, The Stranger Club unanimously re-elected Art Widner, Jr as Director, and Earl Singleton a as Treasureer. Fred Weiner was unanimously elected Secretary.

Members present were Mr. and Mrs. R.D. Swisher, Frances Nevada Swisher II, (youngest fan club member in the world!) John W. Bell, a new member, Alfred F. Lopez, Ralph Smith, Fred Weiner, Earl Single-

ton and Art Widner Jr.

The meeting did not get under way late as usual, on account of his "The Stellar Legion" by Leigh Brack-regular thirty-mile journey, and while waiting, everybody was immersed in the No. 4 issue of Fanfare, the club organ, which was fresh from one of Mass. Tech's directrprocess hektos that morning.

After the elections were held, a discussion went on about making it convenient for out-of-state fans to attend. It was decided that the club should hold bi-weekly meetings during the winter, which would offer more dates for out-ofstate fans to choose from in making their visits. Accordingly, the next meeting was fixed for Oct 27, at the Graduate House fo the Massachusetts Institute Of Technology in Cambridge. It was also decided that meetings should aternate-business and informal.

The Stranger Club takes this YOUR FRIENDS WOULD LIKE FANTASY NEWS opportunity to cordially (Page 2)

BOOST SCIENCE FICTION

EDITORIAL by Will Sykora.
ATTENTION STFAN CLUBS!!!

You are all cordially invited to use the columns of this news-paper to report your activities and the minutes of your meetings. Although some of the professional magazines have fan societies in their columns, a great many times they are crowded for room so that minutes of club meetings are necessarily omitted and often never print at all.

For the convenience of all stfan societies and as an added service to our readers all club news sent in will be printed. It is the purpose of FANTASY NEWS to show that science fiction fans are active, and the proof of this activity is in the doings of the various clubs, conferences, and conventions.

We respectfully urge each club to appoint its secretary as a reporter or publicity director. Let us know the name and address of this officer. We will send him or there a printed FANTASY NETS PRESS CARD, and full instructions for reporting publicity and other news items.

By cooperating with us in this way, science fiction fan clubs will insure the publication of all their activities all the time, and need not depend for publicity upon the professional magazines, whose space is so of ten extremely limited.

STREET & SMITH have put on sale the cover painting for the 1st volumes of ASTOUNDING. The first has already been purchased by Forest J Ackerman for \$10.00.

THE STRANGER CLUB Contid: invite any fan who can possibly make it, to attend the following meeting to be held on Sunday, Nov 10. The next after that will be Nov 24. Lou Kuslan of Vest Haven, Conn. has promised to attend on the 10th, and we would like to make this a real minor interstate convention, if possible.

Following this, Art Widner read the material submitted for publication in the 5th issue of Fanfare. Material by Donn Brazier, 4sj Ackerman, Oliver Davis, Joe Gilbert, and L.R. Chauvenet was accepted, and one article was shelved for further discussion at another time. Damon Knight's illustration for the cover was examined and enthusiastically approved. The material was read with the authors' names undisclosed, thereby insuring impartial judgment on its merits only.

The mmeting was adjourned at 6:00 o'clock for supper, and informal discussion was held after.

The Jan issue (next) of FANTASTIC NOVELS will have Ralph
Milne Farley's "Radio Beasts", another of his famous "Radio" series.
Frank R. Paul is doing three full
page interiors as well as two
half page decorations. He also
will have a two page spread. The
cover has been painted by Virgil
Finlay. Mr. Faul's counsel is the
unofficial guide followed in the
art work for this magazine and for
FAMOUS FANTASTIC NOVELS.

Paul has done a cover for FU-TURE FICTION and for the next is sue of SCIENCE FICTION. There will not be a girl on the next FF cover, which will be purely a mechanical picture. It will be out next month.

Paul has finished his series of "Denizens Of the Universe" for AMAZING STORIES. He is now doing a series of "Cities of the Universe" suggested by your reporter. He has had "A City Of Mars" already published, and has finished "A City Of Venus".

The cover of the second issue of COMET will also be done by Mr. Paul, whose popularity is great
