

Convergence 2

46th Australian National SF Convention

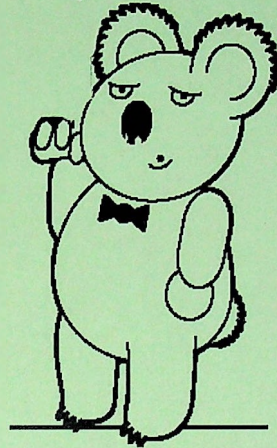

8-11th June 2007
Rydges Hotel, Melbourne

The people that books built.

What a person reads in his or her formative years leaves an indelible impression on the child, strongly influencing what the person reads in adulthood. Childhood's fond memories of fantastical stories can lead to a love and deeper appreciation of the SF & F genre in adulthood. Australia has a strong tradition of authors working in the field of Young Adult genre literature.

Join our guests of honour and leading Australian authors, editors and artists from the young adult field.
