

BOSKONE 53

February 19-21, 2016

Image © Richard Anderson

A digital painting of a knight on a horse, wearing a blue and white cape, riding through a misty, ethereal landscape. The knight is on the right side of the frame, facing left. The horse is dark and appears to be in motion. The background is a soft, hazy light with long, flowing ribbons of light in shades of blue, purple, and white, suggesting a magical or otherworldly environment. The overall mood is serene and majestic.
