

is being produced at about 2 AM, hopefully for distribution Sunday morning. (I'll be too busy in the morning doing Helmuth, and there are some things that shouldn't wait any longer.)

MESSAGE FROM SUE HAMMOND -- I'm really doing fairly well from the great car accident, but PLEASE don't touch my left shoulder! (i.e., no hugs) Thanks - Sue

Chairman Rick is holding a DINNER FOR THE COMMITTEE, GoH, and Guest Artist at Durgin Park, Sunday at 1800 (that's 6 PM). There is a signup sheet in Ops for those who want to go. This will not be first come. People will pay for themselves, and you will most likely be at a table with one of the Guests. Final signup is 3 PM; sign up in Ops. The list of people will be posted by 4:30 PM in Ops. There will also be an expedition on Monday: details later.

FROM OPERATIONS -- You've all got office supplies. A lot of them are non-perishable: e.g., clipboards, pads of paper with paper still on them, pens that still write, staplers that work. Bring them back!

FROM INFORMATION -- You know it's Saturday night at Boskone when you call People Mover and they answer "Logistics".

REGISTRATION -- The final figure reported when they shut down at 8 PM was 2672. (I presume that's actual attendance, with a total registration somewhere around 2800; more details in Helmuth, I hope.)

More THRILLING OPERATIONS STORIES -- I'm still not caught up, but I did manage to read a sizable chunk of the log. (Entries are in some cases edited for clarity or discretion.)

1428 Friday - Info needs film schedule. /The schedule was in fact delivered to the Mimeo Room at 1550, 10 minutes before films were supposed to start, with a bunch of corrections to be made, and on 5 separate sheets, to be cut and pasted to just barely fit on two sides. Whoopee!/
