June 12-14, 1998

Ramada Inn & Suites Hotel - Birmingham, Alabama

WELCOME TO THE INN OF THE DANCING DRAGON

(otherwise known as the consuite)

The Dancing Dragon Inn is designed to be fan-friendly, with the various refreshments being as fan-friendly as possible. It's a dry consuite, so there's no beer. However, there will be special events, coffee, tea, soft drinks, fannish finger food, and unannounced first-come, first served surprises. So come early, come often!

There are two consuites, smoking (Room 224) and nonsmoking (Room 226). All special events and refreshments will be in the nonsmoking consuite.

SPECIAL EVENTS

The first special event in the Inn will be the requisite meet-the-guests party, the Ice Cream Social, Friday at 9:00 P.M. until.... Hosted by the motley crew of the Starship Hephaestus.

There will be a lost Continent(al) Breakfast about 7:00 AM Saturday, or as soon as I can get the goods from the Big Sky Bakery in Mountain Brook. Atlantis never had scones like these!

Saturday evening at 6:00 P.M. until... The even-more-motley crew of the Starship Yamato presents Klingon Home Cookin' at Chez Klogg. If you thought the Klingon Tapas Bar from Birmingham's last DSC was fun, just wait...

The NASFA fen from Huntsville will present a Con*Stellation brunch at 9:00 AM Sunday. Bring a good appetite-- it will definitely worth it!

And last but definitely not least, don't forget the Deceased canine Party after the Closing Ceremonies Sunday afternoon. Pizza! (Leftovers, anyone?)

THE RULES

1. My consuite, my rules.
2. Other Bhamacon rules also apply in the consuite.
3. Be warned, all events run on Central Daylight Savings Fannish Time.
4. Badge required.
5. Courtesy and politeness are always appreciated.

RUSSIA ...NEEDS ...BOOKS!

I recently received a letter from Yuri Mironets, a Professor in the English Language Department at the Far Eastern University in Vladivostok, Russia. Gospodin (Professor) Mironets teaches courses in American Science Fiction and Fantasy as part of his curriculum. However, when the USSR collapsed, so did much of the funding for higher education. As a result, the Far Eastern University has barely enough rubles for the minimum basics, let alone courses such American SF & F.

Yuri was fannish when fannish wasn't cool, back in the good ol' bad ol' days of the USSR and he's asking for American fandom's help. So, I am setting aside a drop-off area for any and all donations of used (and new!) science fiction and fantasy books for Yuri in the nonsmoking consuite.

If y'all will come up with the books, I'll come up with the postage.

A copy of Yuri's letter will be available in the consuite.

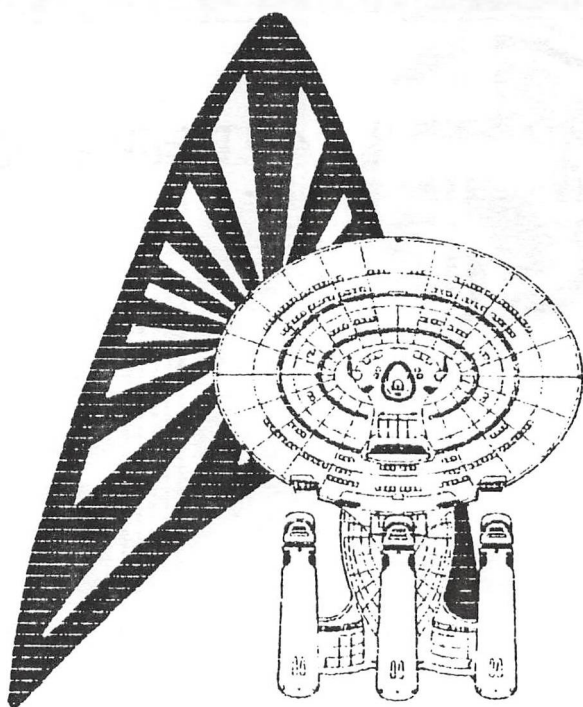

Thank you.

Now go out there and have fun.
