Hotel-Area Dining

Most restaurants near the Embassy Suites are to the East or North, with a few located South-Southeast and South. For those with smartphones, Google Maps is probably the fastest way to find a *bunch* of options. If you want something vetted by the Convention & Visitors Bureau, their Guide to Huntsville is online too.

Ride Services

If you're leaving the hotel for dinner, please consider using a ride service, *especially* if you plan to have a drink. National rideshare services Uber and Lyft operate in town, and there are a number of local taxi services as well (though some of the higher-rated services require advance booking).

Food Delivery

Many local restaurants offer delivery services. You'll find all the usual pizza chains plus locals like PaPPO's, The Boot, and Sam & Greg's. Asian delivery from Ding How II, Mei Wei Asian, Great Panda, Oshi Poke Bowl & Sushi, and many more are also available.

National food delivery services DoorDash, Grubhub, and Uber Eats operate in Huntsville. Between them you

GrubSouth

can find almost anything you might be craving. There are also two local companies offering food delivery, GrubSouth and Rocket City Delivered.
