

SEACON 84

NOMINATIONS FOR THE EUROCON SF PRIZES

Following tradition, the European SF Society will award at SEACON 1984 the European Prizes for Science Fiction.

To make sure the results are as representative as possible all European SF fans are invited, as a first step, to send nominations for the awards to the ESSF Secretariat.

The purpose of this initial poll is to provide the basis for a list of candidates - not to be regarded as exhaustive - that will, time permitting, be published in advance of the Convention, and in any case will be made available for attending members of the Convention to vote upon.

The outcome of such voting will be the prime factor taken into consideration by a jury approved by the ESSF whose final decisions will be made during the Convention.

Individuals, publishing houses, magazines, bodies of work by an author, or organisations, awarded prizes at the Eurocon in Ljubljana (1983) are not eligible. All authors nominated must be of a European nationality. Any novel or story nominated must have been initially published in 1983.

Send the form on the reverse, or a careful copy, as soon as possible either to JEAN-PAUL CRONIMUS (BP 318, F-12003 Rodez Cedex, France) or to ANDRZEJ WOJCIK (ul. Rzezbiarska 21a, 04-633 Warsaw, Poland). To simplify matters for the ESSF scrutineers: if you make a copy, but you don't wish to vote in a particular category, include it anyway and leave it blank; and if you can, reply in English, French or German.

THANK YOU!

EUROCON PRIZES: BALLOT FORM
