

# EERIECON 13 VIDEOS

Once again, EERIECON is proud to present some of the finest motion pictures ever made! Unfortunately, there are also some two dozen others.

Once again, we offer a homage or two followed by 'Nite & Day, All Anime'. Since our Anime is almost entirely sci-fi or fantasy, Friday we will present some old fashion horror (occasionally horrible!). Saturday morn is for all ages, yet still mind-numbing rot. We have a pair of double-features this year. In the wee hours of Saturday, there are two campy vampire hunter films, while Saturday afternoon has a Giant Creature double feature.

Once again, Anime starts Saturday evening with a classic followed by T&A. If you are not familiar with it, Anime is a stylized Japanese type of animation far different from "The Flintstones" or "Loony Tunes". While some are okay for children, many are not! As most Anime are unrated, we've shown the suggested age levels given by distributors. Still you might find some teen rated videos to be a bit more violent or sexual than the American ratings. The late Saturday night Anime is strictly for adults!

Once again, we try to present items that you wouldn't see on television or in most video stores. We have used mostly DVD to give you the best image and sound possible. Whether these are things you'd want to see and hear clearly is another matter entirely.

Once again, the more adult stuff will be shown only late at night. However, the truly childish can show up at any time! We don't show any explicit films, and please don't bring any into the video room.

Once again, we offer OUR NEVER ENDING QUEST FOR THE WORST FILM EVER MADE! This year both night's trashy T&A films are worth a Dis-Honorable Mention. However the contender is a truly inept cruise with the *MEGA SHARK VS GIANT OCTOPUS!*

Once again, in addition to the carefully crafted, delicately balanced, fine assemblage of scheduled videos; there are several dozen other genre films available if con-goers should vote a film off the island. Majority rules, please. WARNING, any changes to the Anime portion of the schedule may result in certain teenage girls donning their Mobile Battle Suits and ridding the Earth of your sorry carcass.

FRIDAY, APRIL 29th, 2011

10:30 pm **DRACULA III LEGACY** **R**  
Wea Craven's third Dracula film might be the best of the lot as Ruger Hauer returns as the Count, now chased to his Eastern European haunts.

SATURDAY, APRIL 30th, 2011

12:00 am **BACHELOR PARTY IN THE BUNGALOW OF THE DAMNED!** **ADULT!**  
A Dis-Honorable Mention in the Worst Film Search! When you're hiring strippers, always make sure they are demoniacally possessed strippers; hilarity ensues (as does bloodshed and zombie-ism, naturally).

1:15 am **MALIBU BEACH VAMPIRE** **UNRATED (R?)**  
It's really not as bad as the title may seem. It's funny with some biting humor about bloodsuckers not of the Transylvanian kind in the first half of our Campy Vampire Hunter Double Feature.

2:50 am **HOW TO SLAY A VAMPIRE?** **UNRATED (R?)**  
The second half of the Campy Vampire Hunter Double Feature has two brothers trying to get a Vampire out of a closet (not that 'out of a closet').

4:20 am **THE GRAVEDANCERS** **R**  
'Ha, I'll dance on your grave' but the dead have their ways to stop you!

6:00 am **JOHNNY VS THE GIANT** **PG**  
French animation (in English) about a young boy who is shrunk by a giant, then must team up with insects to rescue his friends.

7:00 am **JOHNNY TEST: EXTREME JOHNNY** **UNRATED (PG?)**  
Canadian animation (in English) about a young boy whose genius twin sisters use him & his dog as guinea pigs in some bizarre experiments as they are shrunk, then must team up with insects. Seems familiar!

8:00 am **BATMAN: The Brave And The Bold** **UNRATED (PG?)**  
The un-super hero teams up with several DC heroes in unusual adventures. More superheroes have brief cameos. The first four episodes of the series.

9:30 am **SKYSURFER STRIKE FORCE** **UNRATED (PG?)**  
American writers and Japanese artists combine for the story of a framed famed surfer dude who joins a posse out to stop a criminal mastermind.

11:00 am **HERCULES VS THE TYRANTS OF BABYLON** **PG**  
Again, not as bad as it sounds! Peter Lupus has an impossible mission when he chooses to free Babylon from an evil sorceress.

SATURDAY, APRIL 30th, 2011

- 12:30 pm **THE BRIANIAC!** UNRATED (PG?)  
Mexican B&W horror tale of an executed Warlock, back from the dead as a brain eating monster.
- 1:45 pm **MEGA SHARK VS GIANT OCTOPUS!** R  
Bonus! The first half of our Giant Creature Double Feature is also this year's entry in OUR NEVER ENDING QUEST FOR THE WORST FILM EVER MADE! You'll be un-amazed by the dull plot! You'll be horror struck by the cheap special effects! You may even fall asleep!
- 3:15 pm **THEMI** UNRATED (PG?)  
The second film in our Giant Creature Double Feature; might well be the best such film ever! This B&W classic has a trio of heroes leading the attack against nature's nuclear revenge!
- 4:50 pm **STARDUST** PG13  
Another all-star cast and perhaps the most beautiful photography of any film this weekend; tell the tale of a young hero beset by airborne pirates.
- 7:00 pm **EL HAZARD: The Priestess Of Water** 13 +UP  
NITE & DAY, ALL ANIME! begins with one complete storyline from the video series about The Alternative World that interferes with our own.
- 8:40 pm **TALES FROM EARTHSEA** PG13  
Disney and Studio Ghibli combine for a lavish retelling of Ursula K. Le Guin's masterpiece. The all-star voice cast and breath-taking hand drawn artwork don't hurt either! It's a sure bet to become a classic anime.
- 10:35 pm **HELLBOY: Blood & Iron** UNRATED (R?)  
Director Guillermo Del Toro and creator Mike Mignola bring their live film cast into their first anime feature, as a publicity seeking billionaire revives a beautiful Vampireess from the professor's past.

SUNDAY, MAY 1st, 2011

- 12:00 am **STAR BALLZ!** ADULTS!  
The second Dis-Honorable Mention in the Worst Film Search may well be the worst parody of an SF movie ever! Princess Lei Mi and Wank Solo rip off a dozen films and their clothing in a rather dull porn-lite anime!
- 1:00 am **CYBER CITY: The Vampire** 16 +UP  
Have genetics labs conjured up their own demise? An above-average anime action-adventure yarn that you can really sink your teeth into!
- 1:50 am **TRINTY BLOOD** TV 14  
The full first season of an excellent anime! Abel is not quite a vampire who not quite works for the Vatican against the not quite evil Empire of the Undead, but then the true foe emerges.

SUNDAY, MAY 1st, 2011

- 6:50 am **SUPER GRAND PRIX** UNRATED (G?)  
A typical kids-anime about auto racing, obviously written by someone completely unfamiliar with auto racing. Any similarity to "Speed Racer" is pretty much beyond belief!
- 8:20 am **THUNDER PRINCE** UNRATED (PG?)  
Another more typical kids-anime; features a young boy on a quest, a girl martial arts champion and cute critters (plus at least one nasty critter!)
- 9:35 am **MAGNOS THE ROBOT** UNRATED (PG?)  
One of the early tales of combining battle suits to form an unbeatable defender of the earth. This time against space aliens hidden in the sea.
- 11:00 am **LAST EXHILE: First Move** 13+UP  
The first four episodes of a beautiful, almost Steam-Punk adventure in the days of aerial battleships, as a young Sky Van porter must deliver a secret cargo, a mysterious young girl!
- 12:40 pm **SAMURI 7** TV PG  
The full second season and finale of the anime remake of Kurosawa's classic film "The Seven Samurai", (US remake "The Magnificent Seven")
- 4:00 pm **THE END! FINI FINALE!** or dig something out of the box.  
This schedule is subject to both change and bad time management!  
Remember, cons and schedules don't play well together!
