

WELCOME to the 1966 Eastercon, sponsored by the Faanish & In-  
surgent Scientifictional Association (FISTFA). This is  
the second annual Eastercon to be held in conjunction with the  
Lunacon, and we hope that the combination of party with program  
will be enjoyed by all.

THE EASTERCON is being held this year at the Hotel Edison on  
Saturday April 16, 1966 from 8-1:30 in the evening,  
and on Sunday April 17, 1966 fro 8-12. Admission is \$1.50, all  
of which goes towards the refreshments. There are no extra charges  
of any kind.

THE FISTFA was founded in April 1964 by Michael McInerney & Earl  
Evers. As a club is is very informal and does not  
have any rules, dues, elections, officers, official membership  
lists, constitutions or blackballs. Whoever shows up comprises  
the membership, and put together their own biweekly do-it-your-  
self meetings. If you would like more information, or have any  
questions call or write to Michael McInerney, Apt 5FE, 250 West  
16th St., NY 10011. Phone 9897277.

FISTFA is now beginning its third year of existence, and has  
just recently moved from its old address on 13th st to  
new larger quarters at 250 West 16th St. Since we have just  
moved in there is still lots of repairs such as painting to be  
made, but look for improvements and changes at each and every  
meeting. FISTFA is open to any fan who wants to come. The reg-  
ular meetings are very simular to the Eastereon with some ob-  
vious changes...regular meetings are smaller, have less booze a-  
round, and don't have an admission fee. We hope you will drop in  
on one of our biweekly sessions which start on Friday nights  
after 7:30.

WARMEST THANKS to Ted White, Dave Van Arnam, Frank Dietz, John  
Boardman, The Eastern Science Fiction Association, QUFANJ, Bob  
Whalen, Dan Goodman, Andy Porter, The Lunarians, and especially  
to CINDY HEAP. Thank you very much, without you people the East-  
ercon, and the continuation of FISTFA meetings would have been impos-  
sible.

This convention exists only for you to enjoy yourself. We certain-  
ly hope that you do that.

# ESFA

Of the 10 Science Fiction clubs in and around the New York City area, only one, the Eastern Science Fiction Association (ESFA), holds year round programs of interest to the serious science fiction fan. ESFA each month features speakers, films, panel discussions, and debates on all aspects of professional and fan activities. ESFA meets on the first Sunday of the month at the YM/YWCA in Newark, New Jersey. It is very easily reached by train, bus (#118 express from NYC), or car. We invite you to come, and we hope to see you soon.

...And the New York Fanoclasts would like to take this opportunity to suggest that NEW YORK is a Good Thing for the 25th World Science Fiction Convention. We could also phrase this \*NEW YORK IN '67!\*

- We have
- ① An eager and enthusiastic club to work for the NYCon III...
  - ② A stimulating, balanced program designed to work over your mind and imagination Plenty while keeping your body relaxed...
  - ③ A Guest of Honor who has been inexplicably overlooked by previous conventions, and of whom can be expected one of the most memorable speeches to be heard in years...
  - ④ A hotel centrally located in New York City, ideally situated to public transportation, within walking distance of Times Square and countless dozens of restaurants of all types and variety (as well as the myriad other attractions of Midtown Manhattan), which offers rates competitive with those of our distinguished opponents, plus unparalleled facilities, and sole use of the hotel for the convention.

We could go on (except that we're at the bottom of the page), but for now we're going to leave off as we began, with a rousing

NEW YORK IN '67!
