NORTHWEST SCIENCE FICTION SOCIETY

MUSFS, one of the largest SF fan organizations, is organized to provide the northwest fan with the opportunity to fully appreciate the genre. MUSFS sponsors NORUESCON, where the fan can meet with SF authors and artists, converse with other fans, and learn from lectures and panel discussions on all aspects of science, science fiction and fantasy. We publish the monthly magazine WESTWIND with SF news and reviews, and the occasional HYDRAZINE with longer articles, art and short stories. There is the monthly meeting and social, too, held on the last Saturday of the month. Dues are only \$ 7 a year, and MUSFS memberships are available at the Registration table. (Special offer: MUSFS and NORUESCON 4 memberships, both only \$ 15.)

MUSFS Officers are:
Richard Wright, Chair
Janice Murray, Vice-Chair
Thom Halla, Sec'y-Treasurer
Board members: Steve Bard, Dave Bray, Judy Lorent,
Laurina Miranda, and Cliff Wind
