Updates to Norwescon Safety Procedures

Norwescon is working on new policies and procedures to make our Safety and Code of Conduct processes more transparent to the membership. Details of the whole process are available at [norwescon.org/about/safety](https://www.norwescon.org/about/safety) and will be discussed at ConCom meetings.

Key changes already in draft include posting safety updates to Twitter during the convention, clearer policies around which Code of Conduct violations will cause removal from the convention, and posting public visible updates on reports of Code of Conduct incidents, including brief summaries of reports and the status of the investigation. If you have ideas that could help make our convention a safer place, please send them to safety@norwescon.org or bring them up at the next ConCom meeting.

The Member Services department is looking for a teen or young adult to run the new Teen Lounge, an open area in Concourse One. We want someone who speaks the language of teens to have a say in developing content and policies, atmosphere and climate. Contact volunteers@norwescon.org
