Convention Policies

WEAPONS

Westercon 54 is a weapon-free convention. This means the carrying and wearing of weapons will not be permitted, except as part of a designated event, and then only during the event, or in transit to and from the event.

Prior to any such designated event, the Special Events department must approve the use of a weapon as part of the event. Failure to do so is grounds for immediate expulsion from the convention.

In addition to the prohibitions in the Oregon Revised Statutes, the Convention Committee defines as weapons any object designed to cause bodily harm, or any replica of such an object and any other object the Committee determines to be dangerous. However the Committee reserves the right to amend this definition of a weapon, and the right to impound weapons for the duration of the convention.

Any weapons purchased in the Dealer's Room must be securely wrapped before they are taken out of the room.

The committee realizes that most people who would like to carry and wear weapons are sensible and careful individuals. However, because of the present liability laws, the risk of weapons causing accident or distress, and to preserve relationships with convention hotels we have had to adopt this policy.

The safety of convention members has to be our overriding consideration.

SMOKING

Smoking is not allowed in any convention space during Westercon 54. Additionally, smoking has been banned in public work areas (including all restaurants) in Multnomah County. Smoking is still allowed in bars and private sleeping rooms.

ANIMALS

No animals are allowed on hotel property except ADA compliant working animals.

Convention Policies (con't)

CHILDREN

Children must be accompanied by an adult in order to purchase a membership, and all children must be registered with the convention. Those five and under will still be admitted free to the convention and receive a hospital-type ID bracelet. At all times, these children must be under the supervision of an adult, or in child care. If a young child is found unattended, that child will be delivered to child care and the parents billed. Children six to twelve are admitted at half the adult price, and may operate independently as long as they cause no problems. However, if they are not capable of independence, then they must be under adult supervision or in child care. Regardless, all children under the age of 12 must be under direct adult supervision after 8pm. Additionally, no one under the age of 12 may work as a volunteer for more than four hours a day (six hours a day for ages 12 through 16.) Remember that child care for the entire weekend (on a space-available basis, of course) can be obtained by purchasing an adult membership for your child.

PROGRAMMING

Ruth Sachter

Since we're in the same two hotels, we're planning on the same format for programming as we used at our last Portland Westercon (Westercon 48 in 1995).

Program items will have 90 minute slots to allow for 60 to 75 minutes of content and time to walk (shuttle bus) from one hotel to the other hotel.

Gaming

Welcome to gaming at WesterCon! We have a variety of games of every type for every experience level going on throughout the convention, and we hope you will check the schedule and drop in to learn a new game or meet other folks interested in the games you already play.

We welcome any open or drop-in games you would like to add to the schedule, including role-playing games, card, miniature, or board games. To obtain a table for your game, please see a gaming volunteer at either the Umatilla or Glisan room. They will help you find an appropriate open space for your game and get it posted to the wall schedules.

In addition to the schedules published here, up-to-date GAME EVENT SCHEDULES can be picked up at the gaming registration tables. These are located outside the Umatilla Room downstairs in the Columbia River Hotel, and just inside the Glisan Room near the Fitness Center in the Jantzen Beach Hotel.

Hour-by-hour updates including additions and changes will be posted on the big wall schedules in both locations as well as in each morning's Daily Zine, if the changes are known in advance.

Please remember that in open gaming space you will be sharing the room with other games. While gaming is about having fun, it would be much appreciated if everyone using the room remembers that others are also trying to hear their game master or remember their fog-of-war modifier ;-)

DO enjoy yourself! And let us know if there's anything we can do to help!
