

**The Official WesterCon Restaurant Guide**  
*(How I Learned to Find Fast Food in Downtown Phoenix)*

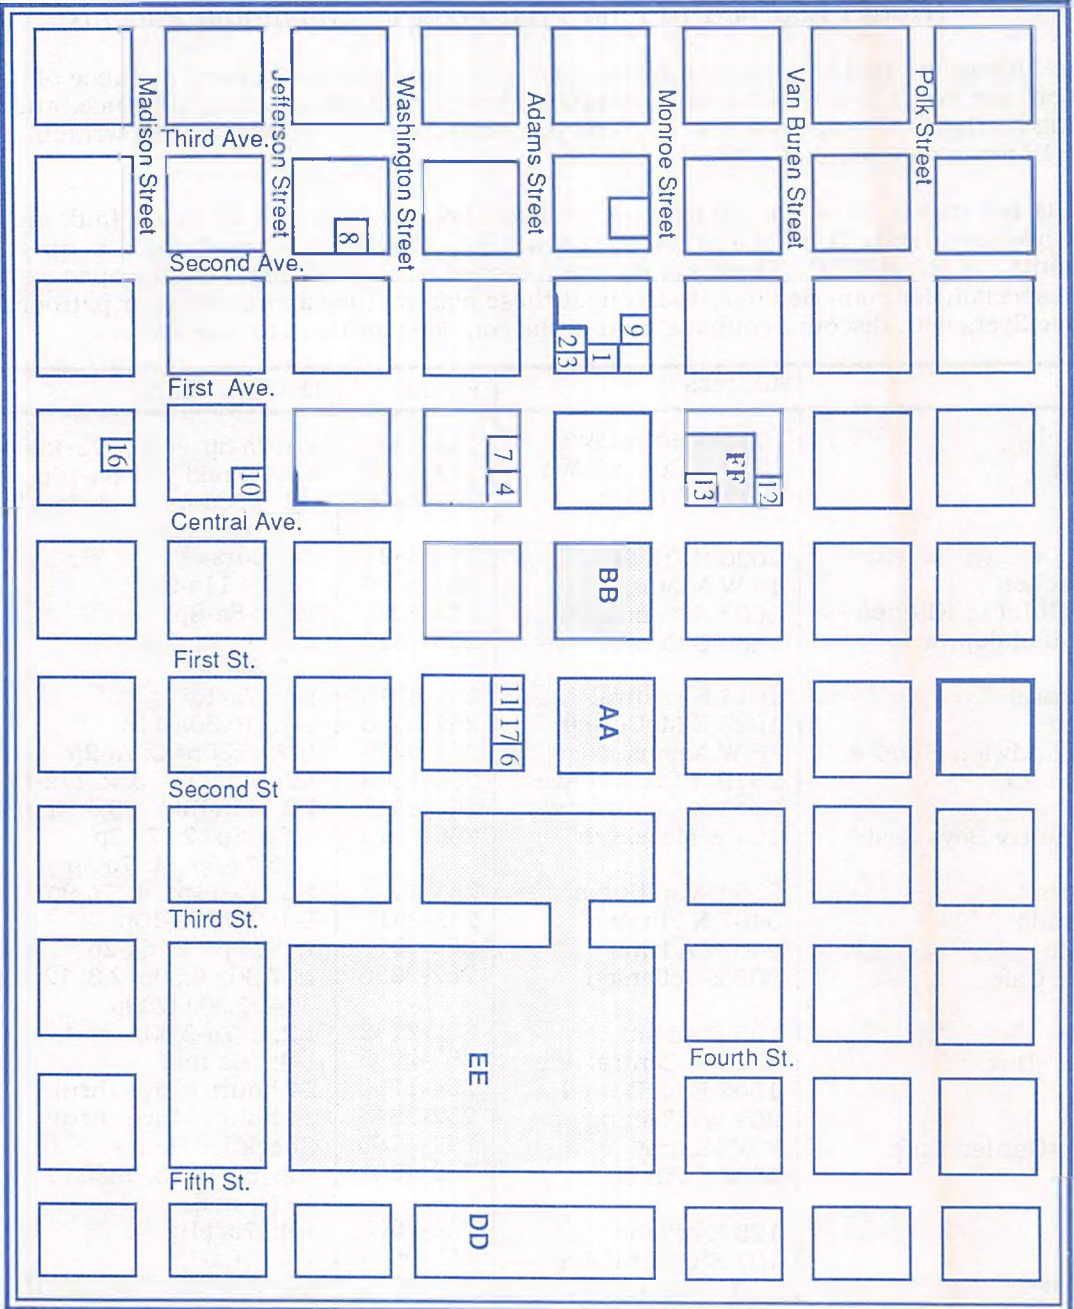

Don't panic! If you thought there was only one good restaurant within walking distance of the hotels, you're wrong! There are actually a number of fine establishments within shouting distance, and you won't melt while looking for them. (If you think it's hot NOW you should be here as this is being written. We are breaking the all time Phoenix high temp of 118°).

This guide is not meant to be comprehensive. It lists those restaurants we could find, and that are open, within an approximately 3 mile radius of the hotels. Anything beyond that is up to you. Several establishments are starred \*\*\*\*. These are restaurants that have volunteered to stay open extra hours or even extra days especially for you. So do try to frequent these places: they appreciate your patronage. Also, several of these have flyers with discount coupons around the con, look for them to save \$\$\$.
