31st WEST COAST SCIENCE FANTASY CONFERENCE

November 15, 1977

Dear Westercon Member,

We are very sorry for the delay in sending you your copy of our second Progress Report, but there was a problem with the distribution system we set up, and approx. half of our members did not receive Progress Reports. The problem will not occur again, those responsible for it have been sacked. Our next Progress Report will be published in mid-January, and will contain more fascinating information about Westercon~~E~~ 31. See you in July.

Sincerely,

Edward Finkelstein
