

Dear Parent or Guardian,

We have received an inquiry from a couple of you as to the age range of kids welcome in WisCon's Child Care room. I'm sorry that the initial material was vague on this point

There is *neither* a lower nor upper age limit for kids welcome in WisCon's child care room. But please be aware that activities planned for this space will be aimed primarily at pre-school aged kids. If you plan to register an older child for child care, please plan to bring along some toys or other materials for them.

WisCon will provide a track of Kids Programming (aimed at kids, aged 6–12) — just down the hall from Child Care — but please be aware that this is *not* a supervised space. In other words, participants will be free to enter and leave at will. Parents are encouraged to take their kids out of Child Care and bring them to the Kids' Programming room, but once out of the Child Care room, the children are the sole responsibility of their parent or guardian. And once a child has been left in the Child Care room by a parent or guardian, he or she will not be allowed to leave the room without the parent or guardian.

Remember, May 1 is the deadline for registering for child care. Thanks for your patience with me, in my first experience as an organizer of child care.

Jeanne Gomoll
