

THE DALEY PLANET: NUMBER ONE

Our motto: "He's dead, Jim."  
September 1, 1982 -- Afternoon  
Official news publication of  
the 1982 World Science Fiction  
(til her daddy takes her T-Bird  
away). Edited by Mike Glyer

WHERE DO YOU GET THOSE CRAZY IDEAS?

The genesis of our title came from  
a Chicagosque play on the generic  
title "daily newzine". Janice  
Gelb triggered the association.  
Later, Cele Smith improved on the  
original idea, conceiving of  
The Daley Planet. As a reward  
for their ingenuity, they have  
been granted free subscriptions  
to this bulletin. Them, and 5000 others

CAN THIS GAME BE PLAYED FOR MONEY?

The purpose of THE DALEY PLANET  
is to circulate interesting infor-  
mation to Chicon members, and to  
post corrections or changes to  
program times/participants.  
That is the SMOF-approved purpose

of this zine. But now, you sit and ask yourself, why would somebody come all the way from Los Angeles to sit in a busy mimeo room for about 40 hours preparing this series of publications, unpaid? For altruism? For glory? For the chance it affords to fish for compliments about his diet? To win the favor of nubile ladies? Hopefully all of the above. Anyone who wants to help me achieve the purposes listed above can leave a message at the DALEY PLANET drop-box in 272, or in the Buckingham (Mimeo) Room where we have established a second drop-box.

THIS ISSUE'S ARTIST: Appropriate to something called the Daley anything, nepotism has influenced our selection of an artist to open the zine -- BRIAN PAVLAC. Nepotism, and the appropriateness of the illos both, actually. A number of well-known fanartists will follow, whose art has variations on this title due to their being provided the earlier version of the title to work from. Brian's logo establishes the true working title in everyone's mind right at the start.

OH YES, AND WE ALSO PRINT NEWS:

COMMITTEE MEMBERS: If you are slated to be in our committee block (East Tower, third through sixth floors) and have been placed elsewhere in the hotel, get in touch with Tom Veal, Ext. 4957.

VOLUNTEERS: Chicon needs volunteers who will be able to work as aides in BABYSITTING. If you're willing to give a few hours, go to Member Services Information Desk.

HAVING AN OPEN PARTY? If you want to register your party as being open to Chicon attendees generally, see the friendly neighborhood Member Services Information Desk.

ROGER RAMJET -- MIA: Gregory Rihn, Media Division Manager, confesses, "Unfortunately for those of you who may be fans of the intrepid Roger Ramjet, the three cartoons scheduled in your Pocket Program were mislaid by their owner (who shall remain

/continued/ nameless). They will be replaced in the schedule by other quality cartoons and shorts, titles to be announced.

CULTURAL DEPRIVATION REMEDIED: Richard Cheshire of the New York-based "Technological Assistance Program" (TAP) will lead an expedition on Friday at 2:30 pm from the fountain in the Hyatt to the telephone museum at 225 West Randolph St. Stragglers are invited to try and catch up, but the museum closes at 4 PM.

SCARF AND GUZZLE SCOUTING REPORT: Somebody subtly dropped this hotel advertising into the DF mailbox, but since most of you probably intend to eat tomorrow, you might want to know when the hotel's eateries will be able to feed you:

LUNCH: Scampi	11:30-2:30	DINNER: Scampi	5:00-11:00
Skyway	11:45-2:00	Mrs. O's	6:00-11:00

Captain Streeters			
Barbeque	11:30-2:00	((SCAMPI'S OPEN 24 HOURS, it sez here))	

MOVIES: Yes, we know there are some fanatics out there whose cravings for films will not be satisfied even by the ambitious Chicon film program. You know who you are. On Thursday and Friday at the State-Lake Theatre, they're showing BEAST MASTER and CLASH OF TITANS -- \$2 before 1 PM, starts 9:45 AM.

ROUND BOUNDS' HANDY ROOMFINDERS TIPS: (Sorry, Ron, but it was such a beautiful typo). Partyhoppers trying to figure out which wing of the hotel to seek out the action should know that room numbers ending 01-31 are in the west wing, those ending 51-86 are in the east wing. Those ending 32-50 are in the undead wing. (That translates out to, the Bounder says they don't have any such room numbers in the Hyatt).

PARTY HEARTY: Dana Siegel and Dalroy Ward, partyfinders extraordinare, have volunteered their services to THE DALEY PLANET. Each evening edition of this esteemed rag will include the latest intelligence on open parties. If you want your party publicized (ATTENTION publicity-hungry convention bidders!) scribble down the salient information and leave it in a drop box. Our partyhounds have their sources -- but it makes it easier if you just up and tell us!

THIS SPACE UNINTENTIONALLY LEFT BLANK, ED COX DOODLE HERE:

PHILADELPHIA IN '86 DAY PROGRAMMING: In Room 2876 on SUNDAY - 2PM: C. J. Cherryh, 3 PM: Backrub class. Editorial apologies for not publicizing earlier Philly events.

PROGRAMMING REVISIONS: Authors Forum Readings will be relocated to Columbus C&D on Sunday (2PM Ed Bryant, 3 PM David Brin). The Art Workshop with Michael Whelan will be in Water Tower 2-4 PM Sunday.

HOW TO READ STAFF BADGES: Anyone who has attended this con at slower than running pace has noticed the white, yellow and green Staff badges, each with their idiosyncratic number -- such as your editor's 7501.3. This is not a Stardate. The first digit denotes the wearer's sexual proclivities (however, the decoding info is available only to level 2 and above). The second digit, when multiplied by 3, shows how many pounds overweight the wearer is. The third and fourth digits are the wearer's IQ. The number after the decimal point is the wearer's rank. The badge color means as follows: White - Deceased. Yellow - Peon. Green - Airsick.

SUNDAY DAY PARTIES: A WOMAN'S APA party 1205 Executive House 2 PM, for members and ex-members. FANTASY AMATEUR PRESS ASSOCIATION party Hyatt 2476 5-7:30 PM. Members/wait listers.

MEDICAL BULLETIN BY JEREMY CRITCHFIELD DR. BOB:

- THE KESSEL RUNS - It has been confirmed that there have been several cases of a mild illness circulating among the assembled fen. Symptoms: Nausea, Mild Fever, and what, for lack of a better (or more delicate) term we are calling "The Kessel Runs". We have confirmed five cases so far. There is good news and bad news about the Kessel Runs. The Good News: It only lasts about eight hours, twelve at the outside. It's a virus, not a poison. You'll get better - really. Pepto-bismol and tylenol will make you feel better, even without the doctor. Try that first, then if you're not better, let us know. You'll recover. The Bad News: About half-way through, you'll hope you won't. This cheerful message brought to you courtesy of the Creaky Crotchety ol' Dr. Bob's Medical Services Team who like to sleep and party, Too. Remember: Rest, clear liquids, Tylenol, and Pepto-Bismol make it better. Partying, Drinking, Strange Substances and eating Odd foods make it worse. If you must kiss someone while you have "The Kessel Runs", try to be sure that that person is already your deadliest enemy.....

THE DALSY PLANET: NUMBER SEVEN Sunday

should be print-amplified (FASER) and  
dropped off in Room 272 or Buckingham Room.

AARDVARK ENGINEERS  
BIGGEST TICKET FIX  
OF THEM ALL !!

After hobnobbing with his fellow wizards,  
co-chairman Ross Favlac announces there  
will be **NO TICKETS REQUIRED** (or issued) for  
Sunday night's **HUGO AWARDS CEREMONY**.  
Due to the apparently ample seating for  
the Masquerade, due to the horrendous line  
problems both to get tickets and to take  
seats at the Masquerade, and due to the  
counterprogramming of a major motion picture,  
Chicon staff no longer sees a need to  
control admission by ticketing. Note, of  
course, that advantageous/reserved seating  
for VIPS and Staff will still be set aside.  
Only the portion for Hugo nominees, which  
had already been ticketed anyway, will be  
so controlled. Doors theoretically open at  
7:30. There will be a cash bar in the foyer  
of the Grand Ballroom, for those of you who  
like to drink local, refreshing cash.

Bob Webber and Roger Minnis for working so many hours to make the masquerade photo area a success. /You tell them, Linda./ Frisbie also thanks photographers and contestants whom he says were more cooperative than any other group he's ever worked with.

TURTLE RACE IN THE HYATT: There should now be no confusion that the Hyatt's turtle race in the lobby lagoon might actually be cross traffic from Hugo ticket linestanders. This event is open to the public to watch. We deny that any plan exists to paint Tucker green and enter him. After tonight's party, we deny he'll need painting, anyway...

FOOTNOTE TO MASQUERADE NEWS: The Editor realizes that not all costume participants' names were available (ie, there were three Freck Brothers). Nor did he have available all the costume-makers, where the wearers were not individually solely responsible for making their garb. Any further info in that line would be welcomed.

MASQUERADE FAN REMINDER: Joni Stopa is hosting a discussion group in the Columbus A (etc) room Sunday at 2 PM.

TRIVIA BOWL FINALISTS ARE: Bomb Number Nine, Allamagoosa, Monsters of the Midway, and Muther Hitton's Littul Kittons. These four teams will compete for the Chicon IV Trivia Championship in Columbus I&J at 1 PM Sunday.

ART SHOW BIDDINGS ENDS SUNDAY 7 PM: The last bidder at that time will get the piece, unless six bids were made, which means the piece will go for auction 11 AM Monday.

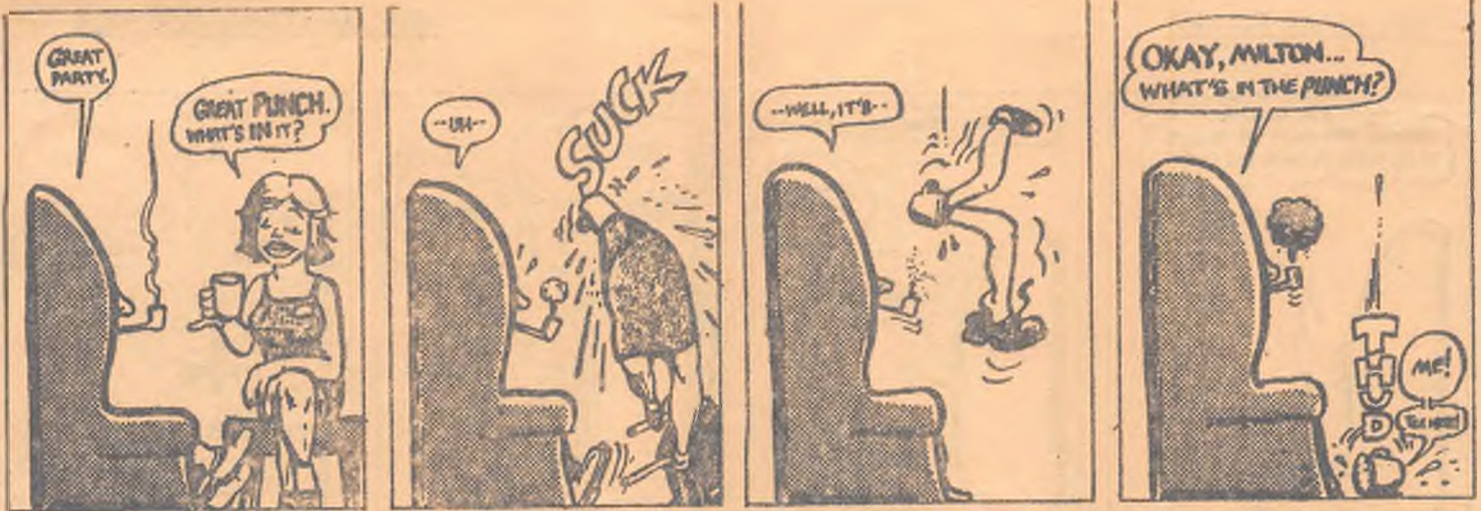

PHILIP JOSE FARMER: Added to the 2 PM Sunday autograph schedule.

Stay tuned to a later issue for the winners of the HALL COSTUME CONTEST

SIDEBAR STORY: The halftime geniuses Cosmos & Chaos (Stephen Leigh and Ro Lutz-Nagey) dazzled the masquerade audience with feats of juggling that involved objects from one die to bowling balls, hatchets, torches... Donations to the Trans-Atlantic Fan Fund (whose delegate Kev Smith is at the con), and to the Down-Under Fan Fund (whose delegate Peter Toluzzi is here too) were elicited from the audience after the show. Passing the generic hat yielded \$1026.02, five pinball tokens, and \$6 Canadian. Cosmos & Chaos thank their assistants Frank Johnson and Ben Zuhl. Anyway.

MEDIA COSTUME WINNERS: The Editor wishes to point out that the selections of the media judges' panel were considered an integral part of the Masquerade, however their announcement in the ceremony was glitched to appear an afterthought, nor when made, were the rankings shown at left made evident. The appearance was not what the committee intended.

ALAN FRISBIE, last seen in the masquerade photo area, wanted to publicly thank: Ctein, Kal Heydt, Andrea Mitchell, Joyce Scrivner, Danny Low, Terry Garey, Kathie Heyer, J. J. Mars, Dawn Plaskon,

**THE DALEY PLANET: NUMBER NINE NUMBER NINE - MONDAY Sept 6 - Wee Small Hours Edition**  
 Edited by Mike Glycer. Inspiration for this issue provided at about 3:30 AM by Diana Pavlac, Ward Batty, Iris Brown, and Myriad Waitlister Gary Eissner. While you can drop news anywhere in the hotel now, it's going to be about 360 days before my next issue. Artwrok this edition by Taral.

**1982 HUGO AWARD WINNERS:** In a world record time of 90 minutes, MC Marta Randall put the leading lights of science fiction prodom and fandom through their paces, handed out a lot of hardware, not to mention, rendered Wilson Tucker speechless for a new North American record of two minutes. She accomplished the latter by passing behind Tucker when he took the dais to award Best Fanwriter, grabbing a handful of his ass, declaring, "Smooooth!" and strolling away. Tucker, gasping in disbelief, incurred a severe attack of the giggles. Randall also engaged Robert Silverberg in this latter-day "duelling MCs" by lavishly complimenting him on wearing shoes in her presence for the first time since she'd met him. Silverberg claimed he was merely uncertain how early in the fall winter set in on Chicago.
