

# A NAKED KOALA IN NEW ORLEANS

These and many other things the people at Sydney in '91 are planning in order to win the Worldcon for Australia again.

The site for the 1991 World Science Fiction Convention will be chosen by members of the New Orleans Worldcon in September. Sydney in'91 will be campaigning to win it. One of our gimmicks will be to send a person in a koala suit to lobby for Sydney.

What do we have to offer? The game plan is for the con to be held at Darling Harbour (now you know why Brereton built it) with the Hugos handed out at a venue no less than the Concert Hall of the Sydney Opera House.

We will do radical things, we will do entertaining things. We will be participatory and innovative.

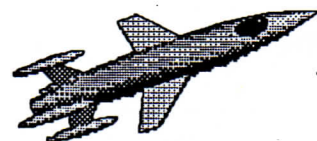

**BUT WE NEED TO WIN IT FIRST!**

Sydney's competitor for the 1991 con is Chicago. Now jokes about gangsters and violin cases aside, they are strong candidates. In fact, considering the 1990 con is being held outside of the United States -- at the Hague, in the Netherlands -- the chances of Americans voting for two overseas sites for the Worldcon in a row are a little slim.

That isn't going to stop us, but we need your help. Wouldn't you like to be in on the ground floor of the first Worldcon to be held in Sydney?

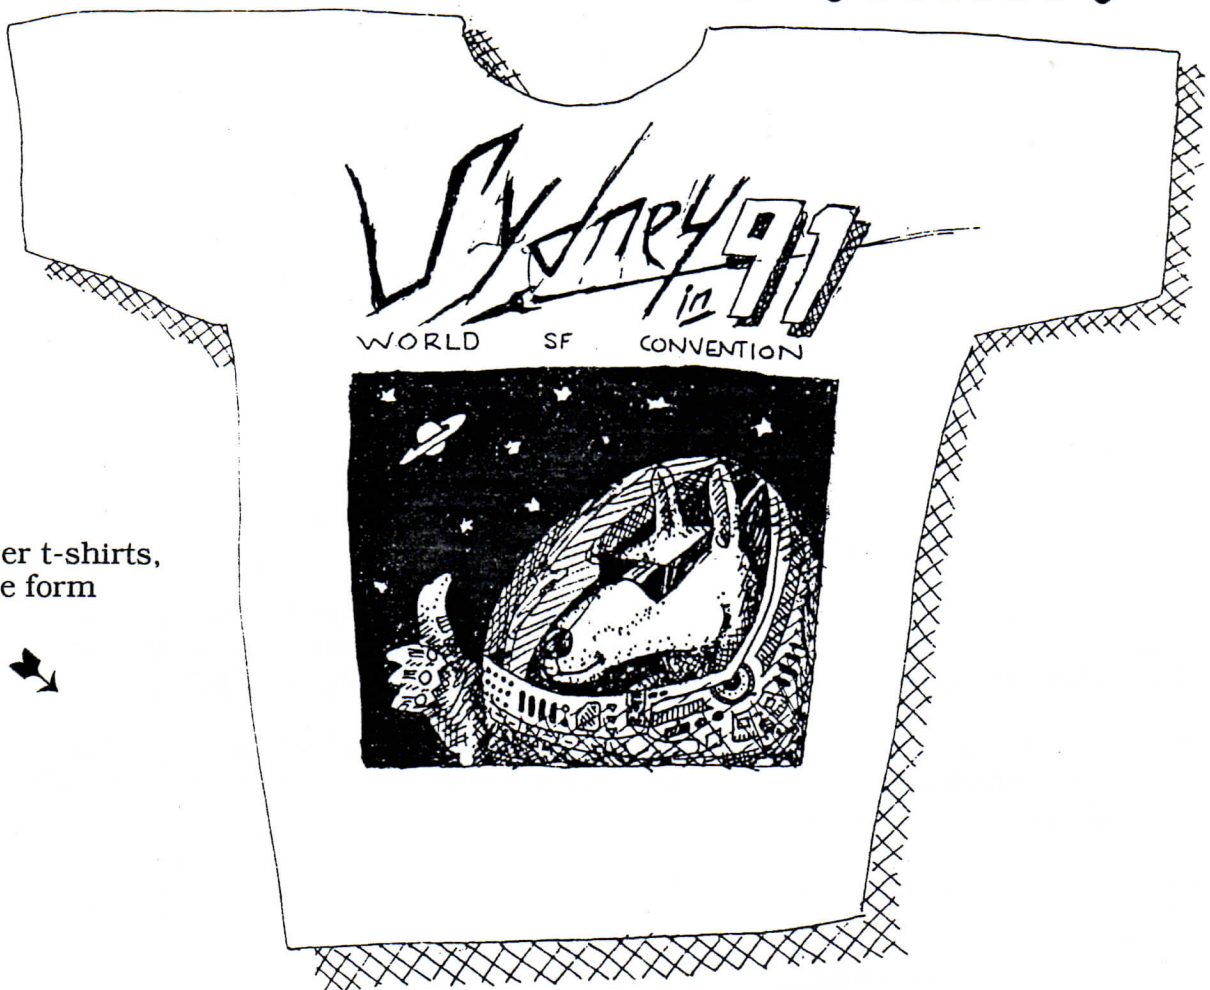

Join now as a pre-supporting member and help us beat Chicago. For \$10 you get Down Under Press, a light and funny desktop-published magazine/newsletter, and a credit on full membership if we win.

PLEASE HURRY! We've only got a few months to go. Fill in the application form on the reverse of this flyer and either leave it at the Sydney in '91 table (if you got this at CONVICTION) or mail it to us.

Even if you don't want to join, you might like to buy one our t-shirts (see the back of this page for an order form).
