HOTEL INFORMATION

For those of you who want to know... The Hilton Towers has 120+ Handicap Access rooms, and it will house the Huckster Room & much programming. The Marriott Marquis has 24 H/A rooms and will house the Art Show and the Masquerade. My recommendation: ask for the Hilton if you absolutely, positively want to be in a H/A room; if you want a brand-spanking new room just a few floors above the main H/A desk, try the Marriott; if you want a hotel with friendly staff who are interested in helping you enjoy ConFederation, flip a coin....

MEDICATION QUESTIONNAIRE

Anyone can suffer from an adverse reaction to a medication, and fandom's "work hard, play hard" attitude can mask a serious problem (Is it exhaustion, or is it...?). We ask you to list any prescription drugs that you will be taking at ConFederation, your doctor's name & phone number, and any medications which you're allergic to. The information will be printed on the back of your ID badge; in case of an emergency, this information will be available if you're not conscious.
