In Appreciation

The election of Detroit as site for the 1959 World Science Fiction Convention could not have happened without the help of many people. We who have been given the privilege and the honor of sponsoring that Convention would be less than gracious if we did not acknowledge our debt to them.

We do not know the names of many who voted for Detroit. To all these persons, whoever they may be and wherever they are, we are profoundly grateful.

Others, who helped to promote Detroit, we do know.

PROGRAM NOTES

Here it is only the end of October and already we have many things to tell you about the Program. The surprising thing about these facts is that they are facts and not just empty promises.

We have been promised a short talk by a member of the Astronomical Department of the University of Mich. explaining a new theory on the formation of the famed canals. To our knowledge this is the first time it will have been presented before a Science Fictional audience.

Willy Ley has promised to participate in a panel discussion. He has told us that he will stop by and talk to us on one of his monthly trips to Chicago from New York about a topic for discussion. I'm sure that you will be interested in listening to this informative discussion. There will be further details in the next progress report.

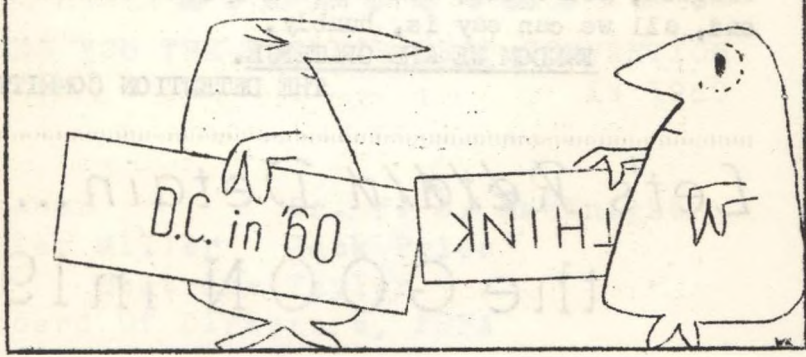

While we were in L.A. we talked to Arch Obler; he assured us that there would be no difficulty in obtaining the movie "Five" for the Convention.

Turk Murphy's Dixieland Jazz Band was in town last month. We talked to Turk and he remembers the great time he and the fans had at the Masquerade Ball in 'Frisco. He would like to play for us again and will if he can arrange his schedule so that he will be in the Detroit area Labor Day weekend.

Because we understand the normal financial difficulty of the fan and the expense account of the pro, we are offering two different banquet meals, prime rib of roast beef, and ham. We are currently dickering with the Hotel over the price. We will publish the two prices in our next progress report. At that time we will be asking you to send your reservation and if possible the money for the meal that you want.

For the fans we will have at least two panel discussions. One will concern itself with amateur publishing; the other will be about fandom's old days.

...and those who have been so kind as to...
 ...the many who boosted Detroit in their...
 ...word of mouth.
 ...Especially we would like to thank...
 ...LARRY SHAW, whose enthusiastic aid...
 ...NICK & NORMAN KILPATRICK, for the loan of their...
 ...renewable, for their moral support, and to...
 ...wise, valued counsel.
 ...BETTY JO WILKS, whom we can never properly...
 ...for her brilliant cartoons and winking...
 ...RAY NELSON, whose greatest effort in our...
 ...never saw the light of day.
 ...MARK & BILLIE DITZ, who advised us, supplied...
 ...useful promotion material, and gave us their...
 ...support.
 ...HARRY GRAM, for valiant service in the camp...
 ...too.
 ...THE SOLIDUS COMMITTEE, especially Ian & Ann...
 ...at, Jim Wilson and Nick Greary, whose position...
 ...them to be neutral before the voting, but who...
 ...came generous behind curtains.
 ...and finally, KIMMY and RAY NIGHT and...
 ...GEO SOUTHERN FLOREN LEAGUE, who fought hard on...
 ...sides, but never maliciously, who remained...
 ...one extends throughout the campaign, and who...
 ...defeat with more grace than...
 ...shown.
 ...Others also deserve special mention, S.M. ...
 ...M. Brady, Ivan ...
 ...Judson, Ben ...
 ...but the list...

Foremost among these--and too numerous to mention here --are those who sent their letters and postcards endorsing Detroit. We are indebted to them, and also to the many who boosted Detroit in their fanmags and by word of mouth.

Especially we would like to thank--

LARRY SHAW, whose enthusiastic aid amazed us.

NICK & NOREEN PALASCA, for the loan of their addressograph, for their moral support, and for their wise, valued counsel.

BETTY JO WELLS, whom we can never properly reward for her brilliant cartoons and bubbling enthusiasm.

RAY NELSON, whose greatest effort in our behalf never saw the light of day.

FRANK & BELLE DETTZ, Who advised us, supplied much useful promotion material, and gave us their personal support.

HONEY GRAHAM, for valiant service in the camp of the foe.

THE SOLACON COMMITTEE, especially Len & Anna Moffatt, Jim Wilson and Rick Sneary, whose position forced them to be neutral before the voting, but who then became generous beyond measure.

And finally, EARL KEMP and FRAN LIGHT and the CHICAGO SCIENCE FICTION LEAGUE, who fought hard and honorably, but never maliciously, who remained our generous friends throughout the campaign, and who accepted defeat with more grace than, perhaps, we might have shown.

Others also deserve special mention, E.E. Evans, F. M. Busby, Lynn Hickman, Don Ford, Ron Elliot, Dick Ellington, Ben Jason, Ben Stark . . . but the list has no end, all we can say is, humbly,

RANDOM WE ARE GRATEFUL.

When we started our inspection of Detroit hotels we looked for several important things in our future convention headquarters.

We wanted a hotel big enough to hold our convention comfortably, yet small enough so that we would receive top billing from the hotel. The 900 room Fort Shelby is large enough for us, but not large enough to place a second and larger convention on top of us. We remember the Airborne Division Convention that shared the 1953 Philcon hotel with us.

We wanted a hotel that is clean, well lighted and modern. One that would not be too costly for the average fan and wife. But we have not sacrificed quality for cheapness. Yet the cost is \$1 to \$3 less on all rooms and banquet meals than the other major hotels in town.

We wanted a hotel with a friendly instead of a stuffy attitude. We recalled the close out deal given the Frisco Con by the Sir Francis Drake Hotel. We were told by the Detroit Convention Bureau that the Shelby has the friendliest atmosphere of any hotel in town. A VFW Regional Convention held there last spring didn't even break down their morale.

The Hotel Fort Shelby is the best Convention Hotel in town for the money and convenience, we are sure that you will be as satisfied with it as we are.

AIR-CONDITIONING: Not all of the sleeping rooms at the hotel are air-conditioned. If you want an air-conditioned room specify it when writing for your reservation.

tion. The cost will be 50¢ a day.

ROLL-A-WAY BEDS: Extra beds can be placed in rooms and SUITES for \$2.00 each.

CHILDREN: Children under 14 accompanied by their parents are free of charge.

SUITES: One bedroom and parlor from \$21.00 to \$23.00. Two bedrooms and parlor from \$33.00 to \$37.00. A deluxe suite consisting of parlor, bedroom and bar runs \$42.00; add \$14.00 for one more bedroom. None of the parlors have sleeping arrangements, but two roll-a-way beds can be placed in each. One roll-a-way bed can be placed in each of the bedrooms.

Single room..... \$6.00 to \$10.00

Double room, double bed..... \$7.50 to \$11.00

Double room, twin beds..... \$9.50 to \$13.00

THE INCORPORATION & US

By now most of you have heard that the WSFS Inc. was "dissolved" by a vote of the membership of the 16th. World Convention. It's unfortunate that so many people are using that word, "dissolved". Actually the only action taken was the approval of the following petition: "We, the general membership of the World Science Fiction Society, Inc., hereby petition the Board of Directors and/or the Convention Committee to dissolve the World Science Fiction Society, Inc. and return the Charter to the State of New York, as soon as the bills of the present convention have been paid."

This petition was subsequently submitted to the Board of Directors of the WSFS, Inc. by Anna Sinclare Moffatt, Chairwoman of the 16th. World Science Fiction Convention. What action said Board of Directors plans to take concerning the petition we do not know.

Detroit was selected to produce a convention by a vote of the membership of the 16th. World Science Fiction Convention not, as Mrs. Moffatt made clear during the meeting, The World Science Fiction Society, Inc.

Your convention committee is operating under the assumption that it is completely outside the WSFS, Inc. We are willing to accept any assistance or advice they may offer us, but we are in no way obligated to, or dependent on them.
