**THOUGHT POLICE GAZETTE NUMBER THREE:** Morning August 31. Edited by Mike Glycer. News dropoff points for the daily newzine are in the Manhattan Room of the Hilton, and in Information (Garden Grove #4) at the Convention Center. Open party tonight? Give us the info for our evening edition. Logo by Charles Lee Jackson 2. P2 prepped by Anne Pinsow.

**ICE CREAM SOCIAL & MEET THE PROS MOB SCENE** (Reported by Marjii Ellers): For at least two of the pros Friday night at the Worldcon was more than just a good time with Mickey Mouse beanies. Barbara Hambly, whose first five novels have been instant successes, was approached by a fan from out of town to be Mythopoeic Guest of Honor over Thanksgiving weekend, if she were free. She accepted, and asked where? --In Delaware, all expenses paid. This is a first for her; all of her appearances at cons have so far been local.

"This has been a very strange day," Harry Turtladove said. "This morning I took my wife to the hospital, and we had a daughter born at three this afternoon; here I am this evening as a not-yet-published author in a room where I don't know anyone except George Scithers. I've never been to a con before." Declining an offer to buy him a Shirley Temple or to introduce him to some of his colleagues, he wandered away bemused.

In attendance, some being better sports about wearing their beanies than others, were (in no particular order, but just about as found and identified) John Varley, Victor Milan, Jarrod Canistado, Robert Jackson, John Roberts, Kelly and Polly Freas, Steve Goldin, Sydney Joyce Van Scyoc, Mike Hodel, Walt Liebacher, Joan Winston, Arlen Andrews, Lillian Stewart, Mike Hodel, Paul Edwin Zimmer, Don Franson, Mike Hodel, Michael Kube-McDowell, Frank Catalano, Timothy Zahn, Harry Harrison, Pat Ortega, Diane Duane, Dr. Gregory Benford, Charles Sheffield (with what he refers to as a residual accent), Somtow Papineea Sucharitkul, Mike Hodel, David Hartwell, John Steakly, David Gerrold, Marc Stiegler, Walter Breen, Richard Myers, Steve Perrin, Andy Porter, George RR Martin, Donald Kingsbury, Marion Zimmer Bradley, Steve Barnes, Larry Niven (who not only was a good sport about the beanie, but even had his picturé taken!), Poul Anderson (whose mouse ears were worn front to back, like an admiral's hat), the stentorian Dr. Jerry Pournelle, Ctein, Diana Paxson, Jack Williamson, R.A. Lafferty, Jim Frenkel, Jack Chalker, Alexis Gilliland, Joan Vinge, Brad Linaweaver, Elizabeth Mitchell, Joseph Delaney, Gil Lamont and Edward Bryant. Gerald Pearce who worked for Disney for seven years and never got a hat with ears, was given one and it was too small, but he wore it anyway just long enough to say he had done it.

**SPECIES DIFFERENTIATION REPORT:** The Con Suite is 5-324, which is not the same thing as the Fan Lounge in the Palos Verdes Room.

ROAST A PRO FOR DINNER: Passes to the 1984 SFWA Celebrity Roast are still available for a \$5 donation and are available at the SFWA table on Friday from 11 a.m. to 7 p.m. and Saturday from 10 a.m. to 2 p.m. (or until the event is sold out.) It may be necessary to obtain a larger room. The program consists of one hour of slow stretches and spot toning exercises. (Reported by Andy)

A "WHAT IS IT": "Fandom is a Way of Death" is a murder mystery set at this convention. With only two exceptions, all the characters are well-known fans and Pros. Many scenes are set at program items making it not only a fun mystery but a souvenir of this year's Worldcon as well. NOTE: Do not open the sealed envelope containing the solution until after the Fandom Is a Way of Death panel on Sunday. At the panel the audience will get to vote and probably debat on Whodunit.

WOULD YOU REALLY BELIEVE WHAT'S HAPPENING?: Attention, Peter Wareham! The denim jacket you left with the Murrays in Kansas City flew west with Jan Gephardt. DAVE - JUST IN CASE IT'S NOT OBVIOUS, THIS ONE WAS  
NOT OFFICIAL

# Thoughtless POLICE GAZETTE

This is the TPG#4, being produced by three guys, the other two of which refused to give their names -- Ray.

Surprise 1986 Worldcon Winner: The business meeting today voted that no site selection ballot would be valid without the signature of the voter. Since the ballots supplied by the LACon II committee did not include a line for signature, all ballots were declared invalid. An emergency session of the Standing Committee of the WSFS (uninc.) was called to decide the site of the 1986 Worldcon. Noting that the expected profit of LACon II is over \$250,000 (after air-conditioning their clubhouse), the committee voted to allow Baltimore to run the 44th Worldcon in order to raise the money to pay off their debts. All members of Constellation who voted in site selection are entitled to a five-dollar refund when they convert to attending membership.

Special Celebrity Guests to Present Hugo Awards: With LACon II's excellent connections to the film industry, arrangements have been made to have William Shatner and Harrison Ford present the Hugo awards on Sunday evening. Also to show his progressive attitude, the finale of the Hugo Award ceremony will be a unique kick-off to his presidential campaign by Ronald Reagan. The weapons policy will be strictly enforced throughout the ceremonies. A more formal campaign speech will be held Monday, as previously announced.

Limited Circulation: At the express request of the Fire Marshall, all stairways at the Anaheim Hilton & Towers will be closed and locked between 10:00 PM and 2:00 AM so they will be clear in the event of a fire.

Lost and Unfounded: If you get lost in the winding hallways of the Hilton, DO NOT ask the staff for directions. Most of them have been lost since the hotel opened. There is no truth to the rumor that the Hilton is the reincarnation of the Sheraton-Park hotel -- it was specially designed for LACon II.

LACon II Bails Out Constipation's Debts: In a followup to an earlier news item, LACon II has determined that its enormous profits will allow them to pay off all of Baltimore's debts at \$1.50 to the dollar, thereby also covering interest and late payment fees. This will also reduce their profits enough to keep the IRS from getting suspicious. LATE UPDATE: Printer refuses bailout plan!

## PARTIES

DANA SIEGEL (Party Editor): I would like to apologize to Ken Moore and Nashville for mistakenly printing that there was a party in their room last night -- I was given erroneous information. From now on all parties must be submitted in writing before I will put them in the evening partylist. (In view of that new policy, a few parties that might exist for tonight: Alpha Centauri, Albuquerque, New Mexico 6-515. Miami in '89 -- 10th floor (7:30-10:00) (If you can find it, there will be free food and all the booze you can drink.)

DANA'S PARTY REVIEW FROM AUGUST 30: The best party last night was the Atlanta in '86 party. Their location was by far the nicest of all the parties, since the overflow was able to spread out onto the Lanai Gardens. The Peach Daquiries met their usual high standards for drinks, and were great to drink while sitting under the garden umbrellas.

The second best party for the night was the Austin/Nasfic Party. They continued their tradition of having the best food, atmosphere and entertainment. Unfortunately, this backfired, since their party was always so crowded that it was uncomfortable. If you didn't do so last night, be sure to enter your name in their fannish computer dating service. They need more data in their data bank, so go tell them what your favorite bug movie is.

HUMONGOUS TWELVE HOUR KILLER WORLDCON bidding party for Philly in '86 runs til tomorrow morning at 5AM. The premiere of the concluding chapters to "The Adventures of Phil A. Delphia" will air.

**MURDER MOST FOUL:** (byline - Anne Pinzow) "Fandom Is A Way of Death" was confessed today by Bill Warren and Allan Rothstein. The two did not submit fully to questioning, so the detective Johnny Atlantis will still have to search for clues, such as "bodies hidden beneath the ice in bethtubs to keep drinks cool." Said Allan Rothstein, "The concommittee has to hide the bodies until they can find the murderer." All suspects, and ghosts of honor /one was already haunting the interrogation room/ will be present at the final interrogation on Sunday. It was noted that the murderer was choosing only fans from California. "It's unfair, we know, but we don't travel much," admitted Allan, however, "You don't even have to attend the convention to figure out whodunit." A member of the gang of instigators seems to have mastered the mystery -- even given the wrong clues.

NUMBER SIX: Saturday, September 1, 1984. Edited with utter casualness by Mike Glycer in the Manhattan Room of the Anaheim Hilton. Logo by Stu Shiffman. News drop points in the ConCtr Information Room, and the Manhattan Room. Where can you find this daily newzine -- on the freebie boards in the ConCtr, at Information, in the Manhattan Room, and dropped outside the film rooms -- until Housekeeping finds them. Otherwise, keep your eyes open. We've been dropping piles in front of the party board, second level Hilton, but they're classified as litter by the hotel, and strangely, few fans have been disputing the decision!

Our main hotel has just gone into receivership and one of our secondary hotels has missed two reopening dates, with no new date being given. With this hotel situation we cannot guarantee everyone a room within walking distance of our convention center. Our motto has always been and always will be 'If we can't do it right, we won't do it.' Our presupporting members will be receiving a letter of explanation. Thank you for your support & interest."

TRUE POOP ABOUT THE BUSINESS MEETING: (byline - Leah A Zeldes) L.A.con II members who struggled out of bed early this morning to attend the WSFS Business Meeting were treated to a much better show than usual. The best presentation was made by DUFF delegate Jack Herman, who brought visual aids for his proposed amendment to a Craig Miller motion dividing the US into two zones for site selection purposes. Herman illustrated his proposal which extends bidding zone boundaries around the entire globe (at 60° longitude) with a map featuring Australia at the top and the US at the bottom. His comments about the division pointed out that the eastern hemisphere would become the new "Western Zone", and that the USSR could bid in any year, but that was only fair since the US could, too. Ben Yalow spoke for the motion saying it would solve the problems in any year "when you have a wimpy zone."

PARTY NOTES: by Dana Siegel, Society Editor. Last night's best party by far was the Miami in '89 party (10-417). Their food was delicious, catered by the fancy Italian restaurant in this hotel (Pavia), and the booze never stopped. It was the party of my dreams, and if you wondered where all your favorite writers and BNFs were, this is where they were all night. Their view of the pool was very nice, and since the party was mobbed all night, the overflow kept falling into the pool. This is the party not to miss, so if you weren't there last night, be there tonight.

Remember to ask Andy Porter in the Huckster Room where his party for Bob Heinlein will be tomorrow night. He has asked me to tell you that Heinlein will not autograph more than 20 books for any one person, so get your friends to carry your extra books.

The best partiers of last night, by far, were those wild and crazy imports: Jack  
(continued)

(continued)

Herman (duff), Justin Ackroyd (guff), and Carey Handfield (just a random Aussie). When these guys took off all their clothes, smeared their macho bodies with Vegemite, and took over a Jacuzzi (the coldest one) things really got steamy. They are all such great guys that I think everyone should attend the Taff/Daff auction tomorrow at 2 p.m. in the Palisades Room, and give them lots of money (we want to make sure they all go home).

MEMBERSHIP: Per Bruce Pelz -- TOTAL as of 8/31/84 = 7651. ATTENDANCE as of 8/31/84 = 5279. New members as of 8/31/84 = 911.

BLATANTLY SELF-SERVING IMPERIAL PLUG: CLJII Television and MAC VIDEO are taping a series of action-adventure Videos during the autumn and winter weekends upcoming. They are looking for people both to act and to work behind the camera, to assist the key production team. Fred Harris of Authors Services says the names of the judges for this contest are "Totally confidential."

There will be no Monday Business Meeting.

The 1986 World Science Fiction Convention will be Confederation in Atlanta. The WSFS Standing Committee now consists of: Penny Frierson (Confederation) serving through 1988; Jack Herman (Aussiecon II), Willie Siros, Rick Katze, Ross Pavlac serving through 1987; Milt Stevens (LAcon II), Don Eastlake, Leslie Turek, George Flynn serving through 1986; Peggy Rae Pavlat (Constellation), Ben Yalow, Jim Gilpatrick, Kent Bloom serving through 1985. Contact address: POB 1270, Kendall Sq Station, Cambridge Ma 02142.

The 1984/1985 WSFS Site/Rotation Study Committee consists of: Ross Pavlac (Chair), Craig Miller (Asst), Malcolm Edwards, Jack Herman, Robert Hillis, Tony Lewis, Ben Yalow. Contact address: c/o Pavlac, Chicon POB A3120, Chicago Il 60691.

The Study Committee will consider a proposal to divide the world along the Mississippi River and 60° East forming two regions for site selection. Items 1, 2, & 3 (page 190 of the Program Book) were ratified. Amendments were adopted (for ratification at Aussiecon II) to restore write-in votes on site selection, to raise the default voting fee to \$20 (US money or equivalent), to have the NASFiC selected in the year following the selection of the overseas Worldcon (at the NASFiC if there is one), to allow the use of the national equivalent of Robert's Rules, to put the NASFiC in the purpose and the list of protected marks, to fund the WSFS Standing Committee with 5% of the default voting fees collected with the Site Selection ballots. Motions were passed requiring the Worldcon to be neutral on site selection, requiring short titles on new business for the business meeting, censuring LAcon II for withdrawing an offer of a free table to Britain in '87 and requesting that the table fee they had to pay be refunded.

Correction: In issue #6, we quoted Ben Yalow as saying that a certain motion would solve problems in any year "when you have a wimpy zone." Mr Yalow was speaking against having "wimpy zones" at all. We regret any misinterpretation. Now if we could only do something about wimpy SMOFs.
