

# Getting around LoneStarCon 3!

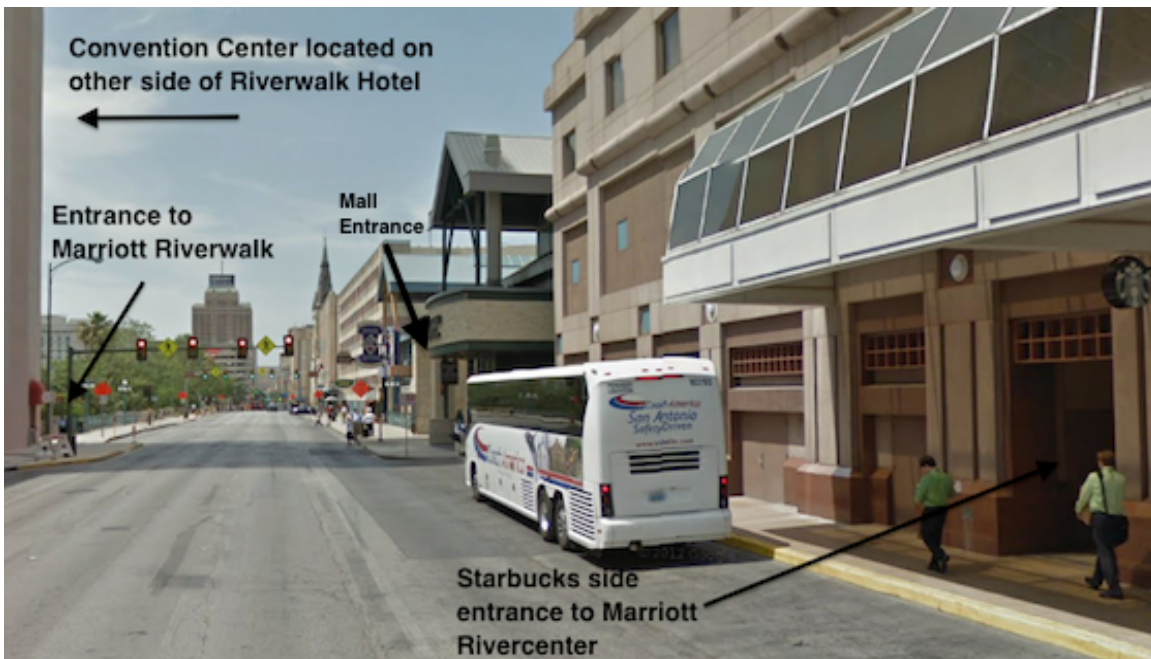

Facing the convention center, with your back to the Marriott Riverwalk, you want to enter on the right side of the convention center.

\*Notice the yellow cab

Convention center entrance on the left, entrance to the Marriott Riverwalk on the right.

\*Same yellow cab as in photo above on left.

After passing through the Marriott Riverwalk, you exit and cross the street to reach the Marriott Rivercenter.

Each photo above has exits (stairs) to the Riverwalk level if you prefer that route. There are entrances to both hotels and the convention center from that walking path.
