JAN. 1989

WE'RE BAAAACK!

The following is a quote from the Stone Hill Lauch Times, Volume 2, No. 11, November 13, 1988. Edited and written by Ann Morris. This rates almost as a letter of comment pertaining to OASFis' and MagiCon's Quick efforts to raise some money to help pay for damage done to the Holiday Inn that occurred during Necronomicon in late October. Mark Baumgarten Passed the hat and Bill Wilson came up with the words to keep Necro going.:

An extra special "THANKS!" needs to go to the members of the MagiCon World Con bid and O.A.S.Fi.S and S.F.S.F.S. for taking up the Necronomicon "Hole in the Wall Fund." For those of you who were not at Necronomicon '88, an explanation is necessary. We had on of the problems which seems to have been plaguing a lot of conventions around the country in that we had someone or several someone's who came only to act in a destructive manner and cause trouble. It was discovered that holes were being kicked in hotel walls by someone at the con and we were liable for the damages. When this fact was brought to the attention of the convention attendees, the MagiCon, the Orlando Area Science Fiction Society members and the South Florida Science Fiction Society members present began passing a hat at their Saturday party and collected about \$250 to help pay for the damage. They presented the money to us at the Sunday afternoon Wildlife Rescue charity auction with the reason to do so -- "TO insure the future of Necronomicon." More than the money, we appreciated the support and camaraderie shown to us by the people who donated it. There have been many times I've wondered just how good fandom really is, but this was not one of them. This was a time when having been faced with the worst element in fandom, the best in fandom was brought to light.

Ann goes on to note that the hotel wants them back and Necronomicon '89 will be at the Ashley Tampa Holiday Inn October 20th - 22nd, 1989.

* * * * *

This is the big year, folks, let's show a united front and let the world know just how organized Florida fandom can be!!

PS. If anybody has a problem with my covers, please be open about it but at the same time let's not take ourSELVES or fandom toooo seriously.

Random Thoughts and Information
by Susan A Cole

Please check the information on you in the committee roster. We need current telephone #'s so we can contact you. If you don't like the way I have your name, please let me know. Also please check your status as a Noreascon III member. Remember if you are not at least a supporting member of Noreascon III, you can not vote. If you don't plan on voting, why are you on this committee? Contact Judy or I if you need a Noreascon III membership form.

I am sending EVERYONE a statement this month. Please review it and notify me if anything is incorrect. These are the numbers that I will use to file our 1988 tax return. Statements for January dues will not be distributed until after the dues vote. The next statement will also include February's dues since I will be mailing it after the 22nd of January. I hope to have a "Financial" report out just before the tax forms are filed.

We have new stationery. If you need any contact Judy or I.

The Travelling Trufan #2

Prepared for the January issue of the MagiCon internal apa, MAGI-APA, by Judy Bemis and Tony Parker, 1745 N. W. 4th Ave., #5; Boca Raton, FL 33432. Phone (407)391-4380. Produced: January 1989.

This issue includes a first draft of the Noreascon questionnaire answers that we have been able to collect to date (including an attempt at some of the "essay" type questions. Please EVERYONE read this carefully and suggest changes, correct errors and fill in the TBDs (To Be Determined). This MUST be in final form and delivered to Noreascon by Feb. 15th!

While I am at it, SEND IN YOUR RESUMES IMMEDIATELY. I have ONE in hand from Melanie. We NEED the rest to send in with the questionnaire!

I should also mention that I have taken some editorial license to get answers on paper (even when the issues are not yet decided by the committee in some cases). Obviously, these answers will be changed if they are not consistent with committee policy when it is decided (SOON, I hope).

Joe looked over the copy you have here and spotted some errors. One is the omission of a more detailed response to I. 6. by Edie Stern which I apparently neglected to take home from the Siclari/Stern residence, but which listed a number of the particular special skills (lawyer, accountant, medical, mathematician,) before referring to resumes.

We will be missing the January meeting in order to attend Confusion in Detroit for the bid (not to mention Chattacon the previous weekend and Boskone the next), but you have our address to send us answers. Thanks.

We may have a date discrepancy in the current party list - Dick Spelman's convention list lists Inconjunction and Midwestcon on the same weekend (and Westercon?!). Someone should check ^{the Midwestcon date} and make sure this isn't true.

I. 1. Names and titles of all bidcomm members are:

2. TBD

3. TBD

4. All of the committee have worked on various conventions with other committee members, including our local conventions, Tropicon and Oasis, as well as other regional conventions, NASFICs and Worldcons. For more information, see individual resumes included.

5. Staff level or above experience - 2 worldcon chairs? _ dept heads? __ division heads? See resumes for more detail.

6. We have at our disposal (list) of special skills. See resumes.

7. The organization, Florida Association for Nucleation and Conventions (FANAC), Inc. is incorporated as a Florida not-for-profit corporation. We plan to apply for tax exempt status with the IRS.

II. 1. a. TBD

b. \$20

c. higher - it would not be fiscally prudent to set these rates at this time.

2. The total amount that we, as a committee expect to spend on our bid is \$____. Of that amount \$____ to date is income from our ____ presupporters, while \$____ is expected from committee assessments. The remainder will be raised from other sources (donations, t-shirt sales, new presupporters, etc.). The \$5 discount on convention attending memberships will be made available to presupporters. Committee assessments of \$____ will be reimbursed [only after the convention if the convention has a surplus]. No other reimbursements of bid expenses will be made unless the convention has a surplus.

3. As stated above, presupporters will receive a \$5 discount on the purchase of their attending membership. There are currently over 1700 presupporters of our bid.

4. Magicon DOES NOT AND WILL NOT sell any "special privileges".

III. 1. Magicon will be held in the Greater Orlando Metropolitan Area.

2. The official expected dates of Magicon are Thursday, Aug. __ through Monday, Sept. __, 1992. We definitely encourage all attendees to come early and stay late.

For the dates of the convention the average high temperature in Orlando is __ degrees F (__ degrees C) and the average low temperature is __ degrees F (__ degrees C) while the average humidity is __%. There are usually brief showers in the late afternoon which cool things off.

4. [Orlando committee members are researching this question].

5. The nearest interchange with a superhighway (the Bee Line Highway) is 0.46 miles from the Orange County Civic Convention Center and the Peabody Hotel.

* The Clarion Plaza has not been a part of our bid advertising package since it is not scheduled to open until Jan. 1, 1992. While we believe we have a great package even without the Clarion Plaza, it is only fair that we mention here the exciting additional possibilities that this new hotel provides. While we realize that plans for new facilities like this are sometimes subject to delay, everything we have seen to date makes us confident that the new Clarion Plaza will be available to us to make the Magicon facilities package even better!

e. We currently have a letter of agreement with all of the above facilities. [CLARION]

f. While it is too early for us to provide costs associated with our use of facilities in the Orange County Civic Convention Center and the Peabody Hotel, it is important to note that Florida is a "right-to-work" state and that both the Peabody Hotel and the Orange County Civic Convention Center routinely employ a non-union workforce. Magicon expects to have none of the difficulties with union workrules and requirements that many large conventions encounter.

3. Our two largest function rooms are:

Orange County Civic Convention Center

Hall A 48600 sq. ft.; 4700 max. seating cap.

Orlando Peabody Hotel

Plaza International Ballroom 26680 sq. ft.; 3200 max. seating cap.

It is still too early to determine which activities best fit which which function rooms, although Hall A is certainly a good candidate to house the masquerade and the Hugo award presentation.

4. Our two largest exhibit halls are:

Orange County Civic Convention Center

Hall C 80000 square feet

Hall B 70000 square feet

It is too early to determine which convention activities best fit these two huge exhibit halls, though clearly they could hold the dealers' room, art show, fixed exhibits, and still have room left over.

5. None of our facilities have previously hosted SF conventions.

6. There is abundant FREE parking at all of our hotels. For those attendees who wish to park at the convention center, there is currently a nominal charge of \$____ per day.

7. Every hotel in our package has AT LEAST one swimming pool. Regular hours of operation range from _____ to _____ and we expect to be able to arrange for extended hours of operation for the convention.

8. [I am waiting for Becky Thompson to send me the hotel brochures which contain all of this information.]

9. Unless we have an exceptionally large attendance at Magicon that forces us to utilize our outlying hotels, we believe that the convention facilities will be within easy walking distance for the vast majority of attendees. We will, however, in consultation with Electrical Eggs, evaluate the needs of physically disadvantaged

attendees and make appropriate reasonable efforts to accomodate them. Of course transportation to the most popular local attractions is provided [free?] by all of our [major?] hotels.

V. 1. The neighborhood around the convention center is clean, new, crime-free, and built to cater to visitors.

2. Please see the enclosed restaurant flyer which lists a large number and variety of restaurants with price ranges and a map showing distances from the principal facility. Since we were asked, we estimate that the total capacity (meals per evening) of all restaurants within a one mile radius of the principal facility to be 97743 (ta da!) (actually 75,000 to 100,000), and within a 5 mile radius - 1.8 million (but who's counting). Let's see, that works out to one meal per evening for 1,800,000 fans OR 100,000 meals per evening for 18 VERY HUNGRY fans!

3. When you are not attending the convention you might want to:
Visit Kennedy Space Center, and tour a piece of our future
Walk on a one-acre map of the U. S. A. at Places of Learning
(and visit a terrific bookstore)

Eat Moroccan delicacies at the World Showcase in EPCOT Center

Get wet in "Pirates of the Carribean" in Disney's Magic Kingdom

Find out what Harcourt, Brace, Johanovich is doing to save endangered manatees at Sea World

Tour the "House of the Future" - Xanadu, one of the Orlando areas most offbeat sights

There are hundreds more. For a selection, see our "92 things to do" flyer [attached] [to be distributed soon].

VI. 1. [Joe to write]

2. We consider DC in '92's strongest points to be their proximity to Northeast corridor site selection voters and the fact that they are a well organized group.

3. On the whole, I think to date we are satisfied with the way our bid has progressed; we have done very well, given the resources available to us. If we had a time machine, I think we would get out more informational flyers earlier (on special activities, facilities, resteraunts, committee, etc.) and we would have started our bid with a big splash.

4. [Becky to write] Include space center programming, behind the scenes of movie studios (Disney/MGM, Universal), Disney, and Sea World (Marine Research)

5. "Why I Want to Run a Worldcon" [Edie]

"Why I Want to Run a Worldcon"

An Essay Proving Nothing in 250 Words or Less

ORLANDO, WHERE MAGIC MEETS TECHNOLOGY. The theme of our convention is echoed in our city, our local industry, our committee interests and our intentions.

Our plans for MagiCon are to take full advantage of our proximity to Kennedy Space Center and marine research, to revel in the magic and adventure characterized by Disney's Magic Kingdom, Sea World and Xanadu, and to explore the ways in which science fiction and fantasy have meaning and interest to us.

The Worldcon is the place where devotees of science fiction and fantasy literature meet to celebrate the field. Our committee is eager to earn the right to put on the fields' annual reunion, and provide the structure and programs with which we educate, enlighten and entertain each other about the riches of our field.

Science fiction and fantasy can be serious and constructive, as well as a heck of a lot of fun. Our committee is experienced in the many forms of expression of the field — from sercon to blatantly silly. We have our share of fan historians, film aficionados (delighted with the new Disney/MGM and Universal studios), SCA seneschals, NASA groupies, mathematicians, lawyers, and died in the wool fans of that crazy Buck Rogers stuff. We believe we can present a well-rounded, complexly textured, entertaining festival of the field. One to make Roscoe proud of us!

?? - indicates possible conventions where we should unveil new MagiCon promotion items

☞ - place ads in Program Book. This was revised and budgeted. For Noreascon, ConFiction & Chicon, we want ads in all Progress Reports.

This is old info. Regional ads: 1 page for Boskone, Westercon, Swancon, MileHiCon & V-con where we will probably *not* have parties.

1/2 page for Lunacon, Balticon, Philcon & DSC, where we will have parties.

(Discon III party) - Discon had or has announced a party. Keep track of cons you attend so we can keep this note up-to-date on their activity. Thanks.

NOTE: FLYERS COLUMN - The numbers are only for those cons where we are mailing flyers. If anyone is at the con, they should put out LARGER stacks of flyers and be sure to go back at the end of the con to pick up the extras. ☞ - next to a number in the "Flyers" column indicates the number to be brought including the party pack.
