

# A JOHN W. CAMPBELL POSTAGE STAMP ?

The United States Postal service regularly issues postage stamps in honor of men and women who have contributed to science and the arts. What better way could there be to honor the man who gave us Isaac Asimov, Robert A. Heinlein, Poul Anderson, Theodore Sturgeon, A. E. Van Vogt, Lester del Rey, and a host of others! In developing mood pieces, in encouraging good characterization, and in raising science fiction from the pulp level, he even laid the foundation for today's New Wave.

If you agree that there should be a John Campbell commemorative postage stamp, write to:

The Postmaster General  
United States Postal Service  
Washington, D. C. 20260

## I M P O R T A N T ! :

- \* DO NOT use form letters or petitions. Use your own words and explain why John Campbell should be honored by a commemorative stamp.
- \* USE A SERIOUS TONE. Let's not let the Postal Service think we're some kind of nut group - even if we are!
- \* If you have a professional designation or title, or if you have any other kind of "respectable" title, use it in your letter.
- \* If you know any "prominent people in the community" who appreciate John Campbell's contribution to science fiction, encourage them to write.

This flyer is produced with the permission and the full support of the NOREASCON Committee.
