

The **SUNGON** BLOOD DRIVE...

Yes, it's true! We will take almost anyone. But if you are a deffered donor, come to the blood drive anyway. We'll be having an autograph panel of authors like Robert A. Heinlein, Hal Clement, Larry Niven, David Gerrold, and more. We may also have a filksing going for the donors. Of course, this is subject to approval by the Con Committee. But one way or the other, we plan to have fun with this drive. So donate now (and at the Con too?) and bring proof of your donation or defferment. We'll have notices up at registration to let you know the time and location of the drive. We'll also post a schedule of the authors on the autograph panel. We hope to see you there.
