EDITORIAL

This is in lieu of S.P. proper. The next ish will be a combined Sept Oct issue, and we want some material to publish - otherwise, I have in hand a snorter of an article by Jack Banks, a little story that is tops, - by a newcomer to Fandom's writers who is an artist into the bargain, see above. Poor reproduction makes the pic. hazy, but it sure is a honey. The above offering by the "Hermit of the Highlands" is the first of a new series. You're sure to like these. I expect I am late with this, but it will bear repetition. Art Williams is well again, and plans to edit a super 'zine called UNIQUE. Rally around both him and myself, in the shape of SP. Tell me what you don't like about S.P., and then correct it by contributing something that you do like. Until I see you in print, next issue, Clear Ether,

Printed by H.K. Bulmer, 195, High Street, Lewisham, and very kindly distributed with Futurian War Digest by J. Michael Rosenblum Esq.,
