Congratulations to our new President, Claire Brialey!

See Jack Herman's report on the results of the 2010 Anzapopoll. It's part of the OBO. On behalf of the membership, thanks to Jack for being OBE for 2009-10 and conducting this year's poll. Thanks to all those who voted.

Finances 2009-10: Back in black

Thanks to your donations, I was able to rule off on 2010 as a clean slate. We had no cash left at all (well, \$+13), so we did not start the new ANZAPA year in the red. I have listed as donors: Heather Johnson on behalf of Karen Gory (\$10); John Newman (\$40); Eric Lindsay and Jean Weber (\$60); Terry Morris (\$10), Bill Wright (\$30); Jack Herman (\$10); Roman Orszanski (\$20); Cath and Marc Ortlieb (\$30). That's \$210, \$130 of which had arrived by the last accounting. If I have missed out listing your donation, please let me know.

Thanks to Jack Herman's and Michael Green's calculations of the new schedule of membership fees, we are now solidly in the black, even we all write like crazy all year.

Membership matters

Glen Crawford has offered to resign (see his contribution this time), but he has paid his membership fees, and he would like to receive the next two mailings.

Glen's correspondence (more recent than this mailing's *Kobwebs*):

'Yes it is a recoverable injury, but it's pretty slow, believe you me. It's been just over 2 months now, and I have progressed from not being able to read the top line on the eye chart (the one with ONE letter on it) to being able to almost read the 4th line, the one with 4 letters on it. They tell me it's a 12-18 month recovery period, and what I've got then is the best I'll ever have again. I believe they can use glasses to correct some of the focus issues. Mine are complicated by the fact that I had cataract surgery a few years ago, so I have a fixed focal length lens in my eye. One of the "cures" was to put a silicon band around the eyeball, making it narrower and longer. This helps push the retina back in place, but it also lengthens the focal length, which my fixed length lens can't cater for. I'll just have to take it as it comes I guess. Don't worry about returning the dues, please consider it another donation to the ANZAPA cause. You could also send me the December disty if you like, that way I can at least try to "see" people's reactions to my news' (9 October).

'The eye is starting to improve again, I think I've got the infection finally beaten, so we'll see how much I can read of the next couple of issues' (11 October).

Lucy Schmeidler continues to improve (see her contribution), but **Sally Yeoland** has lost her beloved Tia (see her contribution; she shows that a cat is just too valuable a member of the family to lose).

Meanwhile, one-time member (for one mailing) **Carey Handfield** has suffered a serious heart turn, and is currently in Epworth Hospital. He has had a stent installed. Probably the best way to get in touch with him is via Jo at his address, 17 Ormond Road, Ivanhoe VIC 3079 (ph: 9497 1291).

Murray Moore from Canada is the only person to rejoin ANZAPA as a result of good vibes at Aussiecon 4, and we welcome him back. He invited a number of us to the FanEds' Lunch on the Saturday of the convention, and he and his wife **Mary Ellen** visited us at Greensborough as part of the Secret Garden expedition on the day before the convention.

Meanwhile, **Murray MacLachlan** rejoined without having left. He paid his dues at Aussiecon, and I handed over his August mailing.

Still a lack of news from two people who said at the convention they wanted to rejoin: **Duncan Campbell** and **Zara Baxter**. Zara said she's posted me a packet of something or other, but nothing has arrived

LAST MINUTE APOLOGY to **Roger Sims**, who at Aussiecon donated two Lee Hoffman paperbacks to ANZAPA. Would \$40 equal their value, Roger? I'll try to remember to add \$40 to the kitty total when I'm doing the accounts next time. — **Bruce Gillespie, 13 October 2010**
