POSTMAILING

I suppose that it is because of everyone just going back to school that many of the zines did not make it to the First Mailing. Rich Mann's MANNDERINGS #1 and 2 have been with Red Boggs for many months, not getting done; Dwain's have been rotting for lack of a publisher, I believe; Marc should have had his in on time, but something with the new repro must have come up; Nate just got onto the Roster in time to get into the First Mailing, but he promises something in the Postmailing; Woodsie and Dave have troubles getting a ditto machine for Sting #1; Pete can't afford to bring WAN #2 out yet; my Ace Index, compiled by Rog Cox, will see the Postmailing; etc. So the story goes. This First Mailing is not as large as had been expected, but it isn't over yet, so get your zines in to me for the Postmailing in early December. And get to work on the zines for the Second Mailing. As it looks, we'll top the 400 mark for this Mailing if all of those zines are sent in. Snap to it fellows! This bundle is almost devoid of those juicy genzines. Postmailing deadline is the last day of November, so ship them off as soon as they are ready, to OEs ship here.

Some 5 of you have not yet paid in your dues, and your names are starred in the Roster. Get it in soon. You got this Mailing on grace alone.

---

ELECTIONS

To date there are four names in for the office of Official Editor. They are: Richie Benyo, Rich Mann, Dwain Kaiser, & Hank Luttrell. Ballots will go out with the April Mailing; you can still submit your name for office of Official Editor, if you so desire.

---

OFFICIAL ROUND ROBIN

The ORR is in my hands, and still undergoing the knife. It will probably be in your mail box, in shortened form, within the month. Some of you like it and some don't. Let's discuss it in the ORR and in the apazines, if you are still very much for or very much against it.

---

THE MAILING IS LATE

Yes, the deadline came, and I had hopes that some of the genzines might be in the mails, so I held up the Mailing for two weeks. It was a lost cause, tho, as none arrived to help it along. That is, as far as I'm concerned, a point against me. Sorry for the lateness; will try to have it to you earlier, except when I'm told by a Member, in good faith, that there are zines in the mails.

---

SURPLUS MAILINGS

Copies of this Mailing are available for \$1 each. No, this is not \$1 for 222 pages. The person who sends the buck will get all Post-mailing zines to the Mailing he orders, too. Money gotten from both this sale of extra mailings, as well as from the sale of Official Stationary, will be used to build the Treasury, with hopes for a dropping of dues next year for Members already in the apa.

---

APPLICANTS AND INFORMATION SEEKERS

From now on, in answer to inquiries on APA45, I'll send the person a copy of the current O-0 and a copy of the By-Laws, instead of writing a long letter explaining all of the facets of the apa. If there is someone who you think might be interested, send his (or her) name and address to me, and I'll send info to them.

---

THE BY-LAWS

As you can see in this mailing, I got the By-Laws done, after a rush when Woodsie and Dave let me know that they'd changed their mind and couldn't do them. This edition of same contains my original sturcture, with various Member's suggested changes, where they seemed to fit. Those considered and used were the ones sent in by Rich Mann, John Kusske, and Dunc McFarland.
