THE AUSTRALIAN SCIENCE FICTION NEWSLETTER

"SAMTZBREE WE COM Fromer wan weeken

From Mervyn R.Binns ,4 Myrtle Grv., Preston, Vic. Australia Dear Fans.

As I said in my last issue my time is very scarce at the moment, so if you do not see a Newsletter so often or you dont hear from me personally very often and I am show in answering your letters. I am sorry. I had to make the time however to wish everybody a MERRY CHRISTMAS and a HAPPY NEW YEAR!

Just recently I have been trying to complete sets of all original British magazines and now Imafter all the British Reprint editions. It has proved a lot harder than I realised .I am enclosing a list with this issue of all the issues of the various mags that I need . If anybody can help with any of them I will be most grateful .Even if you only have one that I require, please let me know how much you want for it. Please do not send any issues before letting me know that you have them and you hear from me again.

Things seem to be very quiet in the SF world nowdays and there is not much to report. A limited but steady stream of US pocket books is still flowing into Australia but some series are very slow in coming through . All of the SF mags now being published in US and Englan are now on sale in Australia.Analog ,F&SF ,Galaxy and the British mags are right up to date , but If,Amazing and Fantastic are very slow. A few of the new format Amazings and Fantastics have been about but I am not very impressed. The contents have improved is the general opinion but I think the covers have taken a turn for the worse not better. They could all learn a lot from F&BF . Everybody is madly building Dean drives after the series of articles in Analog.At least 75% of my customers at McGills and clubmemebers lament the passing of ASTOUNDING SF with the October issue .Still whats in a name ,its whats inside that counts .That sounds like a certain commercial.

Congratulations to Ted Carnell on the 100th issue of New worlds .He has done a terrific job in building New Worlds up into becoming one of the most popular mags being published.I am glad to see the return of interior illos.Keep up the good work fed.

The arrival of decent hard cover books has been very limited .The only item of note since CANTICLE FOR LEIBOWITZ and DRAGON UN THE SEA is John Wyndhams THE TROUBLE WITH LICHEN and this is by far not his best.A couple of US editions have been available including the WORLD of CLIFFORD SIMAK at 42/- and Famous SF Stories at 34/-. Promised is BEST FROM SF by Conklin. Early in the new year we hope to have a shipment at McGills of Gnome and Fantasy Press titles.Supplies will be limited so if you require any titles let me know.Cost should be between 20/- and 25/-.

Amongst the new pocket books recieved has been DIGIT: Assignment in Eternity and Lost Legacy by Heinlein which is a split of the former titleing of a hard cover. PANTHER: Double Star by Heinlein which is a must if you have not read it. Mind Cage by van Vogt is atypical involved plot in this authors usual style. Seed of Light by Cooper is another must, seem previously only in hard cover. From CORGI we have seen a few reprints including The BIG EYE, Donavons Brain, Bradburys and the

another must, seem previously only in hard cover. From CORGI we have seen a few reprints including The BIG EYE, Donavons Brain, Bradburys and the last new one was Maines THE TIDE WENT OUT. Three From Out There-Margulies -Panther. NON-Stop -Aldiss-Digit. Foundation -Asimov Panthar One -Karp and Black Cloud -Hoyle Penguin
