

GOOD

ADVICE

from REDD BOGGS

JULY 1983

---

A CALAMITY

It's essential  
to uncap  
Coke bottles  
one hour each day  
to prevent  
a blow-up.  
Do it and avoid  
a calamity.

ROSES AND CACTUS

If you pin  
white roses  
on the needles  
of a prickly pear  
outside the window  
all the roaches  
will desert the house  
to go circle round  
and round  
the glory sight.

THE GAS SAVER

If you'll pour  
the brine  
from one quart jar  
of kosher dills  
into every tankful  
of gas you burn  
not only will you get  
50 percent better mileage  
but have a lot  
of dills to eat  
before they spoil.

BELLYACHE PREVENTION

Only in the dark  
of the moon  
should you eat  
Rocky Road and  
chocolate ice cream  
unless you want  
a bellyache.

TV TIP

Lightly but only  
lightly crack  
the glass of  
your TV screen  
to let  
excess electrons  
out and make  
the colors bright  
and real.
