

Year 2, #1; September, 1982: edited and published for the Chattanooga Science Fiction Club (ChatSFic) by Andre Barker-Bridget, 44 Collegetown Estates, Cleveland TN 37311.

Happy Anniversary CSFC!

The menu will include Hamburgers and Pizza furnished out of the club's treasury, birthday Cake furnished by the Bridgets, and BYOB furnished by the persons who will be drinking it. As there is a \$20 fee for the meeting space, plus a \$75 damage deposit, all attendees are required to pay dues for this meeting. To get to the Cameron Hills Apartments Clubhouse from Knoxville, Nashville, and almost anywhere else, take I-124 Downtown to the 9th Street (Martin Luther King Blvd) exit. Once you've exited, you will need to turn left on 9th Street (M.L.King Blvd.) and head back toward the Golden Gateway, away from the downtown area and the Read House.

Go up 9th to the first traffic light and take a right. Proceed around the Golden Gateway Mall to the first street on the left; this street is located across from the studios of WIVC, Channel 9. Turn left; this street leads directly up to the apartment complex. The clubhouse is just inside the main gate, on an island between the main drives. (Beam's-Choice-me-up-Scotty Dept.: this should be One Heck of a meeting as even Uncle Bobby Bolgeo is coming in from Memphis to help us celebrate.)

For more information on CSFC and the Club's meetings call Linda Bolgeo at (615)-842-4363; for better directions than the ones printed above call Robert Zielke after 6pm at (615)-344-5917. Since you will be bringing money anyway, why not remember to bring enough that you can also purchase your ChattaCon Eight membership at the preregistration price of \$13; remember that the price of a membership changes to \$16 on December the first.

"Lost in Time, and Lost in Space and Meaning"--A Regenerated Account of a Degenerated Book Discussion:... In keeping with ChatSFic tradition of trying to present something SerCon (serious and constructive) before the meeting has a chance to degenerate into any sort of bacchanalia, a very serious and intellegent discussion of Robert Adams' CASTAWAYS IN TIME was held... Bill said it was a good heavy discussion, anyway.

Bob Barger called the August CSFC meeting to order at 8pm on Saturday August 21st in the home of Becky and Robert Zielke. The business meeting included a decision on the final menu for the September Anniversary Party, Linda Bolgeo's treasurer's report (app. \$179), and the choosing of the book for discussion at the October ChatSFic meeting, OATH OF FEALTY by Larry Niven and Jerry Pournelle. The discussion of CASTAWAYS IN TIME was led by Yours Truly. But since I had to get out of the Hospital to make the meeting and was extremely spaced myself, I can't go into details of the discussion at this time. I do recall Jim Shepherd bringing his StarBlaze edition of the book, and comparing what the StarBlaze edition contained with what those of us who had purchased the Signet editions had read; the Signet version seemed to have been the more complete, better edited and more enjoyable.

Bill seems to have been trying to follow the book discussion, keep an eye on ~~ge~~ Editor and both the girls, and carry on some kind of a discussion with Nancy Seegar about some new crossover edition of Marvel's X-MEN with DC's TEEN TITANS which retails for two dollars ...remember when comic books only cost ten cents?

ChattaCon Update - The August meeting of the ChattaCon Board of Trustees was held in the home of Robert and Becky Zielke. The Board members, both the Trustees and the Official Alternates in attendance wish to thank the Zielkes for making their house available for this purpose.

Two new pro guests have accepted invitations to attend ChattaCon 8. John M. Ford and Brad Linaweaver have informed the ChattaCon Board of their plans to be in attendance at January '83's biggest SF event, joining the list of additional guests Robert Adams, Doug Chaffee, Jerry Page, Jerry Pournelle, Bob Tucker, & Sharon Webb.

Plans for ChattaCon 9 in 1984 are also well underway. The Board has chosen the MC (toastmaster) candidates, Guest of Honor candidates, and Special Guest candidates for the January '84 convention. Honorees will be contacted, and Official announcement will be made at ChattaCon 8.

Nancy O. Tabor and Tola Varnell have stepped out of their active Board positions, though both will remain in the positions of Official Alternates. We on the Board will greatly miss their active participation in the meetings, but we respect their feelings that their present situations will keep them from being as active as necessary to their positions. Ms. Varnell is currently seeking employment following the closing of the Dany Industries plant in Cleveland TN where she was a secretary-receptionist. Mrs. Tabor had recently graduated with honors from Carson Newman College, and is presently employed as a Journalist with the Newport Tennessee Plain Talk.

The August Committee Meeting saw the addition of several new Official Alternates to the Board in addition to former Trustees Nancy and Tola. The Board of Trustees has appointed the following people to serve in the increasingly important position of Official Alternate: Robin Cuzzort who will help out in Video and in the Con Suite; Ron Hogue who will be attached to Security; Kris Jones who will help in the Art Show and in the Huckster Room; John Dale Ross who, when the dust settled from the female department heads fighting over him, wound up attached to registration; Jim Shepherd, who will work in General Services; Kirk Thompson, who will help out in the Con Suite and in the Video Department; and James Tollett, who will be alternating between Security and General Services.

Official Alternate positions are very important to both the Board and to the person serving in that position, as new Board members (ones chosen after March of 1982) must serve a minimum of six months as an Official Alternate and help out through one ChattaCon either before or after their appointment, before they can be considered for election to the ChattaCon Board of Trustees. Perhaps the most interesting piece of business taken up at the August ConCom meeting was the decision on whether or not their would be a ChattaCon Board bid for the 1984 DeepSouthCon (DSC). After much discussion, the Board voted overwhelmingly to once again seek the honor for Chattanooga. DSC 22/ ChattaCon 9.5 will be a super-expanded version of the fantastic conventions we have become famous for; if ChattaCon wins the bid, among other things the Board has decided to expand the DSC into a 4-day blowout. We already know that the Read House will be happy to have us (in fact the hotel encouraged us to an extent in going for the DSC bid) but the exact date when we should like to hold a Chattanooga DSC has not been determined.

ChattaCon, in February of this year, passed a resolution to support a successful southern World-Con Bid. The August ConCom meeting saw the last of the ChattaCon Constitutional restrictions met and ChattaCon has now purchased a presupporting membership in ATLANTA in '86. We hope Penny Frierson and the rest of the Committee the best of luck with their bid.

The illo at left is the ChattaCon Exchange Facilities programbook ad as it appeared in the Con*Stellation/Huntsville programbook. An updated version will be sent to several more southern cons before the end of the year. Anyone knowing of a southern con who would be interested in exchanging programbook ads with ChattaCon needs to get in touch with Andre Barker-Bridget, Director of ChattaCon Publicity.

"Who's That?"

"That's Robert Zielke!"

A member of Chattanooga fandom for about 2 years, Robert holds active memberships in both local SF groups and a seat on the ChattaCon Board of Trustees. He is also a member of the Chattanooga Apple Computer Club and the NRA.

Robert, originally from Milwaukee, Wisconsin, is employed at TVA as a Chemical Engineer. He attended UTC here in Chattanooga and is presently working on his Masters degree. Married to Becky, Robert is father of 2 junior CSFC members - Rachelle, age 3, and Andrea, age 5.

As for what he does when he's not reading one of his library of over 300 volumes, mostly SF with some Westerns, Robert also enjoys: spelunking, photography, hunting, woodworking, bowling, volleyball, attending movies, plus playing Bridge and Hearts. At present he is helping another Chattanooga fan to compile a Heart's ranking system.

When asked his goal for the future, he replies, "To survive!"

"That's Becky Zielke!"

Becky Zielke joined Chattanooga fandom at ChattaCon 7. Although she does not read SF, she enjoys conventions parties and CSFC meetings. Becky is also a member of the Highland Neighborhood Club.

Originally from Knoxville, Becky attended UMRCH School of Nursing, where she received her nursing degree in 1970. Having formerly been employed at the UT Hospital in Knoxville, Parkriged Hospital and Professional Home Health Care here in Chattanooga, Becky is presently a full time homemaker and childcare provider (aka mother) for daughters Rachelle and Andrea.

Becky tells us her hobbies, besides reading nonSF, include needlecraft, ceramics, attending movies, volleyball, basketball, and bowling.

One "talent" Becky has, which has deared her to the hearts of the Degenerates of CSFC, is giving great PARTIES!

HAPPY BIRTHDAY TO YOU! HAPPY BIRTHDAY TO YOU! HAPPY BIRTHDAY TO YOU DEAR CSFCians! HAPPY BIRTHDAY TO YOU!

August 1982

Dear Kindred:

As Robert Adams' agent, I am taking the opportunity to write and let you know what is happening in our HORSECLANS World. I think that you can consider this as the first of a series of HORSECLANS Newsletters.

First of all, Book #9 -- THE WITCH GODESS, is due in the bookstores in September of this year, and I have just finished contracting with NAL/Signet for Book 12. Now you can look forward to the three more that are already in production.

We have also contracted with Fantasy Games Unlimited Inc., (in Mineola, Long Island) for them to do two different types of boxed games ... miniture rules and minitures. We are also negotiating with T.S.R. for them to do a board game on HORSECLANS.

We have started initial organization of the first HORSECLANS Convention to be held in New York, probably in early October 1983. Bob, of course, will be Guest of Honor and we will be having the artists and editor of the books there as well as other well known dignitaries of the s.f. field. More information on this later.

And on top of all this excitement there is more.

The first steps to forming a National HORSECLANS Society are now being taken.

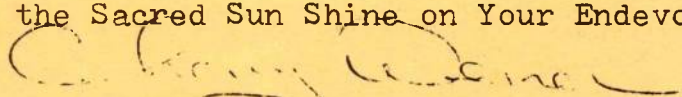

We will be dividing up the whole of the USA into clans as per the books. Each clan will have their own colors, emblems, armor, and costumes. And once the Society is rolling there is no stopping the amount of functions the Society can hold both on a National and on a clan level.

If you are interested in being a member or charter head do let me know so that I can start work on the Society. Each clan will have a charter headquarters and each headquarters will receive an autographed copy of each of the HORSECLANS Books.

And there will be newsletters... as each new and exciting event takes place.

I look forward to hearing from you all and hope that you'll pass the good word along to all your HORSECLANS friends.

May the Sacred Sun Shine on Your Endeavor

CHERRY WEINER

A J's Mph

The illo at right shows how I feel right now. This one of the many nice illos Jeff Wilcox has sent us over the past year or so. Jeff, Rob Miller, Linda Leach, Olivia Jason, Laural Beckly and others have cheered up our zines with their artwork. Some of the pieces they sent and I haven't gotten to use I'm sending along to Nancy to help her with the four months she has to wrestle with the club zine. The rest I'm going to keep and have to use when I get back in the Editor's Chair in February.

The address list on the previous page was fun to type as I kept thinking, "Nobody is going to believe CSFC has brought that many new fans into Chattanooga fandom in just one year." CSFC began with 7 people and now is 38 regulars, a good half of which are new.

No one has mention CSFC elections

lately so I guess I'd better. I nominate everyone who is presently in office to continue on. (That includes me as permanent Editor alternating with whom ever cares to try their hand.) Anyone who objects or cares to run please say so when we get around to voting in October or whenever. (For the new people the following are the "officers" of CSFC - Bob Barger, Moderator; Tim Bolgeo, Asst. Moderator; Linda Bolgeo, Treas.; Tola Varnell, Asst. Treas.; Bill Bridget, Sergent-at-Arms; and Andre Bridget, Permanent Editor/Publicist. Also remember these people got the job because NOBODY else would do them and as I said before if you want the job just volunteer come election time.)

Other business: The letter from Robert Adams' agent came as a very pleasant surprise. I'm interested in the National HORSECLANS Society and hope there enough people around here to get a chapter going. If not, then enough at least to get some good gaming sessions going.

Bob Barger brought up a point about the undying and the Horseclan psi-talents being gene related during the book discussion at the August meeting. I was so out of it at the time I failed to call his attention that the pure Horseclan stock never produced even one Undying and the Ehleenee killed off anyone even suspected of having any mind speak ability though they have produced the strongest mindspeaker very known, Aldora. Therefore, I feel mindspeak is a universal talent but only the Horseclans have conserved the gene and developed the talent to great extent.

The Witch Goddess is showing up in the strangest places. Copies are for sale in the local Red Food Store as well as the Wal-Mart Discount Book section. The Gateway in the Cleveland Mall has a couple of copies and will probably get more as the keep a good stock of Bob's books as well as other popular SF and Fantasy books.

Art Credits - Thank you nice people for making our world a nicer place with your art.
