

This is the first official issue of C.C. for 1945, and we take the opportunity to wish everyone a Happy and Victorious New Year.

Supplies of paper and stencils became shorter and shorter as 1944 drew to an end so that we were faced with a problem of keeping CC going with a very small quota of paper. It was decided that the alternate Club numbers would have to be cut to one sheet so that enough copies of the rest of the issues could be printed to send to America. We were loath to cut down on the US editions because it is the only return we make for all the magazines that are sent from across the Atlantic.

Therefore this number and every alternate one will be cut to 2 pages and will contain only Club news.

#### LIBRARY NEWS

There has lately been some tardiness over the return of posted and other items and carelessness over their packing and treatment, particularly in the case of Beyond. Members are warned that they will receive low priority for items in demand if they are on the black list in these respects. The worst-offenders during the past year are as follows:-

R.G. Stewart  
D.B. Powell  
V.S. Walton  
F. Goodier  
J. Millard.

The much publicised Library List is now in the hands of our printers. Thanks are due to Dennis Tucker for the stencilling of the same.

Meeting of 2nd December 1944

The first ten minutes were  
occupied by the Third Annual  
General Meeting of the Cosmos Club.  
After approving the Secretary's  
and Treasurer's reports and the  
old officials (with a few new ones)  
were elected the members present  
got down to enjoying themselves.

This consisted of an  
auction, a film show and eating.

The high spot of the auction  
consisted of a number of pin-  
up-gals sent us from the USA.  
Dorothy Lamour in a glass skirt  
especially fetch a high price.

The film show was as  
enjoyable as ever, starring the  
projector which was up to allits  
tricks, with lots of Disneys  
and the CSC film.

Among the notable people  
present were Mr and Mrs Tubb,  
and Sue Collins.

The Meeting Of December 30th.  
--The CSC PARTY

The biggest gathering there  
has ever been at a CSC meeting  
turned up at Shirley's. 21  
members including Art. Ridgway  
and Jean Murrey on 48 hours  
leave, Paul B Pereira at the  
end of 7 days leave, and Jim  
Wiggins recently recovered from  
a long illness.

A Special tea opened the  
proceedings to be followed by  
a film show (with a new projector  
-by permission of Mr Doyle-  
which had a new repertoire of  
tricks) games, a story writing  
competition (results in April iss)  
a recorded message from J.M.  
Cunningham and George Barr just  
received from America and some  
of the CSC's special fireworks.  
And all this was on the Club!!
