

FFM #3

This Functional Female  
Muster #3 is indeed  
a curious way

to remind you of me

But Why Not?

The title is, more or less.

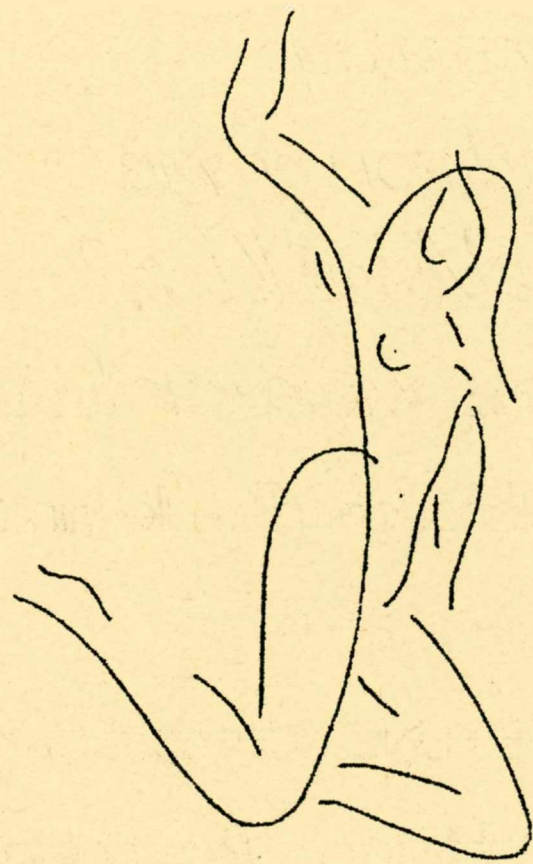

"12 women through 12 male minds."

OR

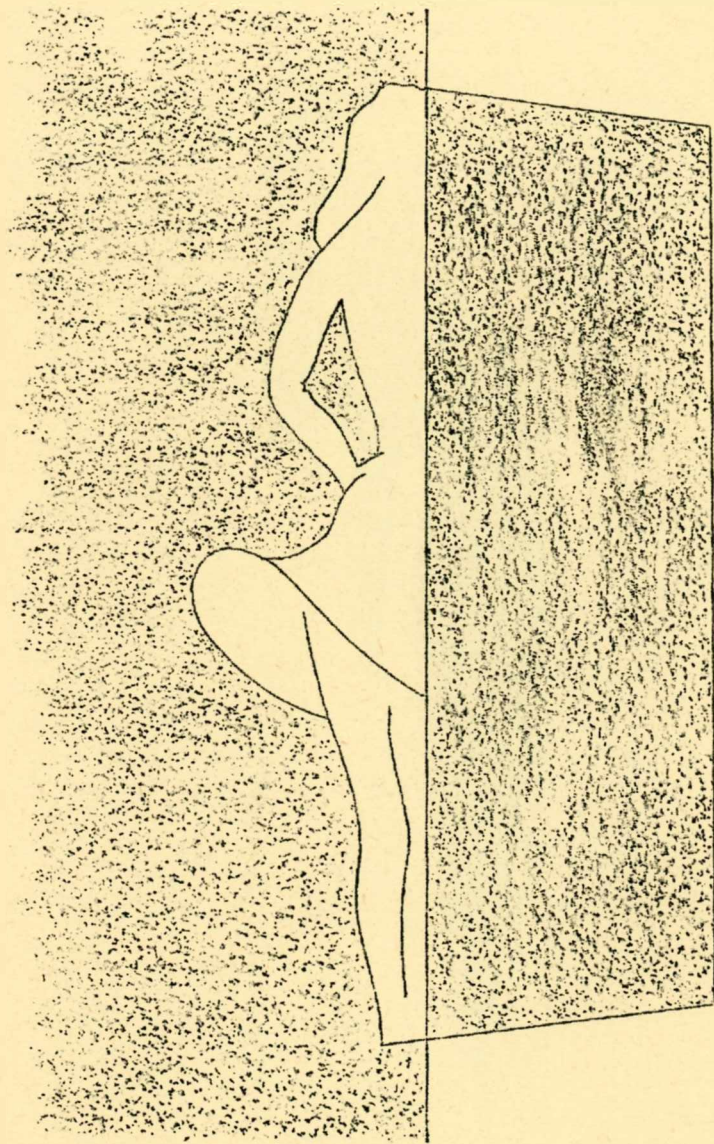

"THE FEMALE FUNCTION as shown by  
Male Art, History, Psychology,

Analogy & Desire: a parathesis."

Sausanne, february 1958

As a temptation

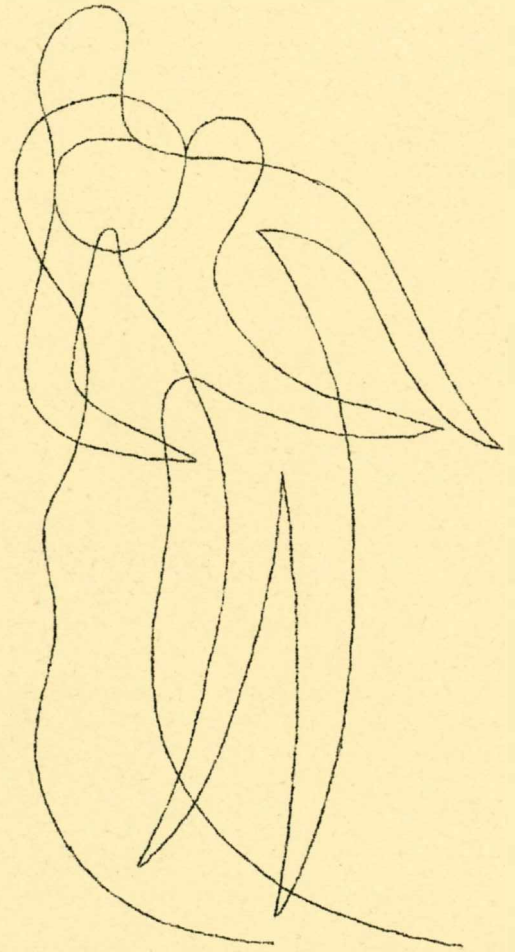

*As a door*

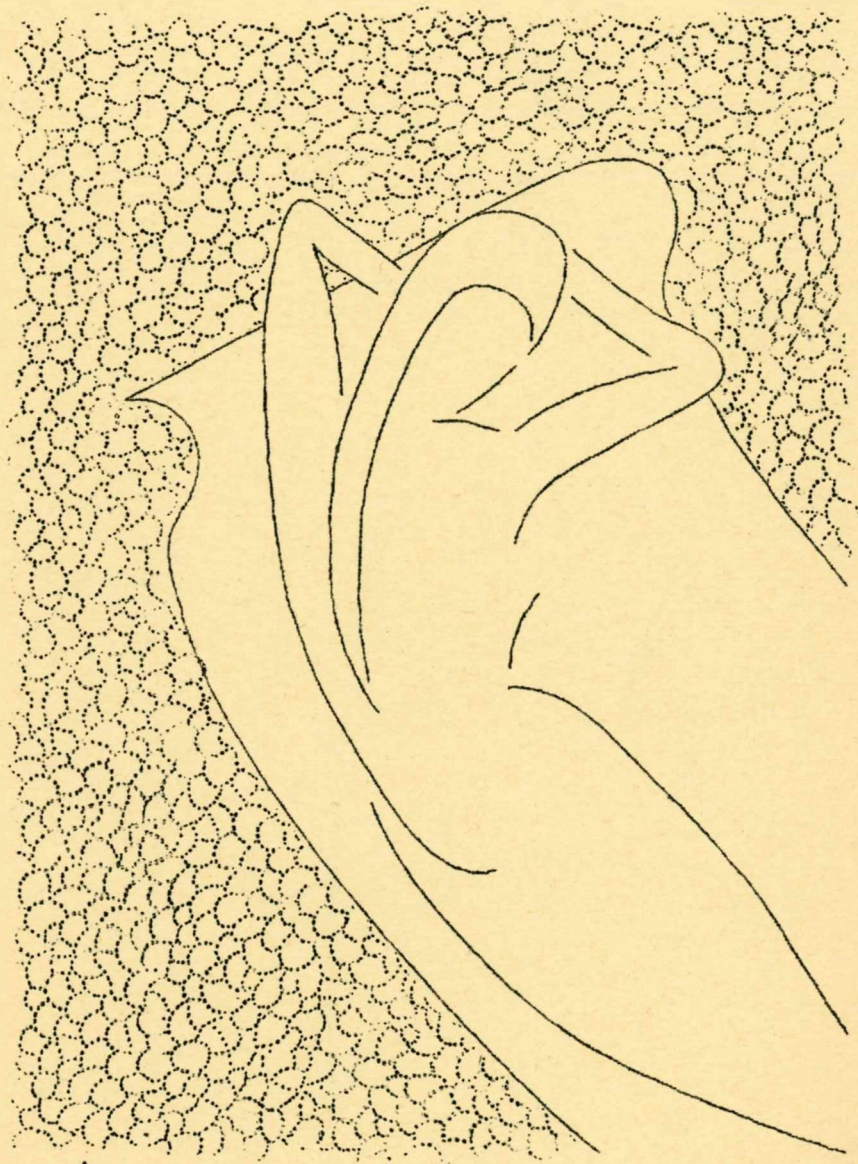

*As a desert*

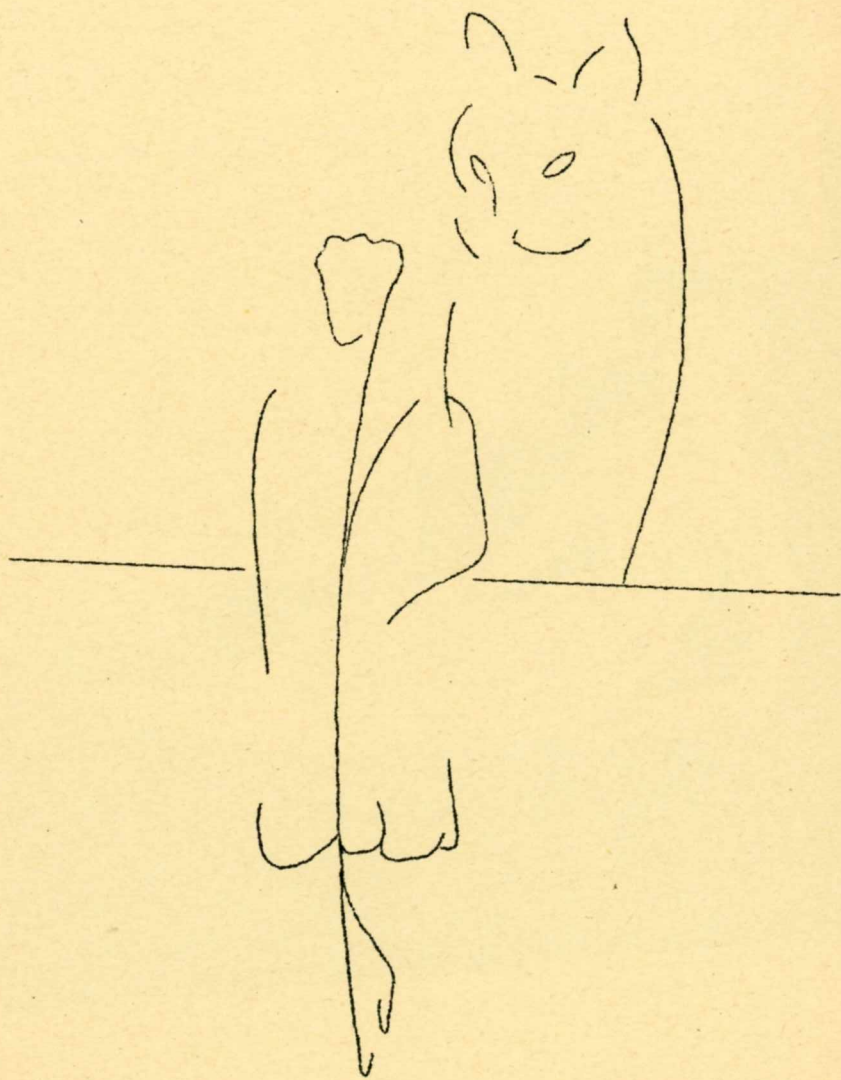

As a prop

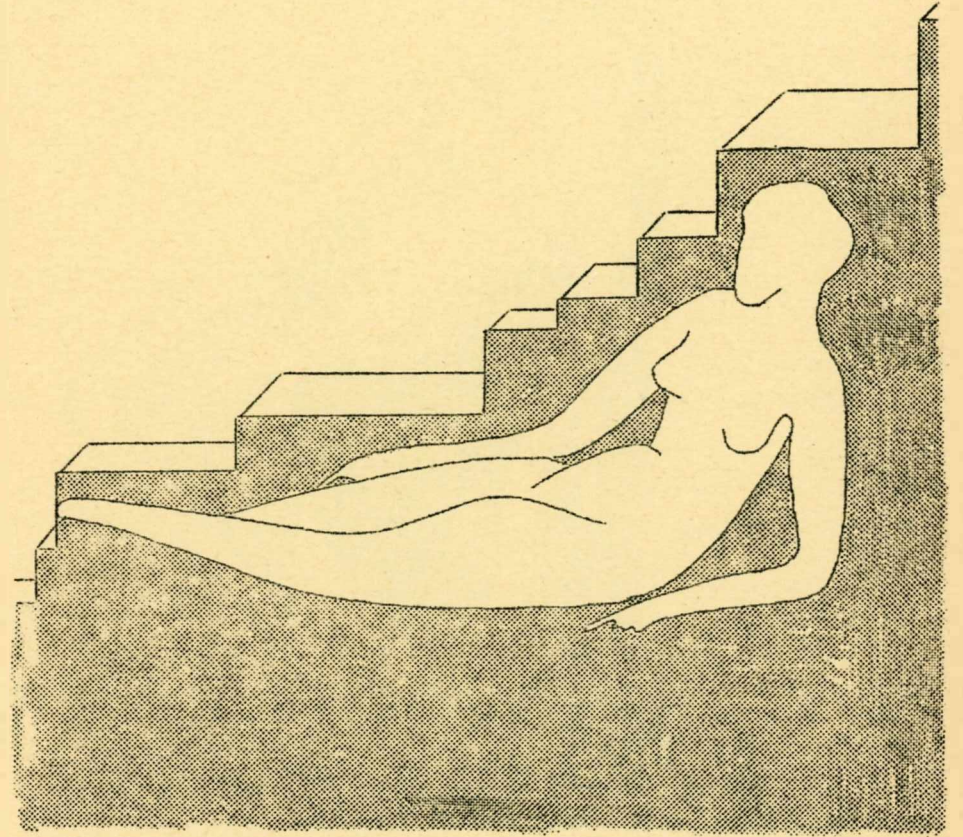

*As a carpet*

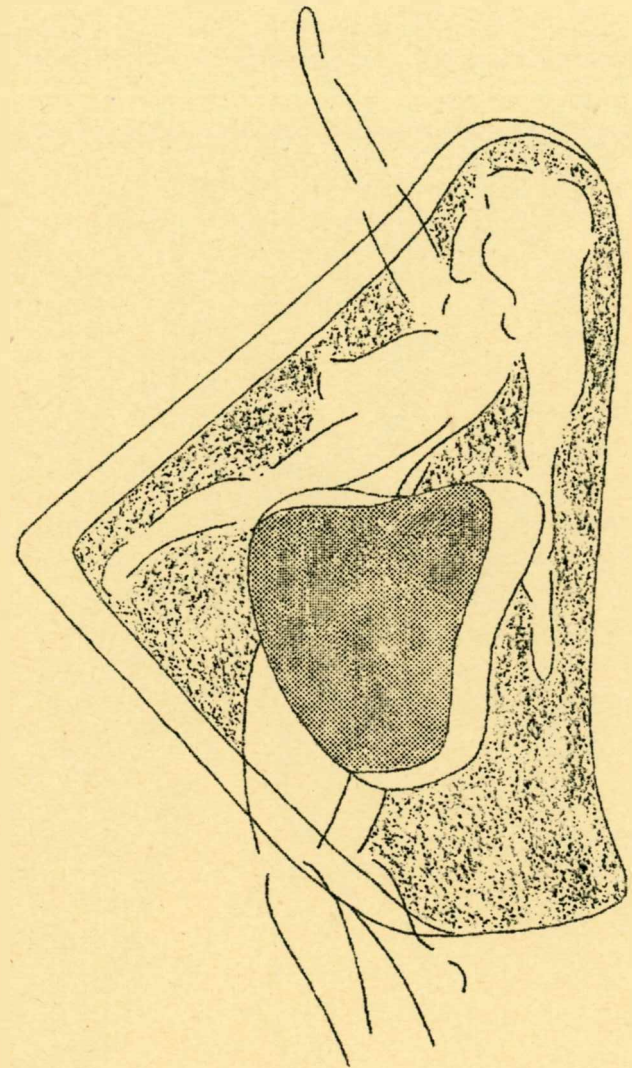

As a fur

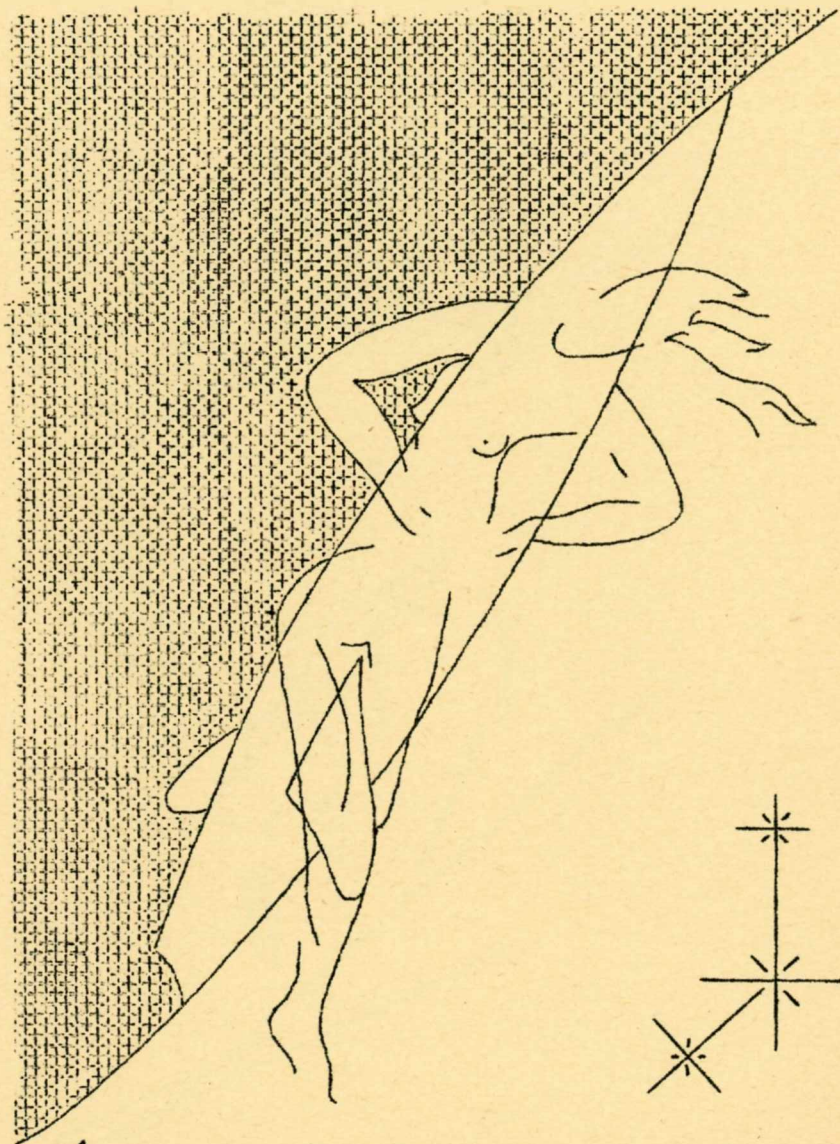

*As a staircase*

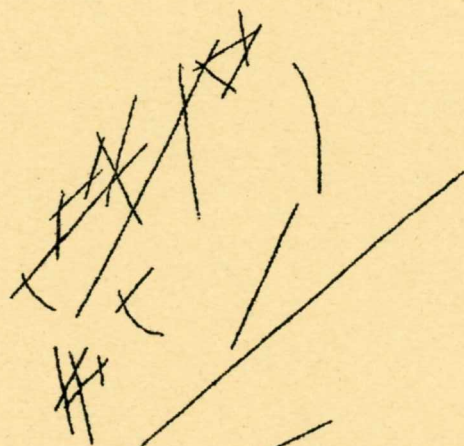

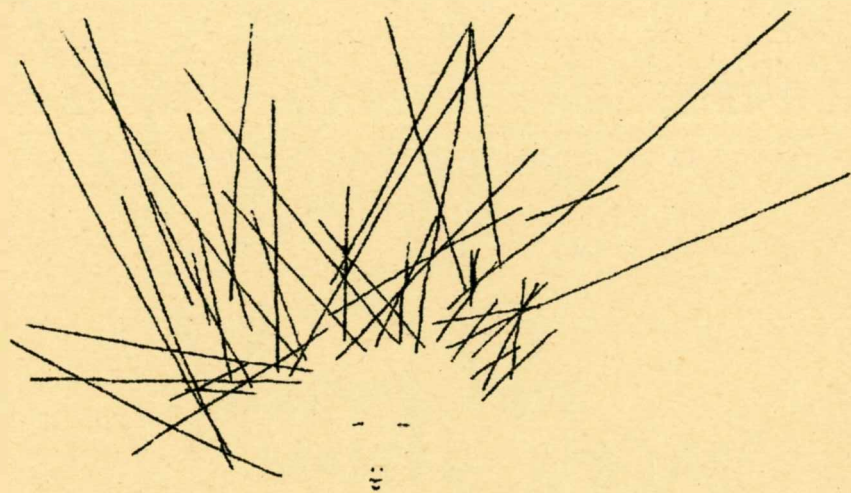

*As a hole*

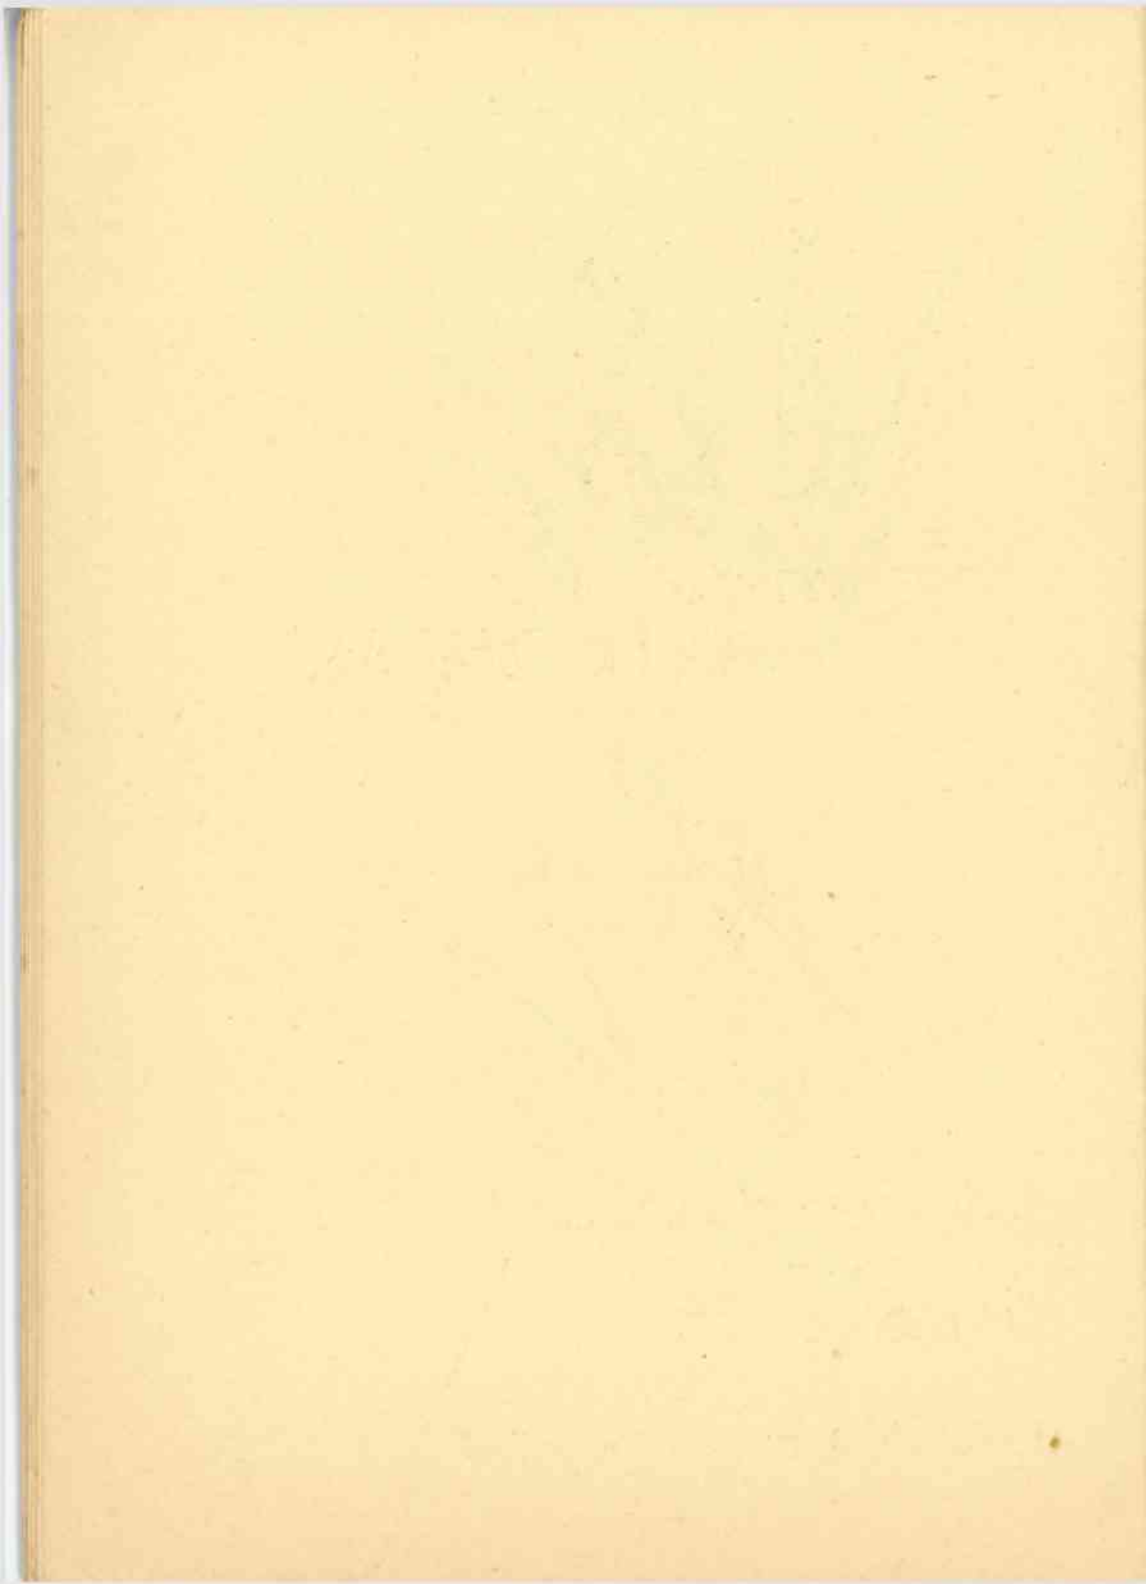

*As an escape*

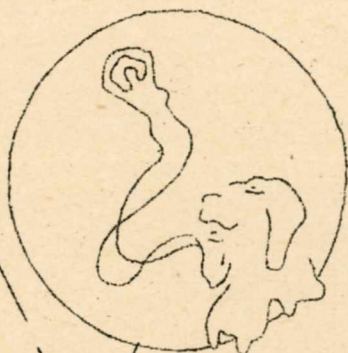

As a dream
