

THE FANOCLAST WEAKLY V3 N3

Let me tell you, this old Royal certainly is not my wonderful new Hermes. My brother has obviously been at it, and the damn thing hardly works.

I had a page and more first drafted, but I left the stuff in good old Buffalo. Rich brown is going to run this off for me, and I hope the combination of this typer and his mimeo doesn't render this sterling fanzine neigh unto illegible. Of course, rich says he is going to spring for some Gestetner ink, so it may be All Right after all.

Before I forget, I'd like to thank John for sending me his fanzines right along while I've been away. I hope to have the ninth issue of EX ready for next thursday. I would have had it tonight, but I am going to have to re-run all 33 stencils because Len's mimeo wasn't working right when he ran off all 33 stencils. I had to send out poorly done copies, so I offered to ~~xxx~~ redo all the stencils. I also have a large SAPSzine to get out, so it will take time. Nevertheless, the EX#9 with material by Berry, Boardman, Bailes, et moi will get to all of you next week. My brother just brought the paperback from Pace.

I really ought to be on the subway going to rich's house by now, but I found a big puddle of ink under the mimeo drum, and it took me fifteen minutes to clean it, and then myself, up.

Tonight, I have been told by no less an authority than Andy Porter, we meet at Boardman's. Gee, I sure hope he's there, or we will have a Fanoclast tradition of hosts missing their own parties firmly established.

For the benefit of any who want to know, my phone number is FL 4-6578. Both rich and Andy P wanted to know, so I thought I would do a public service and print it here Or Something.

You'll never be able to guess how badly I want to do this zine. I bet it shows, too.

Say, didn't anyone read about the Great Hoax? I'll tell you all about it at the meeting, except rich who has already heard.

I'm going to cut thos short. Next week I'll do better, I promise

This fanzine, which is really Unworthy of the name TFW, is that famous fantastic fanzine anyway. It is also MEOW PUB28 and Katzac 42. I am Arnie Katz, UB Apts-468B, Allenhurst Rd., Eggertsville, New York. This is also one of the very worst fanzines I have ever done. Old and tired at the age of 18 *sigh*. But wait till next week, goshwow!

This is a terrible thing to say, but I begining to feel like actually doing this zine, Oh Well, it's just Too Late now.
