KAPA is open to any Kentucky fan and other interested fans at the general discretion of the membership. There are six mailings per year, with the deadline for each falling on the last day of every odd-numbered month. As stated on the contents page, the deadline for the next mailing is May 31. MINAC is a zine of any sort, or a cover, in four out of the six annual mailings. The number appearing in parenthesis after your name indicates how many mailings you have contributed to this year. Copy count is still 12. I figure two extra "spec" copies for potential members is enough to get by on.

Anyone who has been a member for at least one year and is in good standing may, upon request, be placed on sabbatical for up to one year (six mailings), during which time they may receive issues for mailing cost plus \$1 each. The copy count will be kept high enough to ensure there are sufficient copies available.

Dues for KAPA are no more than \$3.00 per year. In addition, you send money to cover mailing costs. Mailings are sent first class unless you tell the OE otherwise. You may be able to save a little \$\$ by having me send third class, though for a typical KAPA mailing first class rates are the same as third. Envelopes cost 5¢ each. To find the state of your account, take the amount shown opposite your name and subtract the postage for this mailing.

Each month, a member who sends both a cover and a zine can get their mailing costs paid for by the OE. In case of multiple entries, the OE has the final choice. Unused covers may be held over for later mailings, or else just put on the front of your zine.

For the second time in as many mailings, I have the pleasure of welcoming a new member, this time it's Tony Cannon, who many of you may remember as a former member. Welcome back Tony!

The following back issue of KAPA are available, in the quantities in parentheses, for \$1 each, plus any mailing costs, all of which may be deducted from your account if you so desire:
