YEARBOOK OF 1938

IF -- 1939

If you can laugh at mags when all about you
Are cussing them till the air is blue;
If you can trust yourself when all fans doubt you
(Despite the fact that you are doubting too);

If you can bear to see the things you've written
Twisted by some to make you seem a fool;
If you can read a novel at one sittin',
Not sicken at the 'slimy ones that drool';

If you can talk to fans and keep your right mind,
And write to Eds, nor lose the common touch;
If you can tell the bad yarns from the good kind,
And study scientific things and such;

If you can fill the unrelenting fan mags
With twenty pages worth of writing done;
You'll show the critics up as only windbags,
And - which is more - you'll be a Fan, my son!

- Harry Warner, Jr.
