has been produced in a limited number of 60.

This is # 5

42 copies will be put through SAPS, the rest to sundry deserving friends of the artist or publisher.

The artist is, of course, Lee Hoffman (GM&CBNY) who, all unknowingly, furnished the artwork for this portfolio. She may even, someday, furnish enough for a second. I hope.

DEDICATION:

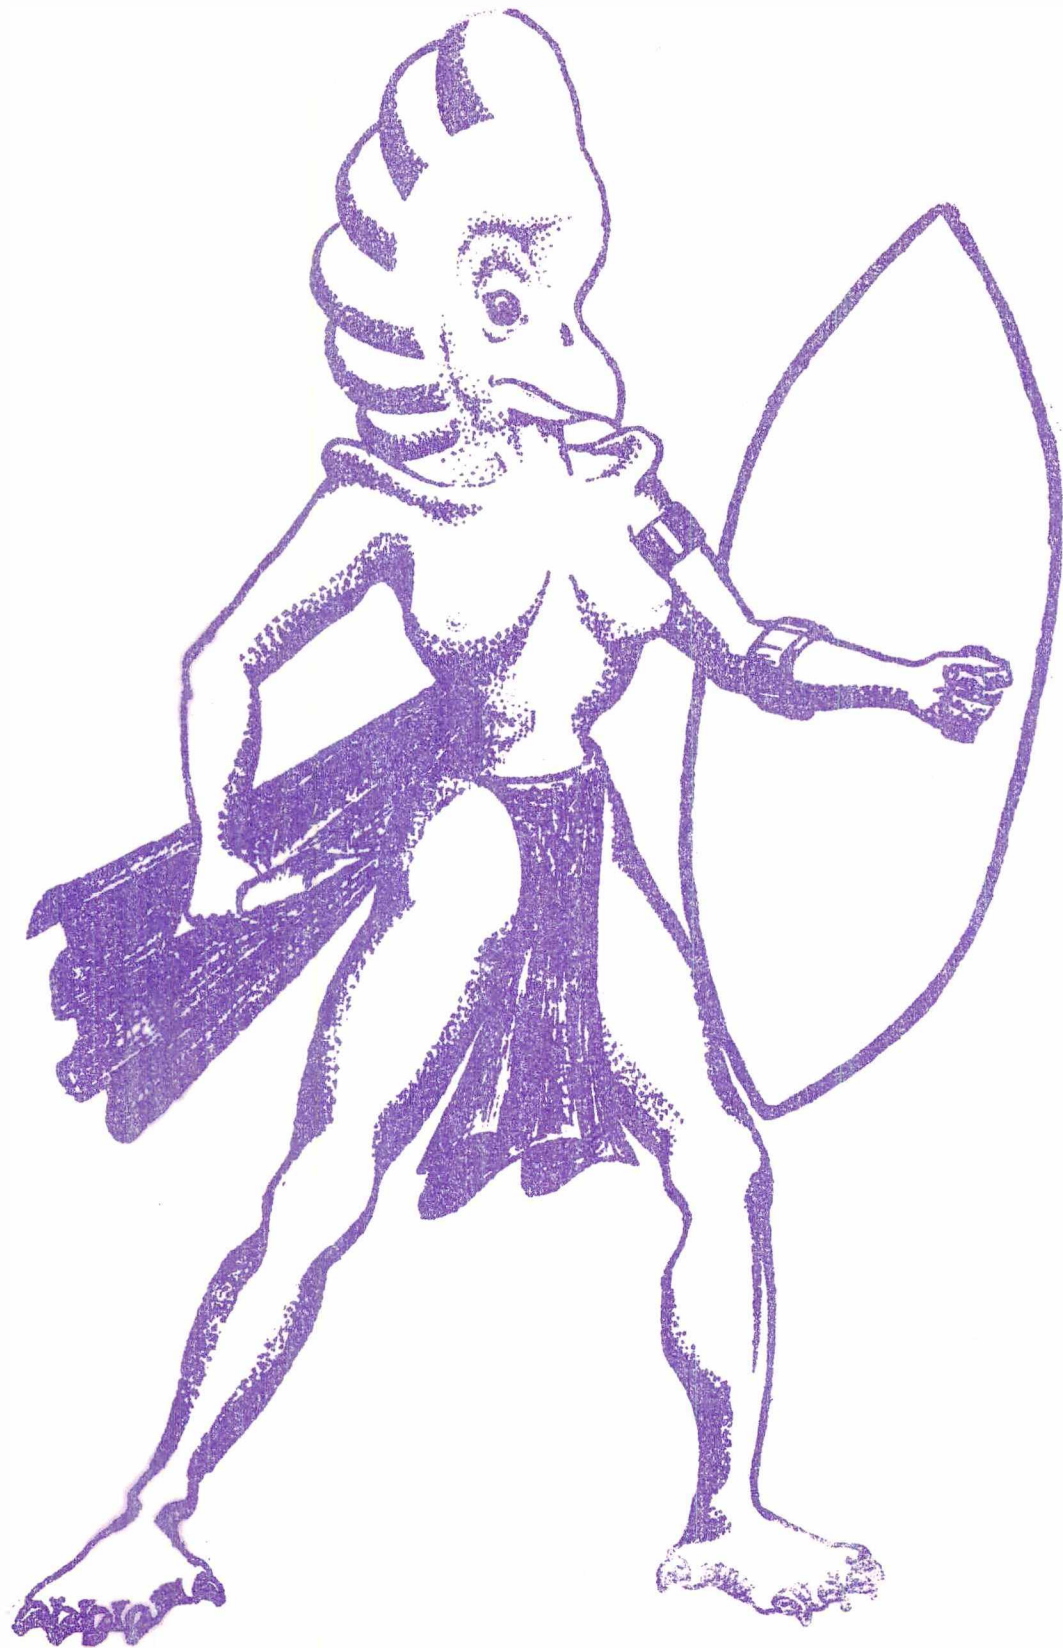

This is dedicated to Sixth Fandom, and to Lee Hoffman as the "focal point" of that era.

This is also a complete surprise for Lee. She thought she had seen the last of her artwork when it left her apartment along with the publisher. It should teach her to trust fans.

The publisher is one Owen M. Hannifen. He lives at 16 Lafayette Place in Burlington, Vermont. This is a G. ISHNAKH HOUSE project

Seriously, Lee, I hope you get one-tenth as much enjoyment out of receiving this as I did putting it out. And remember, you'll always have one fan who remembers QUANDRY and constantly hopes for its revival.
