THE MELBOURNE SCIENCE FICTION CLUB LIBRARY

Presents: A LIST OF RECENT AND FORTHCOMING BOOKS, MAGAZINES,
AND PAPERBACKS RELATING TO SCIENCE FICTION, FANTASY,
MOVIES, COMICS and NOSTALGIA.

A WORD OF EXPLANATION:

The Melbourne Science Fiction Club came into being in 1952. Originally a group of Science Fiction readers met to talk about sf and exchange the rare copies of books and magazines then available. One of the earliest activities of the MSF Group, as it was then called was to bring out its own magazine. A publication called ETHERLINE was produced. Etherlines main function became the listing and reviewing of sf and reporting events in the Club and elsewhere in the world of SF Fandom. It has long since ceased publication and many other amateur publications have since been edited and published by club members. However the club itself has regularly produced a list of all the new sf and fantasy books being published in England, Australia and the U.S.A.

The latest publication from the Club is The SOMERSET GAZETTE and the second issue just finished by Editor Noel Kerr recently, contains a report of the EASTERCON, the NINTH AUSTRALIAN Science Fiction Convention, articles and lists. It will be published on a three monthly basis from now on and we hope to include more book reviews, articles about movies, graphic art and the goings on in the world of SF Fandom. Many people reading this will be familiar with John Bangsund's magazine AUSTRALIAN SF REVIEW. This was awarded the 'Ditmar' Award for the Best Amateur publication at the 8th AUSTRALIAN SF CONVENTION in 1969 and was also nominated for the best Fan Publication at the World SF Convention held in the USA in 1969. ASFR has unfortunately ceased publication but for interesting reviews get Bruce Gillespie's SF COMMENTARY which is available from the club for 20c a copy plus 9c postage or direct from Bruce GILLESPIE, P.O. Box 245, Ararat, Victoria, 3377.

One of ASFR's leading contributors John FOYSTER is a regular contributor to the United States publication edited by Dick Geis, called SCIENCE FICTION REVIEW. Copies of this publication which gives 'in depth' reviews of all the science fiction books published in the US, most of which we eventually get in British editions, paperbacks and in some cases the original US edition, can be obtained from the club at 65c a copy plus 13c postage. Subscription enquires to the Australian Agent John Foyster

.....
The prices of all US Hard cover books listed here are the US prices. These prices are only approximate as far as Australia is concerned and are subject to alteration. The prices of paperbacks from the US are as listed but are a little more than US cover prices. The prices of all British paperbacks and bound volumes are as listed except on some advance titles

This list and future more comprehensive lists, which we are at present working on, will not attempt to review or rate any of the books listed. This one is a very comprehensive list of books published over the last few months or due out soon. It will be split into three basic sections; U.S. Books and paper-backs, British and the odd Australian Books and paperbacks of science fiction and fantasy, and other books which we consider of interest to our members and all who receive this list. If you have difficulty in obtaining any books or magazines please contact us. If you require any further information on titles, such as are they suitable for juvenile consumption, we will try to include this information in the lists, but meanwhile we will be happy to answer any queries that we can.

All books can be ordered by members from the club. All mail orders at this time to McGills Newsagency, 187 Elizabeth Street, Melbourne, Victoria, 3000.

Orders for ADVENT Books from all sources retail and wholesale to the MELBOURNE SF CLUB LIBRARY, 19 Somerset Place, Melbourne, 3000. If you are not familiar with the Advent list of books on the criticism and history of SF write to the above for a detailed description.

Second Hand books: The Club has quite a range of paperbacks and magazines and we will attempt to obtain any back issues you require.

Many of the books in this new list will be available now but all others can be obtained from overseas, with a delay of about 6 to 8 weeks.

We will be glad to give any other assistance possible in obtaining books in our field of interest, or even out of our field, but we would like to limit it to those at the moment. We will be happy however to arrange for lists of books or paperbacks to be sent to you on any subject on request.

WORKS on SCIENCE FICTION

TITLES NOW IN STOCK

HEINLEIN IN DIMENSION, by Alexei Panshin, with introduction by James Blish. For a quarter of a century Robert A. Heinlein has reigned unchallenged as the best and most influential contemporary author of science fiction. Alexei Panshin now offers the first full-length critical analysis of Heinlein's novels and stories, his style and technique, his strengths and weaknesses, and his place in modern science fiction. This is a study in depth which is neither adulatory nor carping, and is both readable and comprehensive. It is likely to be the definitive study of Heinlein for many years to come. Includes bibliographies of Heinlein's works. [214 pp., 1968] Cloth, \$6.35; Paper, \$2.75

ALL OUR YESTERDAYS, by Harry Warner, Jr., with introduction by Wilson Tucker. An informal history of science fiction fandom in the forties, by one who survived. Biographical sketches of a number of prominent fans, and sections on the National Fantasy Fan Federation, the Fantasy Amateur Press Association, the Cosmic Circle, and many other curiosities. With 70 photos. [358 pp., 1969] Cloth, \$7.70

THE SCIENCE FICTION NOVEL: Imagination and Social Criticism. Introduction by Basil Davenport. Four widely ranging essays by Robert A. Heinlein, C. M. Kornbluth, Alfred Bester, and Robert Bloch, on the role of science fiction as social criticism. Based on lectures at the U. of Chicago. [128 pp., 1959] Cloth, \$3.90; Paper, \$2.15

OF WORLDS BEYOND, edited by Lloyd Arthur Eshbach. Essays on the science and art of writing science fiction, by Robert A. Heinlein, John Taine, Jack Williamson, A. E. van Vogt, Edward E. Smith, Ph.D., L. Sprague de Camp, and John W. Campbell, Jr. A classic that was out of print for years. [104 pp., 1947, 1964] Cloth, \$3.90; Paper, \$2.15

THE UNIVERSES OF E. E. SMITH, by Ron Ellik and Bill Evans, with introduction by James H. Schmitz. A definitive concordance to the epic "Lensman" and "Skylark" novels with which the late "Doc" Smith enthralled science fiction readers for so many years. Both scholarly and sprightly, this book is a must for all who wish to explore in detail the awesome universes of the Lens and the Skylarks. With a comprehensive bibliography by Al Lewis, and jacket and interior illustrations by Bjo. [272 pp., 1966] Cloth, \$6.35; Paper, \$2.75

IN SEARCH OF WONDER, by Damon Knight, with introduction by Anthony Boucher. The revised and enlarged Second Edition has about fifty per cent more material than the famous first edition of this unique critical study of science fiction. Damon Knight works on the principle that science fiction is a form of literature which needs no apologies and no special dispensations: it can and should be judged by the same high standards that apply to all literature. His incisive and knowledgeable criticism covers the field brilliantly, from "Classics" to "Chuckleheads." Judith Merrill describes the book as "A vital addition to any reference shelf," and "fascinating, if frequently infuriating, reading." Illustrated by J. L. Patterson. [320 pp., 1967] Cloth, \$6.35; Paper, \$2.75

THE PROCEEDINGS: 20th World Science Fiction Convention, edited by Earl Kemp. Complete transcript of all the speeches and discussions on the program of the 1962 convention in Chicago, with many behind-the-scenes highlights. Heavily illustrated. [208 pp., 1963] Paper, \$2.15

THE PROCEEDINGS: 21st World Science Fiction Convention, edited by Richard Eney. The complete transcript of the program of the 1963 convention in Washington, D.C., with behind-the-scenes highlights and the new constitution. Photos by Klein. [191 pp., 1965] Paper, \$2.15

A REQUIEM FOR ASTOUNDING, by Alva Rogers, with editorial comments by Harry Bates, F. Orlin Tremaine, and John W. Campbell. This nostalgic history of *Astounding Science Fiction*—from its birth in 1930 to its metamorphosis into *Analog* in 1960—is a loving but penetrating analysis of the pulp era in all its garish glory. Many *Astounding* cover and interior illustrations. [250 pp., 1964] Cloth, \$6.35; Paper, \$2.75

THE ISSUE AT HAND, by William Atheling, Jr. Edited and introduced by James Blish. From 1952 to 1963, Atheling's acidulous typewriter turned out the most penetrating critical studies of contemporary American science fiction magazines. These essays have been collected and revised to form practically a handbook on the essentials of good science fiction writing and editing. Atheling's sure dissection spares no one, not even his alter ego James Blish. From Anderson to Heinlein to Zirul, authors and editors come under the microscope for skilled analyses of their successes and sins. [136 pp., 1964] Cloth, \$5.45; Paper, \$2.15

STOCKS OF ALL TITLES WILL BE HELD BY US. THE MAXIMUM DELAY ON SUPPLYING ANY TITLES TEMPORARILY OUT OF STOCK WILL BE EIGHT WEEKS.
