NOS FAN

2 NOSFAN is the official Organ of the New Orleans Science Fiction Association. 2  
(NOSFA) This publication is produced by the information offices of NOSFA  
for the members of NOSFA and its friends. This is the May-June issue.

Editor (Official) Donald D. Markstein

Associate Editor (in charge of all ego-boo, decisions, work etc.) Dean Sweatman

Distributions editor Craig Shukas

This issue of NOSFAN features a cover by member: //A/7/2/

Club News (late items)

Dany and Mary were married at the home of the grocums parents in Chalmette Louisiana. Most of NOSFA was invited and nearly took over the reception afterwards. We wish them the best.

Carolyn Dilworth has moved to Austin, Texas. We all hope that she will find what she is looking for in those new surroundings.

Lynne Nelson was made Louisiana chairman for the Southern Fandom Fan club that Glen Brok and Janie Lamb are working on.

Rick Norwood is now working on the 11 issue of NOLA-Zine and vows that it will be out before the end of the summer.

Plans for buying a Mimeo for the club by a few of the members may materialize in the near future. The shares of the machine may run as high as \$2.00 a share. Anyone interested in buying a few shares please contact Rick Norwood.

oooo

This is NOSFAN Volume #3 number 2 whole number 8 June , 1970

This issue of NOSFAN is dedicated to the four Fem-fans that have been close to my heart and to one very lovely young lady, who has brought a lot of joy and entertainment into a once very lonely life.

This issue of NOSFAN is the last one before the elections of officers in July, and all is quite on the western front. As yet Don Walsh is the onlymember that has announced that he will be running for office and as yet he has no oppenate. I have heard roumers that Rick Norwood may go up against Don for the office of President of NOSFA but as yet he has not given any-offical word. Pete Bezbak may be running for Sec. this time around, and Craig Shukas may comback to handel the club's money as Treasurer. It will be interesting to see what happenes in the next few weeks.

I will cover the election in the next issue of NOSFAN.

Also be you reminded that the new Consitution will come up for a vote in the near future. We should be hearing from Mr Mulé fairly soom.

My quite fears like phantoms rise,  
To peirce the cilence of my eyes.  
And howl the spinning orbit down  
With brilliant bursts of ghostly sound.

NOSFAn is *indeed* the official Organ of the New Orleans Science Fiction Association. It is *indeed* produced by the information offices of NOSFA for the members of NOSFA and its friends. However, time has passed since the preceding page was enstencilled, so this issue must count as the July-August issue.

Associate Editor, which I suppose means me, is now GUY LILLIAN. Letterhack and lover, entrepreneur and photographer. For news about my predecessor, see CLUB NEWS (Later Items) below.

Whether or not this issue of NOSFAn features a cover by Dany is a matter of whether or not Rick finds the stencil. If Sweatman gave it to Lawrence we may never see it. See Later Items below.

The most important thing that has happened to NOSFA lately is actually several things, all of which find stencil immortality below. We got together this month and had elections for the next year in a very important philosophical meeting of the club.

Demasiado. On to CLUB NEWS (Later Items). It will be additions and corrections to the previous meeting's NOSFA, and also to the preceding page.

Dany and Mary Frolich live in an apartment on St. Charles decorated with mint and Dany's latest artwork, which is as often as not displayed on Mary's forehead. She showed up at a NOSFA meet last week with such a decorative cranium that NOSFA completely freaked and voted her forehead half-secretary of the club. The rest of Mary was dragged along with it into the position, which she will share with Lawrence Zeilinger. God, I'm so far ahead of myself. Better try to catch up.

Carolyn Dilworth is now (sob) Carolyn Callahan. She married Wayne Callahan, a reluctant soldier at Fort Hood, Texas, and boyhood buddy of NOSFA profan Pat Adkins, sometime around the 20th of May, by a corny old judge in a ca. 1930's courthouse. She now lives in Killeen, Texas, which is near Fort Hood, and is doing fine. The Callahans came back to N.O. and NOSFA briefly at the end of June, and will try to make it here again before the summer is cut and I return to Berkeley. She found what she was looking for.

The eleventh issue of *NOLAZINE* is going "pretty good", but Rick is waiting for articles from Justin Winston and Guy Lillian, who sounds like a great human being. The latter article was originally going to be an article by Phil Dick's novels, then yawned to Harlan to be about a batch of his old manuscripts that turned up, and is now ready to be concerned with the coincidence of my 21st birthday with the first anniversary of the landing on the moon. I have a very silly review of a bad Dick novel in it already. I freaked at the Selektic.

The Mimeo referred to has been bought for something like \$160 by Dean and Rick Norwood. That's DEAN SWEATMAN and Rick Norwood. This NOSFAn has been produced on it. Aren't you glad?

The election coverage begins on the next page.

On June 13th Guy Lillian, myself and NOSFA's leftist representative from the great hippy University, Berkeley, arrived unscathed in New Orleans. His first words here were "Find me a girl."

NOSFAn, July-August 1970. Page Three. This ish by (Pg. One) Dean Sweatman, (Pages Two, Three) Guy Lillian, etc. etc.

*NEW NEWS* (what has gone before was old and corrections of the old)

Dean Sweatman, editor of the second and the last pages of this ish (sorry, this) has been drafted. He went off to basic target training (that's what's known as typing your way around a type) at Fort Polk, which is someplace (weassume) in the United States. No way to get around *that*. Anyway, good luck, Dean, I certainly do want to buy comics, and keep NOSFA posted as to where you are.

ELECTION RESAULTS or rather ELECTION RESULTS

NOSFA held its election meeting at Rick Norwood's apartment on July 11th. There wasn't a bad attendance but the perenially absent members were sorely missed. Justin, where are you?

Anyway, our officers were elected, and here they are.

*PRESIDENT: Rick Norwood*

Rick was one of my boyhood idols as a letterhack. He had an LoC published in *GREEN LANTERN* #1 and *FANTASTIC FOUR* #3. I had to wait thirty issues to get in either of those fine publications.

*VICE PRESIDENT: Pete Bezbach*

Pete plays poker along with the best of them, which, naturally enough, includes me.

*SECRETARY: Mary Frolich and Lawrence Zeilinger*

The reason we have TWO secretaries is that Lawrence will be absent all summer long. See down below. Lawrence sold me the only sopy of R.A. Lafferty's *Nine Hundred Grandmothers* last night. He made a nickel's profit out of it.

*TREASURER: Craig Shukas*

The mini-mountain had quite a serious bit to say at the meeting at which he was re-elected about getting the club to work again. Since the Marriott barfed out, alas, we have been pretty directionless, he said . . . and some excellent people have defiated (oh, a horrid unword). No, no, should now get them back, and get ourselves going once again. DSC, here we come, as the best fan organization in the South.

\*\*\*\*\*

Rick and Lynne Nelson (I did it again) will soon become Rick and Lynne Norwood. Next May, something like that. They have plans to move to California where Rick, now a LSUNO Lecturer, will go for his phud (Ph.D.) in Math at UCR (Riverside) at which he got his Masters'. Will hunt, serach, pick for a house proper for collections and kids and such. And ANIMALS, says Lynne.

Lawrence Zeilinger is going to Europe this summer to accompany his father, who is some sort of expert in child something. Actually, a child psychologist, and part of the trip will be an excursion to Washington to give the word in a personal meeting to Dickie Poo along with other members of the field. Let him have it, Lawrence's father. And have a good trip.

At this time the editor and workers of NOSFAN would like to express their thanks to Mr Perry A Chapdelaine for his kind use of the articles that have appeared in this magazine. Perry has found that these will be the last that he will be allowing us to print at this time and most justifiable so. I (Dean Sweatman) have had the intentions of publishing a genzine over the past couple of years and Perry was one of the professional authors that I coned into submitting material. For some number of reasons I never was able to get off the ground and finally he has asked that all manuscripts that I have be returned. I only hope that he will find time to forgive my father nebbish acts of the past and will again find time to contribute to NOSFAN.
