Project Art Show - page four

Well, there it is; thoroughly messed up, but an address list, anyway. If you have any new addresses, changes, or any new artists and interested parties to add to the list, please let me know. Later we can put the whole thing in alphabetical order (a job for one of you orderly types) and list just who is the artist and who is the interested bystander who is offering encouragement, prizes, and moral support. PLEASE help fill out this address list with talent and interest.

You who have not sent me info about yourself (age, hobbies, interests, art schooling, fanish history, etc.) please do so. I want both artists and others; and hope to have something on the order of a sort of "catlog" of artists ready for Seacon. If I get enuf co-operation. I already have info on some of you (remember the green questionnaires?) and would appreciate filling out the roster.

If you know of anyone who is interested in Project Art Show; either as an artist or a "patron of the arts", send their name and address to me. You fanzine editors who have contributin artists on your list that aren't listed here; please send their names and addresses so I can send them a copy of PAs-tell and invite them into the show. There is too much talent running around for me to keep tabs on it all. And many thanks to the editors who send me addresses as a matter offcourse, you have saved me time and a postcard asking you about it. As you all should know, age and training have nothing to do with ability or qualifications to enter the art show.

Overseas fans are most sincerely requested to encourage fan-artists to join the show, and to contribute their talents to this project. Everyone is invited; and we would be most happy to see this show become "international" by having foreign art to display.

YOUR interest is most important, whether you are an artist or not!
